29.(1) The FSC must establish appropriate arrangements for the reporting of infringements and potential infringements to it by any person.

(2) The arrangements established under subsection (1) must include—

- (a) secure communication channels for the reporting of infringements;
- (b) specific procedures for the receipt and investigation of reported infringements; and
- (c) arrangements which accord with the Data Protection Act 2004 for the protection of the personal data of an individual who reports an infringement and any individual who is allegedly responsible for an infringement.

(3) The FSC must treat information about the identity of a person who reports an infringement as confidential, except where its disclosure is necessary for the purpose of any further investigations or subsequent judicial proceedings.

(4) Employers who conduct regulated financial services activities (“financial services firms”) must establish appropriate internal procedures for their employees to report infringements.

(5) An employee of a financial services firm who reports an infringement in accordance with arrangements established under subsection (1) or (4)—

- (a) is not to be considered to be in breach of any restriction on disclosure of information imposed by contract or by any law and any provision in an agreement is void in so far as it purports to preclude an employee from reporting an infringement; and

- (b) has the right not to be subjected to any detriment by any act, or any deliberate failure to act, by his or her employer done on the ground that the employee has reported an infringement.

(6) An employee who has been subjected to a detriment contrary to subsection (5)(b) may present a complaint to the Employment Tribunal as if the reporting of an infringement was a protected disclosure within the meaning of Part IVA of the Employment Act.

(7) The Schedule, which transposes Commission Implementing Directive (EU) 2015/2392, makes further provision in respect of the reporting of infringements and related matters.

Warning notices.

30.(1) Before taking action under sections 22 to 27 in respect of an infringement, the FSC must give the person concerned a warning notice, stating the action proposed and the reasons for it.

(2) Subsection (1) does not apply if the FSC is satisfied that a warning notice—

- (a) cannot be given because of urgency;
- (b) should not be given because of the risk that steps would be taken to undermine the effectiveness of the action to be taken; or
- (c) is superfluous having regard to the need to give notice of legal proceedings or for some other reason.

(3) A warning notice—

- (a) must give the recipient not less than 14 days to make representations; and
- (b) must specify a period within which the recipient may decide whether to make oral representations.

(4) The period for making representations may be extended by the FSC.

Decision notices.

31.(1) This section applies where the FSC has—

- (a) issued a warning notice; or

(b) dispensed with the requirement to do so under section 30(2).

(2) After considering any representations made in accordance with section 30, the FSC must issue—

- (a) a decision notice stating that the FSC will take the action specified in the warning notice;
- (b) a discontinuance notice stating that the FSC does not propose to take that action; or
- (c) a combined notice consisting of a decision notice stating that the FSC will take certain action specified in the warning notice and a discontinuance notice in respect of the remaining action.

(3) A decision notice takes effect, and the specified action may be taken—

- (a) at the end of the period for bringing an appeal if no appeal is brought; or
- (b) when any appeal is finally determined or withdrawn.

Interim orders.

32. The FSC may apply to the Supreme Court for permission to take action under this Part where a decision notice has been given and has not yet taken effect (whether or not a warning notice has been given).

Appeals.

33.(1) The person on whom a decision notice is served may appeal to the Supreme Court.

(2) An appeal must be brought within the period of 28 days beginning with the date of the decision notice.

Publication of enforcement action.

34.(1) This section applies where the FSC has taken action under sections 22 to 27 in respect of an infringement (other than measures of an investigatory nature).

(2) The FSC must publish on its official website details of any action taken in respect of a person under those sections without undue delay after that person is informed of that action.

(3) The information published under subsection (2) must include at least—

- (a) the type and nature of the infringement; and
 - (b) the identity of the individual or legal person responsible for it.
- (4) The FSC must take one of the steps in subsection (5) where–
- (a) following an obligatory prior assessment, it considers that it would be disproportionate to publish in accordance with subsection (2)–
 - (i) the identity of the legal person involved; or
 - (ii) the personal data of the individual involved; or
 - (b) it considers that publication in accordance with that subsection would jeopardise the stability of financial markets or an ongoing investigation.
- (5) Those steps are–
- (a) to defer publication until the reasons for non-publication cease to exist;
 - (b) to publish the decision on an anonymous basis if doing so ensures effective protection of the personal data concerned; or
 - (c) not to publish the decision if the steps in paragraphs (a) and (b) are considered to be insufficient to ensure–
 - (i) that the stability of the financial markets would not be put in jeopardy; or
 - (ii) the proportionality of the publication of such decisions with regard to measures which are deemed to be of a minor nature.
- (6) In the case of a decision to publish on an anonymous basis, the publication of the relevant data may be postponed for a reasonable period of time if it is envisaged that within that period the reasons for anonymous publication shall cease to exist.
- (7) Where a decision to which this section applies is subject to an appeal, the FSC must publish information to that effect on its website and, without undue delay, revise that information to reflect the status and outcome of any appeal.

(8) The FSC must ensure that any publication in accordance with this section is of proportionate duration and remains on its website for a minimum of five years, but that personal data is only retained on the website for so long as is necessary, in accordance with the Data Protection Act 2004.

Dedicated communication channels.

5.(1) The FSC must establish communication channels which are independent, autonomous, secure and ensure confidentiality, for receiving and following-up infringement reports (“dedicated communication channels”).

(2) The FSC must promptly acknowledge the receipt of a written infringement report, to the postal or electronic address provided by the reporting person, except where—

(3) Where a recorded telephone line is used for receiving infringement reports, the FSC may record those reports by means of—

- (a) an audio recording of the conversation in a durable and retrievable form; or
- (b) a complete and accurate transcript of the conversation prepared by a dedicated staff member.

Data transmission.

8.(1) The FSC must have adequate arrangements for transmitting, both within and outside of the FSC, the personal data of reporting persons and reported persons.

(2) The FSC must ensure that the transmission of data related to an infringement report does not–

- (a) disclose the identity of the reporting person or reported person, whether directly or indirectly; or
- (b) refer to circumstances that would allow the identity of the reporting person or reported person to be deduced.

(3) Sub-paragraph (2) does not apply to a transmission made in accordance with the confidentiality regime referred to in paragraph 4(1)(d).

Protection of employed persons.

9.(1) The FSC must establish arrangements for the effective exchange of information and cooperation in respect of whistle-blower protection between the FSC and–
