

# COMMISSION REGULATION (EU) No 1254/2009

of 18 December 2009

**setting criteria to allow derogate from the basic standards on civil aviation security and to adopt alternative security measures**

**(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on European Union and to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 300/2008 of the European Parliament and of the Council of 11 March 2008 on common rules in the field of civil aviation security and repealing Regulation (EC) No 2320/2002, and in particular Article 4(4) thereof,

Whereas:

- (1) The criteria should be set to allow Member States to derogate from the common basic standards on civil aviation security and to adopt alternative security measures that provide an adequate level of protection on the basis of a (local) risk assessment. Such alternative measures should be justified by reasons relating to the size of the aircraft, or by reasons relating to the nature, scale or frequency of operations or of other relevant activities. Therefore, the criteria to be set should be also justified by these reasons.
- (2) In accordance with Article 24 of Regulation (EC) No 300/2008, the Annex to the said Regulation shall apply as from the date to be specified in the implementing rules, but not later than 24 months after the entry into force of Regulation (EC) No 300/2008. Therefore, the application of the criteria adopted pursuant to Article 4(4) of Regulation (EC) No 300/2008 should be deferred until the adoption of implementing rules pursuant to Article 4(3), but not later than 29 April 2010.
- (3) The measures provided for in this Regulation are in accordance with the opinion of the Committee on Civil Aviation Security,

HAS ADOPTED THIS REGULATION:

## *Article 1*

The appropriate authority may derogate from the basic standards referred to in Article 4(1) of Regulation (EC) No 300/2008 and adopt alternative security measures that provide an adequate level of protection on the basis of a local risk assessment approved by the appropriate authority at airports or demarcated areas of airports where traffic is limited to one or more of the following categories:

- (1) aircraft with a maximum take-off weight of less than 15 000 kilograms;
- (2) helicopters;
- (3) state, military and law enforcement flights;
- (4) law enforcement flights;
- (5) fire suppression flights;
- (6) flights for medical services, emergency or rescue services;
- (7) research and development flights;
- (8) flights for aerial work;

- (9) humanitarian aid flights;
- (10) flights with aircraft with a maximum take-off weight of less than 45 500 kilograms, owned by a company for the carriage of own staff and non-fare-paying passengers and goods as an aid to the conduct of company business;
- (11) flights with aircraft with a maximum take-off weight of less than 45 500 kilograms, chartered or leased in its entirety by a company from an aircraft operator with which it has a written agreement for the carriage of own staff and non-fare-paying passengers and goods as an aid to the conduct of company business;
- (12) flights with aircraft with a maximum take-off weight of less than 45 500 kilograms, for the carriage of the owner of the aircraft and of non-fare-paying passengers and goods.

For flights covered under points 10, 11 and 12, but with a maximum take-off weight of 45 500 kilograms or more, the appropriate authority may in exceptional cases, and based on a risk assessment for each individual case, derogate from the weight limitation laid down in these categories.

## *Article 2*

This Regulation shall enter into force on the 20th day following its publication in the Official Journal of the European Union.

It shall apply as from the date specified in the implementing rules adopted in accordance with the procedure referred to in Article 4(3) of Regulation (EC) No 300/2008, but no later than 29 April 2010.
