insofar as such use would not frustrate the purposes of the Agreement.

(3) Subject to subregulations (1) and (2) of this regulation, in these regulations–

“Account Holder” means the person listed or identified as the holder of a Financial Account by the Financial Institution that maintains the account. A person, other than a Financial Institution, holding a Financial Account for the benefit or account of another person as agent, custodian, nominee, signatory, investment adviser, or intermediary, is not treated as holding the account for the purposes of this Agreement, and such other person is treated as holding the account. In the case of a Cash Value Insurance Contract or an Annuity Contract, the Account Holder is any person entitled to access the Cash Value or change the beneficiary of the contract. If no person can access the Cash Value or change the beneficiary, the Account Holder is any person named as the owner in the contract and any person with a vested entitlement to payment under the terms of the contract. Upon the maturity of a Cash Value Insurance Contract or an Annuity Contract, each person entitled to receive a payment under the contract is treated as an Account Holder.

“Agreement” means the Agreement between the Government of the United States of America and the Government of Gibraltar to Improve International Tax Compliance, signed on 8 May 2014.

“Annuity Contract” means a contract under which the issuer agrees to make payments for a period of time determined in whole or in part by reference to the life expectancy of one or more individuals. The term also includes a contract that is considered to be an Annuity Contract in accordance with the law, regulation, or practice of the jurisdiction in which the contract was issued, and under which the issuer agrees to make payments for a term of years.

“Authority” means the Chief Secretary or such other official as may be appointed by the Minister pursuant to regulation 6.

“Cash Value” means the greater of (i) the amount that the policyholder is entitled to receive upon surrender or termination of the contract (determined without reduction for any surrender charge or policy loan), and (ii) the amount the policyholder can

borrow under or with regard to the contract. Notwithstanding the foregoing, the term “Cash Value” does not include an amount payable under an Insurance Contract as–

- (1) a personal injury or sickness benefit or other benefit providing indemnification of an economic loss incurred upon the occurrence of the event insured against;
- (2) a refund to the policyholder of a previously paid premium under an Insurance Contract (other than under a life insurance contract) due to policy cancellation or termination, decrease in risk exposure during the effective period of the Insurance Contract, or arising from a redetermination of the premium due to correction of posting or other similar error; or
- (3) a policyholder dividend based upon the underwriting experience of the contract or group involved.

“Cash Value Insurance Contract” means an Insurance Contract (other than an indemnity reinsurance contract between two insurance companies) that has a Cash Value greater than \$50,000.

In the case of a trust, such term means the settlor, the trustees, the protector (if any), the beneficiaries or class of beneficiaries actually exercising ultimate effective control over the trust, and any other natural person actually exercising ultimate effective control over the trust, and in the case of a legal arrangement other than a trust, such term means persons in equivalent or similar positions. The term “Controlling Persons” shall be interpreted in a manner consistent with the Recommendations of the Financial Action Task Force.

“Custodial Account” means an account (other than an Insurance Contract or Annuity Contract) for the benefit of another person that holds any financial instrument or contract held for investment (including, but not limited to, a share or stock in a corporation, a note, bond, debenture, or other evidence of indebtedness, a currency or commodity transaction, a credit default swap, a swap based upon a nonfinancial index, a notional principal contract, an Insurance Contract or Annuity Contract, and any option or other derivative instrument).

“Custodial Institution” means any Entity that holds, as a substantial portion of its business, financial assets for the account of others. An Entity holds financial assets for the account of others as a substantial portion of its business if the Entity’s gross income attributable to the holding of financial assets and related financial services equals or exceeds 20 percent of the Entity’s gross income during the shorter of–

- (ii) the period during which the Entity has been in existence.

“Depository Account” includes any commercial, chequing, savings, time, or thrift account, or an account that is evidenced by a certificate of deposit, thrift certificate, investment certificate, certificate of indebtedness, or other similar instrument maintained by a Financial Institution in the ordinary course of a banking or similar business. “Equity Interest” means, in the case of a partnership that is a Financial Institution, either a capital or profits interest in the partnership. In the case of a trust that is a Financial Institution, an Equity Interest is considered to be held by any person treated as a settlor or beneficiary of all or a portion of the trust, or any other natural person exercising ultimate effective control over the trust.  - (ii) the class of interests was established with a purpose of avoiding reporting in accordance with these Regulations;

and,

- (3) any Cash Value Insurance Contract and any Annuity Contract issued or maintained by a Financial Institution, other than a noninvestment-linked, non-transferable immediate life annuity that is issued to an individual and monetises a pension or disability benefit provided under an account, product, or arrangement that is excluded from the definition of Financial Account in Schedule 2.

Notwithstanding the foregoing, the term “Financial Account” does not include any account, product, or arrangement that is excluded from the definition of Financial Account in Schedule 2.

For purposes of these Regulations, interests are “regularly traded” if there is a meaningful volume of trading with respect to the interests on an ongoing basis, and an “established securities market” means an exchange that is officially recognised and supervised by a governmental authority in which the market is located and that has a meaningful annual value of shares traded on the exchange.

For purposes of these Regulations, an interest in a Financial Institution is not “regularly traded” and shall be treated as a Financial Account if the holder of the interest (other than a Financial Institution acting as an intermediary) is registered on the books of such Financial Institution. The preceding sentence will not apply to interests first registered on the books of such Financial Institution prior to July 1, 2014, and with respect to interests first registered on the books of such Financial Institution on or after July 1, 2014, a Financial Institution is not required to apply the preceding sentence prior to January 1, 2016.

SCHEDULE 1

Regulation 8.

**DUE DILIGENCE OBLIGATIONS FOR IDENTIFYING AND REPORTING ON
REPORTABLE ACCOUNTS**

I. General

A. Pursuant to regulation 8 a Financial Institution shall apply the due diligence procedures contained in this Schedule to identify Reportable Accounts and accounts held by Nonparticipating Financial Institutions.

B. For purposes of this Schedule—

1. All dollar amounts are US dollars and shall be read to include the equivalent in other currencies.
2. Except as otherwise provided herein, the balance or value of an account shall be determined as of the last day of the calendar year or other appropriate reporting period.
3. Where a balance or value threshold is to be determined as of 30 June 2014 under this Schedule, the relevant balance or value shall be determined as of the last day of the reporting period ending immediately before 30 June 2014, and where a balance or value threshold is to be determined as of the last day of a calendar year under this Schedule, the relevant balance or value shall be determined as of the last day of the calendar year or other appropriate reporting period.
4. Subject to subparagraph E.1. of section II of this Schedule, an account shall be treated as a Reportable Account beginning as of the date it is identified as such pursuant to the due diligence procedures in this Schedule.
5. Unless otherwise provided, information with respect to a Reportable Account shall be reported annually in the calendar year following the year to which the information relates.

C. As an alternative to the procedures described in this Schedule a Reporting Financial Institution may apply the procedures described in the relevant U.S. Treasury Regulations, to

2015/134 **International Co-Operation (Improvement of
International Tax Compliance) (United States)
Regulations 2015**

establish whether an account is a Reportable Account or an account held by a Nonparticipating Financial institution. A Financial Institution may make such an election separately for each section of this Schedule either with respect to all relevant Financial Accounts or, separately, with respect to any clearly identified group of such accounts (such as by line of business or the location of where the account is maintained).

II. Pre-existing Individual Accounts

The following rules and procedures apply for identifying Reportable Accounts among Pre-existing Accounts held by individuals (“Pre-existing Individual Accounts”).

A. Accounts Not Required to Be Reviewed, Identified or Reported. Unless the Reporting Financial Institution elects otherwise, either with respect to all Pre-existing Individual Accounts or, separately, with respect to any clearly identified group of such accounts the following accounts are not required to be reviewed, identified, or reported as Reportable Accounts—

1. Subject to subparagraph E.2. of this section, Pre-existing Individual Accounts with a balance or value that does not exceed \$50,000 as of 30 June 2014.
2. Subject to subparagraph E.2. of this section, Pre-existing Individual Accounts that are Cash Value Insurance Contracts or Annuity Contracts with a balance or value of \$250,000 or less as of 30 June 2014.
3. A Pre-existing Individual Account that is a Cash Value Insurance Contract or an Annuity Contract, provided the law or regulations of Gibraltar or the United States effectively prevent the sale of such a Cash Value Insurance Contract or an Annuity Contract to U.S. residents (e.g., if the relevant Financial Institution does not have the required registration under U.S. law, and the law of Gibraltar requires reporting or withholding with respect to insurance products held by residents of Gibraltar).
4. Any Depository Account with a balance or value of \$50,000 or less.

B. Review Procedures for Pre-existing Individual Accounts With a Balance or Value as of 30 June 2014, that Exceeds \$50,000 (\$250,000 for a Cash Value Insurance Contract or Annuity Contract), But Does Not Exceed \$1,000,000 (“Lower Value Accounts”).

1. **Electronic Record Search.** A Reporting Financial Institution must review electronically searchable data maintained by it for any of the following U.S. indicia—

- a) Identification of the Account Holder as a U.S. citizen or resident;
- b) Unambiguous indication of a U.S. place of birth;
- c) Current U.S. mailing or residence address (including a U.S. post office box);
- d) Current U.S. telephone number;
- e) Standing instructions to transfer funds to an account maintained in the United States;
- f) Currently effective power of attorney or signatory authority granted to a person with a U.S. address; or
- g) An “in-care-of” or “hold mail” address that is the *sole* address the Reporting Financial Institution has on file for the Account Holder. In the case of a Pre-existing Individual Account that is a Lower Value Account, an “in-care-of” address outside the United States or “hold mail” address shall not be treated as U.S. indicia.

2. If none of the U.S. indicia listed in subparagraph B.1. of this section are discovered in the electronic search, then no further action is required until there is a change in circumstances that results in one or more U.S. indicia being associated with the account, or the account becomes a High Value Account described in paragraph D of this section.

3. If any of the U.S. indicia listed in subparagraph B(1) of this section are discovered in the electronic search, or if there is a change in circumstances that results in one or more U.S. indicia being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account unless it elects to apply subparagraph B(4) of this section and one of the exceptions in such subparagraph applies with respect to that account.

4. Notwithstanding a finding of U.S. indicia under subparagraph B.1. of this section, a Reporting Financial Institution is not required to treat an account as a Reportable Account if—

- a) Where the Account Holder information unambiguously indicates a U.S. place of birth, the Reporting Financial Institution obtains, or has previously reviewed and maintains a record of—

2009-50 International Co-Operation (Tax Information)

2015/134 **International Co-Operation (Improvement of
International Tax Compliance) (United States)
Regulations 2015**

- (1) A self-certification that the Account Holder is neither a U.S. citizen nor a U.S. resident for tax purposes (which may be on an IRS Form W-8 or other similar agreed form);
 - (2) A non-U.S. passport or other government-issued identification evidencing the Account Holder's citizenship or nationality in a country other than the United States; and
 - (3) A copy of the Account Holder's Certificate of Loss of Nationality of the United States or a reasonable explanation of:
 - (a) The reason the Account Holder does not have such a certificate despite relinquishing U.S. citizenship; or
 - (b) The reason the Account Holder did not obtain U.S. citizenship at birth.
- b) Where the Account Holder information contains a current U.S. mailing or residence address, or one or more U.S. telephone numbers that are the only telephone numbers associated with the account, the Reporting Financial Institution obtains, or has previously reviewed and maintains a record of—
- (1) A self-certification that the Account Holder is neither a U.S. citizen nor a U.S. resident for tax purposes (which may be on an IRS Form W-8 or other similar agreed form); and
 - (2) Documentary evidence, as defined in paragraph D of section VI of this Schedule, establishing the Account Holder's non-U.S. status.
- c) Where the Account Holder information contains standing instructions to transfer funds to an account maintained in the United States, the Reporting Financial Institution obtains, or has previously reviewed and maintains a record of:
- (1) A self-certification that the Account Holder is neither a U.S. citizen nor a U.S. resident for tax purposes (which may be on an IRS Form W-8 or other similar agreed form); and
 - (2) Documentary evidence, as defined in paragraph D of section VI of this Annex I, establishing the Account Holder's non-U.S. status.
- d) Where the Account Holder information contains a currently effective power of attorney or signatory authority granted to a person with a U.S. address, has an "in-

care-of” address or “hold mail” address that is the sole address identified for the Account Holder, or has one or more U.S. telephone numbers (if a non-U.S. telephone number is also associated with the account), the Reporting Financial Institution obtains, or has previously reviewed and maintains a record of:

- (1) A self-certification that the Account Holder is neither a U.S. citizen nor a U.S. resident for tax purposes (which may be on an IRS Form W-8 or other similar agreed form); or
- (2) Documentary evidence, as defined in paragraph D of section VI of this Schedule, establishing the Account Holder’s non-U.S. status.

C. Additional Procedures Applicable to Pre-existing Individual Accounts That Are Lower Value Accounts.

1. Review of Pre-existing Individual Accounts that are Lower Value Accounts for U.S. indicia must be completed by 30 June 2016.

2. If there is a change of circumstances with respect to a Pre-existing Individual Account that is a Lower Value Account that results in one or more indicia described in subparagraph B.1. of this section being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account unless subparagraph B.4. of this section applies.

3. Except for Depository Accounts described in subparagraph A.4 of this section, any Pre-existing Individual Account that has been identified as a Reportable Account under this section shall be treated as a Reportable Account in all subsequent years, unless the Account Holder ceases to be a Specified Person.

D. Enhanced Review Procedures for Pre-existing Individual Accounts With a Balance or Value That Exceeds \$1,000,000 as of 30 June 2014, or 31 December of 2015 or Any Subsequent Year (“High Value Accounts”).

1. **Electronic Record Search.** The Reporting Financial Institution must review electronically searchable data maintained by them for any of the indicia described in subparagraph B.1. of this section.

2. **Paper Record Search.** If the Reporting Financial Institution’s electronically searchable databases include fields for and capture all of the information described in subparagraph D.3. of this section, then no further paper record search is required. If the

2009-50 International Co-Operation (Tax Information)

2015/134 International Co-Operation (Improvement of
International Tax Compliance) (United States)
Regulations 2015

electronic databases do not capture all of this information, then with respect to High Value Accounts, the Reporting Financial Institution must also review the current customer master file and, to the extent not contained in the current customer master file, the following documents associated with the account and obtained by the Reporting Financial Institution within the last five years for any of the U.S. indicia described in subparagraph B.1. of this section—

- (a) the most recent documentary evidence collected with respect to the account;
- (b) the most recent account opening contract or documentation;
- (c) the most recent documentation obtained by the Reporting Financial Institution pursuant to AML/KYC Procedures or for other regulatory purposes;
- (d) any power of attorney or signature authority forms currently in effect; and
- (e) any standing instructions to transfer funds currently in effect.

3. **Exception Where Databases Contain Sufficient Information.** A Reporting Financial Institution is not required to perform the paper record search described in subparagraph D.2. of this section if the Reporting Financial Institution’s electronically searchable information includes the following—

- a) The Account Holder’s nationality or residence status;
- b) The Account Holder’s residence address and mailing address currently on file with the Reporting Financial Institution;
- c) The Account Holder’s telephone number(s) currently on file, if any, with the Reporting Financial Institution;
- d) Whether there are standing instructions to transfer funds in the account to another account (including an account at another branch of the Reporting Financial Institution or another Financial Institution);
- e) Whether there is a current “in-care-of” address or “hold mail” address for the Account Holder; and
- f) Whether there is any power of attorney or signatory authority for the account.

4. **Relationship Manager Inquiry for Actual Knowledge.** In addition to the electronic and paper record searches described above, the Reporting Financial Institution must treat as Reportable Accounts any High Value Accounts assigned to a relationship manager (including any Financial Accounts aggregated with such account) if the relationship manager has actual knowledge that the Account Holder is a Specified Person.

5. **Effect of Finding U.S. Indicia.**

- (a) If none of the U.S. indicia listed in subparagraph B.1. of this section are discovered in the enhanced review of High Value Accounts described above, and the account is not identified as held by a Specified Person in subparagraph D.4. of this section, then no further action is required until there is a change in circumstances that results in one or more U.S. indicia being associated with the account.
- (b) If any of the U.S. indicia listed in subparagraph B.1. of this section are discovered in the enhanced review of High Value Accounts described above, or if there is a subsequent change in circumstances that results in one or more U.S. indicia being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account unless it elects to apply subparagraph B.4. of this section and one or more of the exceptions in that subparagraph applies with respect to that account.
- (c) Except for Depository Accounts described in subparagraph A.4. of this section, any Pre-existing Individual Account that has been identified as a Reportable Account under this section shall be treated as a Reportable Account in all subsequent years, unless the Account Holder ceases to be a Specified Person.

E. **Additional Procedures Applicable to High Value Accounts.**

1. If a Pre-existing Individual Account is a High Value Account as of 30 June 2014, the Reporting Financial Institution must complete the enhanced review procedures described in paragraph D of this section with respect to such account by 01 September 2015. If based on this review such account was identified as a Reportable Account on or before 31 December 2014, the Reporting Financial Institution must report the required information about such account with respect to 2014 in the first report on the Account and on an annual basis thereafter. In the case of an account identified as a Reportable Account after 31 December 2014 and on or before 01 September 2015, the Reporting Financial Institution is not required to report information about such account with respect to 2014, but must report information about the account on an annual basis thereafter.

2009-50 International Co-Operation (Tax Information)

2015/134 International Co-Operation (Improvement of International Tax Compliance) (United States) Regulations 2015

2. If a Pre-existing Individual Account is not a High Value Account as of 30 June 2014, but becomes a High Value Account as of 31 December 2015 or of any subsequent calendar year, the Reporting Financial Institution must complete the enhanced review procedures described in paragraph D of this section with respect to such account within six months after the last day of the calendar year in which the account becomes a High Value Account. If based on this review such account is identified as a Reportable Account, the Reporting Financial Institution must report the required information about such account with respect to the year in which it is identified as a Reportable Account and subsequent years on an annual basis, unless the Account Holder ceases to be a Specified Person.

3. Once a Reporting Financial Institution applies the enhanced review procedures described in paragraph D of this section to a High Value Account, the Reporting Financial Institution shall not be required to re-apply such procedures, other than the relationship manager inquiry in subparagraph D.4. of this section, to the same High Value Account in any subsequent year.

4. If there is a change of circumstances with respect to a High Value Account that results in one or more indicia described in subparagraph B.1. of this section being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account unless it elects to apply subparagraph B.4. of this section and one of the exceptions in that subparagraph applies with respect to that account.

5. A Reporting Financial Institution must implement procedures to ensure that a relationship manager identifies any change in circumstances of an account. For example, if a relationship manager is notified that the Account Holder has a new mailing address in the United States, the Reporting Financial Institution shall be required to treat the new address as a change in circumstances and shall be required to obtain the appropriate documentation from the Account Holder.

F. Pre-existing Individual Accounts That Have Been Documented for Certain Other Purposes.

A Reporting Financial Institution that has previously obtained documentation from an Account Holder to establish the Account Holder's status as neither a U.S. citizen nor a U.S. resident in order to meet its obligations under a qualified intermediary, withholding foreign partnership, or withholding foreign trust agreement with the IRS, or to fulfil its obligations under chapter 61 of Title 26 of the United States Code, is not required to perform the procedures described in subparagraph B.1 of this section with respect to Lower Value Accounts or subparagraphs D.1 through D.3 of this section with respect to High Value Accounts.

III. New Individual Accounts.

The following rules and procedures apply for identifying Reportable Accounts among accounts held by individuals and opened on or after 1 July 2014 (“New Individual Accounts”).

A. Accounts Not Required to Be Reviewed, Identified, or Reported.

Unless the Reporting Financial Institution elects otherwise, either with respect to all New Individual Accounts or, separately, with respect to any clearly identified group of such accounts, the following New Individual Accounts are not required to be reviewed, identified, or reported as U.S. Reportable Accounts—

1. A Depository Account unless the account balance exceeds \$50,000 at the end of any calendar year or other appropriate reporting period.
2. A Cash Value Insurance Contract unless the Cash Value exceeds \$50,000 at the end of any calendar year or other appropriate reporting period.

B. Other New Individual Accounts. With respect to New Individual Accounts not described in paragraph A of this section, upon account opening (or within 90 days after the end of the calendar year in which the account ceases to be described in paragraph A of this section), the Reporting Financial Institution must obtain a self-certification, which may be part of the account opening documentation, that allows the Reporting Financial Institution to determine whether the Account Holder is resident in the United States for tax purposes (for this purpose, a U.S. citizen is considered to be resident in the United States for tax purposes, even if the Account Holder is also a tax resident of another jurisdiction) and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures.

C. If the self-certification establishes that the Account Holder is resident in the United States for tax purposes, the Reporting Financial Institution must treat the account as a Reportable Account and obtain a self-certification that includes the Account Holder’s U.S. TIN (which may be an IRS Form W-9 or other similar agreed form).

D. If there is a change of circumstances with respect to a New Individual Account that causes the Reporting Financial Institution to know, or have reason to know, that the original self-certification is incorrect or unreliable, the Reporting Financial Institution cannot rely on the original self-certification and must obtain a valid self-certification that establishes whether the Account Holder is a U.S. citizen or resident for U.S. tax purposes. If the Reporting Financial

2009-50 International Co-Operation (Tax Information)

2015/134 International Co-Operation (Improvement of International Tax Compliance) (United States) Regulations 2015

Institution is unable to obtain a valid self-certification, the Reporting Financial Institution must treat the account as a Reportable Account.

IV. Pre-existing Entity Accounts.

The following rules and procedures apply for purposes of identifying Reportable Accounts and accounts held by Nonparticipating Financial Institutions among Pre-existing Accounts held by Entities (“Pre-existing Entity Accounts”).

A. Entity Accounts Not Required to Be Reviewed, Identified, or Reported. Unless the Reporting Financial Institution elects otherwise, either with respect to all Pre-existing Entity Accounts or, separately, with respect to any clearly identified group of such accounts, where the implementing rules in the jurisdiction provide for such an election, Pre-existing Entity Accounts with account balances that do not exceed \$250,000 as of 30 June 2014, are not required to be reviewed, identified, or reported as Reportable Accounts until the account balance exceeds \$1,000,000.

B. Entity Accounts Subject to Review. A Pre-existing Entity Account that has an account balance or value that exceeds \$250,000 as of June 30, 2014, and a Pre-existing Entity Account that does not exceed \$250,000 as of June 30, 2014 but the account balance or value of which exceeds \$1,000,000 as of the last day of 2015 or any subsequent calendar year, must be reviewed in accordance with the procedures set forth in paragraph D of this section.

C. Entity Accounts With Respect to Which Reporting is Required. With respect to Pre-existing Entity Accounts described in paragraph B of this section, only accounts that are held by one or more Entities that are Specified Persons, or by Passive NFFEs with one or more Controlling Persons who are U.S. citizens or residents, shall be treated as Reportable Accounts. In addition, accounts held by Nonparticipating Financial Institutions shall be treated as accounts for which aggregate payments as described in subparagraph 1(b) of Article 4 of the Agreement are reported to the Authority.

D. Review Procedures for Identifying Entity Accounts With Respect to Which Reporting is Required. For Pre-existing Entity Accounts described in paragraph B of this section, the Reporting Financial Institution must apply the following review procedures to determine whether the account is held by one or more Specified Persons, by Passive NFFEs with one or more Controlling Persons who are U.S. citizens or residents, or by Nonparticipating Financial Institutions—

1. Determine Whether the Entity is a Specified Person.

- (a) a) Review information maintained for regulatory or customer relationship purposes (including information collected pursuant to AML/KYC Procedures) to determine whether the information indicates that the Account Holder is a U.S. Person. For this purpose, information indicating that the Account Holder is a U.S. Person includes a U.S. place of incorporation or organization, or a U.S. address.
- (b) If the information indicates that the Account Holder is a U.S. Person, the Reporting Financial Institution must treat the account as a Reportable Account unless it obtains a self-certification from the Account Holder (which may be on an IRS Form W-8 or W-9, or a similar agreed form), or reasonably determines based on information in its possession or that is publicly available, that the Account Holder is not a Specified Person.

2. Determine Whether a Non-U.S. Entity is a Financial Institution.

- (a) Review information maintained for regulatory or customer relationship purposes (including information collected pursuant to AML/KYC Procedures) to determine whether the information indicates that the Account Holder is a Financial Institution.
- (b) If the information indicates that the Account Holder is a Financial Institution, or the Reporting Financial Institution verifies the Account Holder's Global Intermediary Identification Number on the published IRS FFI list, then the account is not a Reportable Account.

3. Determine Whether a Financial Institution Is a Nonparticipating Financial Institution Payments to Which Are Subject to Aggregate Reporting Under Subparagraph 1(b) of Article 4 of the Agreement.

- (a) Subject to subparagraph D(3)(b) of this section, a Reporting Financial Institution may determine that the Account Holder is a Gibraltar Financial Institution or other Partner Jurisdiction Financial Institution if the Reporting Financial Institution reasonably determines that the Account Holder has such status on the basis of the Account Holder's Global Intermediary Identification Number on the published IRS FFI list or other information that is publicly available or in the possession of the Reporting Financial Institution, as applicable. In such case, no further review, identification, or reporting is required with respect to the account.
- (b) If the Account Holder is a Gibraltar Financial Institution or other Partner Jurisdiction Financial Institution treated by the IRS as a Nonparticipating Financial

2009-50 International Co-Operation (Tax Information)

2015/134 International Co-Operation (Improvement of International Tax Compliance) (United States) Regulations 2015

Institution, then the account is not a U.S. Reportable Account, but payments to the Account Holder must be reported as contemplated in subparagraph 1(b) of Article 4 of the Agreement.

(c) If the Account Holder is not a Gibraltar Financial Institution or other Partner Jurisdiction Financial Institution, then the Reporting Financial Institution must treat the Account Holder as a Nonparticipating Financial Institution payments to which are reportable under subparagraph 1(b) of Article 4 of the Agreement, unless the Reporting Financial Institution:

- (1) Obtains a self-certification (which may be on an IRS Form W-8 or similar agreed form) from the Account Holder that it is a certified deemed-compliant FFI, or an exempt beneficial owner, as those terms are defined in relevant U.S. Treasury Regulations; or
- (2) In the case of a participating FFI or registered deemed-compliant FFI, verifies the Account Holder's Global Intermediary Identification Number on the published IRS FFI list.

4. Determine Whether an Account Held by an NFFE Is a U.S. Reportable Account.

With respect to an Account Holder of a Pre-existing Entity Account that is not identified as either a U.S. Person or a Financial Institution, the Reporting Financial Institution must identify (i) whether the Account Holder has Controlling Persons, (ii) whether the Account Holder is a Passive NFFE, and (iii) whether any of the Controlling Persons of the Account Holder is a U.S. citizen or resident. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs D(4)(a) through D(4)(d) of this section in the order most appropriate under the circumstances.

- (a) For purposes of determining the Controlling Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.
- (b) For purposes of determining whether the Account Holder is a Passive NFFE, the Reporting Financial Institution must obtain a self-certification (which may be on an IRS Form W-8 or W-9, or on a similar agreed form) from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFFE.

- (c) For purposes of determining whether a Controlling Person of a Passive NFFE is a U.S. citizen or resident for tax purposes, a Reporting Financial Institution may rely on—
- (1) Information collected and maintained pursuant to AML/KYC Procedures in the case of a Pre-existing Entity Account held by one or more NFFEs with an account balance or value that does not exceed \$1,000,000; or
 - (2) A self-certification (which may be on an IRS Form W-8 or W-9, or on a similar agreed form) from the Account Holder or such Controlling Person in the case of a Pre-existing Entity Account held by one or more NFFEs with an account balance or value that exceeds \$1,000,000.
- (d) If any Controlling Person of a Passive NFFE is a U.S. citizen or resident, the account shall be treated as a U.S. Reportable Account.

E. Timing of Review and Additional Procedures Applicable to Pre-existing Entity Accounts.

1. Review of Pre-existing Entity Accounts with an account balance or value that exceeds \$250,000 as of June 30, 2014 must be completed by June 30, 2016.

2. Review of Pre-existing Entity Accounts with an account balance or value that does not exceed \$250,000 as of June 30, 2014, but exceeds \$1,000,000 as of December 31 of 2015 or any subsequent year, must be completed within six months after the last day of the calendar year in which the account balance or value exceeds \$1,000,000.

3. If there is a change of circumstances with respect to a Pre-existing Entity Account that causes the Reporting Financial Institution to know, or have reason to know, that the self-certification or other documentation associated with an account is incorrect or unreliable, the Reporting Financial Institution must re-determine the status of the account in accordance with the procedures set forth in paragraph D of this section.

V. New Entity Accounts.

The following rules and procedures apply for purposes of identifying Reportable Accounts and accounts held by Nonparticipating Financial Institutions among Financial Accounts held by Entities and opened on or after July 1, 2014 (“New Entity Accounts”).

A. Entity Accounts Not Required to Be Reviewed, Identified or Reported. Unless the Reporting Financial Institution elects otherwise, either with respect to all New

2009-50 International Co-Operation (Tax Information)

2015/134 International Co-Operation (Improvement of International Tax Compliance) (United States) Regulations 2015

Entity Accounts or, separately, with respect to any clearly identified group of such accounts, where these Regulations provide for such election, a credit card account or a revolving credit facility treated as a New Entity Account is not required to be reviewed, identified, or reported, provided that the Reporting Financial Institution maintaining such account implements policies and procedures to prevent an account balance owed to the Account Holder that exceeds \$50,000.

B. Other New Entity Accounts. With respect to New Entity Accounts not described in paragraph A of this section, the Reporting Financial Institution must determine whether the Account Holder is—

- (i) a Specified Person;
- (ii) a Financial Institution or other Partner Jurisdiction Financial Institution;
- (iii) a participating FFI, a deemed-compliant FFI, or an exempt beneficial owner, as those terms are defined in relevant U.S. Treasury Regulations; or
- (iv) an Active NFFE or Passive NFFE.

1. Subject to subparagraph B.2 of this section, a Reporting Financial Institution may determine that the Account Holder is an Active NFFE, a Financial Institution, or other Partner Jurisdiction Financial Institution if the Reporting Financial Institution reasonably determines that the Account Holder has such status on the basis of the Account Holder's Global Intermediary Identification Number or other information that is publicly available or in the possession of the Reporting Financial Institution, as applicable.

2. If the Account Holder is a Financial Institution or other Partner Jurisdiction Financial Institution treated by the IRS as a Nonparticipating Financial Institution, then the account is not a Reportable Account, but payments to the Account Holder must be reported as contemplated in subparagraph 1(b) of Article 4 of the Agreement.

3. In all other cases, a Reporting Financial Institution must obtain a self-certification from the Account Holder to establish the Account Holder's status. Based on the self-certification, the following rules apply—
