SCHEDULE 3.

Items the importation and exportation of which are restricted.

SCHEDULE 4.

Interpretation of Schedules 1 and 2.

AN ACT TO CONTROL THE IMPORT INTO, THE EXPORT FROM AND THE SALE IN GIBRALTAR OF ENDANGERED SPECIES.

Title and commencement.

1. This Act may be cited as the Endangered Species Act, 1990, and shall come into force on a date to be appointed by the Governor by notice in the Gazette and different dates may be so appointed for different purposes.

Restriction on the importation and exportation of certain animals and plants.

2.(1) Subject to subsection (2) the importation and the exportation of the following things are prohibited—

- (a) any animal or plant, whether alive or dead, of the species listed in the first and second Schedules to this Act, and any part of or products of such animals or plants together with the parts or products listed in the third Schedule;
- (b) any other goods which appear from—
 - (i) an accompanying document;
 - (ii) their packaging;
 - (iii) a mark or label; or
 - (iv) any other circumstances,
to be parts or derivatives of animals or plants listed in Schedules 1 or 2.

(2) Subsection (1) shall not apply to the importation or exportation of any thing under and in accordance with the terms of a licence issued by the Collector of Customs.

(3) A licence issued under subsection (2) may be—

- (a) to any degree general or specific;
- (b) expressed to be valid for such period as may be stated in the licence;
- (c) modified or revoked at any time by the Collector of Customs;

(d) subject to such conditions as may be therein specified.

(4) The Collector of Customs shall not issue a licence under subsection (2) unless he is satisfied in relation to the thing in respect of which the application for such licence has been made that—

(a) it is not listed in column 1 of Schedule 1:

Provided that the Collector of Customs may issue a licence under subsection (2) in relation to a thing listed in column 1 of Schedule 1 where—

- (i) he is satisfied that the importation or exportation is for the purpose of scientific study;
 - (ii) the issuing of such licence has been approved by the body established under section 4; and
 - (iii) the licence specifies the precise thing and occasion of importation, and is not a general licence;
- (b) the capture or collection of the specimen in the wild did not or will not have a harmful effect on the conservation of its species or on the extent of the territory occupied by the population of the species to which the thing belongs;
- (c) the competent authorities of the country of origin of the thing have provided documentary evidence that the particular specimen has been obtained in accordance with the legislation there operating on protection of the species in question;
- (d) in the case of the importation of a living animal, the intended recipient possesses adequate facilities suitable for accommodating the specimen and suited to its behaviour and that the animal will be properly cared for;
- (e) there are no other requirements relating to the conservation of the species to which the thing belongs which militate against the issuing of a licence; and

the Collector of Customs shall seek the advice of the body established under section 4 in relation to the matters contained in paragraphs (a) to (e) of this subsection.

This version is out of date

(5) A person who, for the purpose of obtaining, whether for himself or another, the issue of a licence under subsection (2)–

- (a) makes a statement which he knows to be false in a material particular;
- (b) furnishes a document or information which he knows to be false in a material particular; or
- (c) recklessly makes a statement which is false in a material particular,

is guilty of an offence and is liable on summary conviction to a fine of £5,000 or on conviction on indictment to imprisonment for two years and to a fine.

(6) Where a licence is issued under subsection (2) and, for the purpose of obtaining its issue, a person commits an offence under subsection (5), the licence shall be void.

(7) Where–

- (a) any live or dead animal or plant;
- (b) any thing specified in Schedule 3; or
- (c) any thing falling within section 2(1)(b),

is being imported or exported or has been imported or brought to any place for the purpose of being exported any officer authorised by the Collector of Customs may require any person possessing or having control of the animal, plant or thing to furnish proof that its importation or exportation is or was not unlawful by virtue of this section and if such proof is not furnished to the satisfaction of the officer, the animal, plant or thing shall be liable to forfeiture under the Imports and Exports Act¹.

Prohibition on sales, etc.

3.(1) Subject to subsection (2) it shall be an offence to–

- (a) keep for sale;
- (b) display for sale;

¹ 1986-21

- (c) offer for sale;
- (d) sell; or
- (e) transport for sale,

anything referred to in section 2(1).

(2) Where the Collector of Customs is satisfied, having taken the advice of the scientific authority, that the thing kept displayed or offered for sale, or sold or transported for sale is—

- (a) a specimen bred in captivity or artificially propagated or is a part of an animal or plant so bred or propagated or is derived therefrom; and
- (b) the thing is intended for research, teaching, breeding or propagation purposes,

he may grant a certificate permitting the keeping, displaying or offering for sale, sale or transporting of that thing.

(3) Any person convicted of an offence under subsection (1) shall be liable on summary conviction to a fine of £5,000.

Scientific authorities.

4.(1) The Governor may—

- (a) establish any body or bodies, consisting in each case of such members as he may from time to time appoint;
- (b) assign to any other body or bodies the duty referred to in subsection (3).

(2) A reference in this Act to a scientific authority is a reference to a body which is established under subsection (1) or to which the duty there referred to is assigned under that subsection.

(3) It shall be the duty of a scientific authority to carry out any duties assigned to it by this Act to advise the Governor on any question which he may refer to it, and on any question on which he considers it should offer its advice—

- (a) in connection with the administration of this Act;

This version is out of date

- (b) generally in connection with the importation, exportation and sale of animals and plants of kinds which appear to him, or as the case may be, the authority to be endangered and things derived wholly or partly from animals and plants of those kinds.

Amendment and interpretation of Schedules.

5.(1) Where, after consulting the scientific authority, the Governor decides—

- (a) that the importation, exportation or sale of any animal or plant of a particular kind or of any thing derived wholly or partly from any animal or plant of a particular kind, should be restricted because it appears to him that the kind of animal or plant concerned is endangered or that the danger to the kind concerned has increased; or
- (b) that the importation, exportation or sale of any animal or plant of a particular kind or of any thing derived wholly or partly from any animal or plant of a particular kind, should no longer be restricted because it appears to him that the kind of animal or plant concerned is no longer endangered or that the danger to the kind concerned has decreased,

he may, by Order, make such modification to any Schedule as he considers necessary or desirable to give effect to that decision.

(2) Any Order under this section may be varied or revoked by a subsequent Order thereunder.

(3) Schedules 1 and 2 shall be interpreted in accordance with the provisions of Schedule 4.

Restriction of movement of certain live animals after importation.

6.(1) Where a licence under section 2(2) has been issued or applied for in respect of the importation of a live animal of any of the kinds for the time being specified in the second column of Schedule 1, and after consulting the scientific authority the Collector of Customs considers that it is desirable to give a direction under this section, he may direct that the animal immediately after—

- (a) being imported; or

- (b) undergoing any period of quarantine required by any provision made by or under any legislation,

shall be taken to and subsequently kept at such premises as may be specified in the direction until such time as the Collector of Customs may give permission for the animal to be moved from those premises.

(2) A person who, knowing that a direction under subsection (1) has been given in relation to an animal—

- (a) knowingly takes it, or knowingly permits it to be taken, after it has been imported, to premises other than—
 - (i) the premises specified in the direction;
 - (ii) the premises connected with the importation of the animal; or
 - (iii) the premises where the animal is to undergo any period of quarantine required by any provision made by or under any legislation; or
- (b) knowingly moves it or knowingly permits it to be moved from the premises specified in the direction in the absence of such permission as is mentioned in subsection (1),

is guilty of an offence and is liable on summary conviction to a fine of £5,000.

(3) Proceedings for an offence under subsection (2) may be brought within a period of six months from the date on which evidence that is sufficient in the opinion of the Attorney General to warrant the proceedings came to his knowledge; but no such proceedings shall be brought by virtue of this section more than three years after the commission of the offence.

- (4) For the purposes of subsection (3)—
 - (a) a certificate signed by or on behalf of the Attorney-General and stating the date on which such evidence came to his knowledge, shall be conclusive evidence of that fact; and
 - (b) a certificate stating that matter and purporting to be so signed, shall be deemed to be so signed unless the contrary is proved.

Offences by corporations.

This version is out of date

7. Where an offence under this Act which has been committed by a body corporate is proved to have been committed with the consent or connivance of, or to be attributable to any neglect on the part of, a director, manager, secretary or other similar officer of a body corporate, or any person who is purporting to act in any such capacity, he, as well as the body corporate, is guilty of that offence and is liable to be proceeded against and punished accordingly.

Regulations.

8. The Governor may make regulations for the purpose of carrying into effect the provisions of this Act and in particular but without prejudice to the generality of the foregoing for the following purposes—

- (a) prescribing the form of application for a licence and the form of that licence to be issued under section 2(2);
- (b) prescribing the fees payable in connection with the application for a licence and any licence under the Act;
- (c) prescribing the fees payable in connection with the application for the granting of any licence under section 2(2);
- (d) prescribing the form of evidence to be presented in support of any application for a licence under section 2(2);
- (e) providing for such other matters as are reasonably necessary for or incidental to the due administration of this Act.

Repeal.

9. The Endangered Species (Import and Export) Act is repealed.

Section 5(3)

INTERPRETATION OF SCHEDULES 1 AND 2

1. Species included in Schedules 1 and 2 are referred to:

- (a) by the name of the species; or
- (b) as being all of the species included in a higher taxon or designated part thereof

2. The abbreviation “spp.” is used to denote all species of a higher taxon.

3. Other references to a taxon higher than species are for the purposes of information or classification only.

4. The abbreviation “p.e.” is used to denote species that are possibly extinct.

5. The symbol (–) followed by a number placed against the name of a species or higher taxon denotes that designated geographically separate populations, species, groups of species or families of that species or taxon are excluded from the appendix concerned, as follows:–

- 101 Population of West Greenland
- 102 Population of Bhutan, India, Nepal and Pakistan
- 104 Population of China
- 105 Population of Australia
- 106 Population of United States of America
- 107–*Chile*: part of the population of Parinacota Province, Ia. Region of Tarapacá
- Peru*: populations of Pampa Galeras National Reserve and Nuclear Zone, Pedregal, Osconta and Sawacocho (Province of Lucanas), Sais Picotani (Province of Azangaro), Sais Tupac Amaru (province of Janin), and of Salinas Aguada Blanca National Reserve (Provinces of Arequipa and Cailloma)
- 108 Population of Afghanistan, Bhutan, Burma, India, Nepal and Pakistan
- 109 Cathartidae
- 110 Population of United States of America
- 111 *Melopsittacus undulatus*, *Nymphicus hollandicus* and *Psittacula krameri*
- 112 Population of the Congo and subject to an annual export quota of 600 (in 1990, 1991 and 1992)

This version is out of date

- 113 Population of Botswana, Malawi, Mozambique, Zambia and Zimbabwe and populations of the following countries subject to the specified annual export quotas:

	1990	1991	1992	
Kenya	5,000	6,000	8,000	(skins and derivatives only)

8. The symbol (°) followed by a number placed against the name of a species or higher taxon shall be interpreted as follows–

°501 For the exclusive purpose of allowing international trade in cloth made from wool sheared from live vicunas of the populations referred to in +209. and of items made thereof. The reverse side of the cloth must bear the logotype adopted by the range states of the species, which are signatories to the Convenio para la Conservacion y Manejo de la Vicuna, and the selvages either the words VICU ANDES-CHILE or the words VICU ANDES-PERU. depending on the country of origin.

°502 Fossils are not subject to CITES provisions.

9. The symbol (≠) followed by a number placed against the name of a species or higher taxon included in the Schedules designates parts or derivatives which are specified in relation thereto for the purposes of the Act as follows:—

≠ 1 Designates all parts and derivatives, except:—

- (a) seeds, spores and pollen (including pollinia): and
- (b) tissue cultures and flasks seedlings cultures.

≠ 2 Designates all parts and derivatives, except:

- (a) seeds and pollen;
- (b) tissue cultures and flasks seedling cultures; and
- (c) chemical derivatives.

≠ 3 Designates roots and readily recognizable parts thereof.

≠ 4 Designates all parts and derivatives, except:

- (a) seeds and pollen:
- (b) tissue cultures and flasks seedling cultures;
- (c) fruits and parts and derivatives thereof of naturalized or artificially propagated plants; and
- (d) separate stem joints (pads) and parts and derivatives thereof of naturalized or artificially propagated *Opuntia* subgenus *Opuntia* spp.

≠ 5 Designates all parts and derivatives, except:

- (a) seeds and pollen;
- (b) tissue cultures and flasks seedling cultures: and
- (c) separate leaves and parts and derivatives thereof of naturalized or artificially propagated *Aloe vera*.

≠ 6 Designates all parts and derivatives, except:

This version is out of date

- (a) seeds and pollen (including pollinia);
- (b) tissue cultures and flasks seedling cultures;
- (c) cut flowers of artificially propagated plants; and
- (d) fruits and parts and derivatives thereof of artificially propagated *Vanilla* spp.

10. As one of the species or higher taxa of FLORA included in the Second Schedule are annotated, this means that artificially propagated hybrids produced from one or more of these species or taxa may be traded with a certificate of artificial propagation.

11. Where the name of a country is given in brackets the restriction applies only to the taxon originating in that country.
