FACTORIES (WORKS OF ENGINEERING CONSTRUCTION) ORDER

works of engineering construction or with the adoption in the execution of these works of any method prescribed in the specification or in any signed plans issued, or written directions given, by the consulting engineer or the engineer in charge being a method which is not inconsistent with the safety of the works or of the persons employed.

(2) The provisions of the Ordinance in their application to works of engineering construction shall have effect as if any place where such operations are carried on were a factory, and any person undertaking such operations to which the Ordinance applies were the occupier of a factory and with such other adaptations and modifications as may be made by regulations made by the Governor:

Provided that such of the provisions of the Ordinance as require general registers to be kept and copies of the prescribed abstract of the Ordinance and of the regulations or the prescribed abstract of such regulations to be kept posted up on the premises shall be deemed to be complied with as respects works of engineering construction if the general register is kept at an office of the person undertaking the works of engineering construction and copies of the abstract of the Ordinance and of the regulations or abstract thereof are kept posted up at each office, yard, or shop of the person undertaking the operations at which persons employed by him on the operations attend, and in a position where they can easily be read by such persons.

Notification of works of engineering construction.

3. Any person undertaking any works of engineering construction to which the Ordinance applies shall, not later than seven days after the beginning thereof, serve on the Director a written notice stating the name and postal address of the person so undertaking the operations, the place and nature of such operations, whether any mechanical power is used, and, if so, its nature, and such other particulars as may be prescribed:

Provided that—

- (a) this paragraph shall not apply to any operations which the person undertaking them has reasonable grounds for believing will be completed in a period of less than three weeks; and
- (b) where a person undertakes any work of engineering construction in a place where such operations are in progress he shall not be required to give such a notice as aforesaid if a notice was given in respect of the operations in progress.
