- (b) compensation for any loss sustained by B as a result of having parted with it.

(3) “Agreement” means an agreement–

- (a) which is made after this section comes into operation; and
- (b) the making or performance of which constitutes, or is part of, the regulated activity in question.

(4) This section does not apply if the regulated activity is accepting deposits (see section 17).

Agreements made through persons contravening the general prohibition.

15.(1) An agreement made by an authorised person (“the provider”) is unenforceable against the other party if it is made by the provider–

- (a) in the course of the provider carrying on a regulated activity (not in contravention of the general prohibition); but
- (b) in consequence of something said or done by another person (“the third party”) in the course of a regulated activity carried on by the third party in contravention of the general prohibition.

(2) The other party to the agreement (“B”) is entitled to recover–

- (a) any money or other property paid or transferred by B under the agreement: and
- (b) compensation for any loss sustained by B as a result of having parted with it.

(3) “Agreement” means an agreement–

- (a) made after this section comes into operation; and
- (b) the making or performance of which constitutes, or is part of, the regulated activity in question carried on by the provider.

(4) This section does not apply if the regulated activity is accepting deposits (see section 17).

Agreements made unenforceable by section 14 and 15.

16.(1) This section applies to an agreement which is unenforceable because of section 14 or 15.

(2) The amount of compensation recoverable as a result of that section is–

- (a) the amount agreed by the parties; or
- (b) on the application of either party, the amount determined by the Supreme Court.

(3) If the court is satisfied that it is just and equitable in the circumstances of the case, it may allow–

- (a) the agreement to be enforced; or
- (b) money and property paid or transferred under the agreement to be retained.

(4) In considering whether to allow the agreement to be enforced or (as the case may be) the money or property paid or transferred under the agreement to be retained the court must–

- (a) if the case arises as a result of section 14, have regard to whether the person carrying on the regulated activity concerned reasonably believed that the general prohibition was not contravened by that person in making the agreement;
- (b) if the case arises as a result of section 15, have regard to whether the provider knew that the third party was (in carrying on the regulated activity) contravening the general prohibition.

(5) A person against whom an agreement is unenforceable must repay any money and return any other property received by that person if–

- (a) the person elects not to perform the agreement; or
- (b) as a result of this section, the person recovers money paid or other property transferred by the person under the agreement.

(6) If property transferred under the agreement has passed to a third party, a reference in section 14 or 15 or this section to that property is to be read as a reference to its value at the time of its transfer under the agreement.

(7) The commission of an offence under section 9 does not make the agreement concerned illegal or invalid to any greater extent than is provided in section 14 or 15.

Accepting deposits in breach of general prohibition.

17.(1) “Agreement” means an agreement between a person (“the depositor”) and another person (“the deposit-taker”)–

- (a) which is made after this section comes into operation; and
- (b) the making or performance of which constitutes, or is part of, the regulated activity of accepting deposits; and
- (c) which is made in the course of the carrying on by the deposit-taker of that activity in contravention of the general prohibition.

(2) If the depositor is not entitled under the agreement to recover without delay any money deposited by the depositor, the depositor may apply to the Supreme Court for an order directing the deposit-taker to return the money to the depositor.

(3) The court need not make such an order if it is satisfied that it would not be just and equitable for the money deposited to be returned, having regard to whether the deposit-taker reasonably believed that the deposit-taker was not contravening the general prohibition by making the agreement.

Agreements resulting from contravention of section 12.

18.(1) In this section–

“unlawful communication” means a communication in relation to which there has been a contravention of section 12(1); and

“restricted agreement” means an agreement the making or performance of which by either party constitutes the carrying on a regulated activity.

(2) If in consequence of an unlawful communication a person enters as a customer into a restricted agreement, it is unenforceable against that person and that person is entitled to recover–

- (a) any money or other property paid or transferred by the person under the agreement; and
- (b) compensation for any loss sustained by the person as a result of having parted with it.

(3) If the Supreme Court is satisfied that it is just and equitable in the circumstances of the case, it may allow–

- (a) the restricted agreement to be enforced; or

- (b) money or property paid or transferred under the agreement to be retained.
- (4) In considering whether to allow the restricted agreement to be enforced or (as the case may be) the money or property paid or transferred to be retained the court must—
- (a) if the applicant made the unlawful communication, have regard to whether the applicant reasonably believed that the applicant was not making an unlawful communication;
- (b) if the applicant did not make the unlawful communication, have regard to whether the applicant knew that the agreement was entered into in consequence of an unlawful communication.
- (5) “Applicant” means the person seeking to enforce the restricted agreement or retain the money or property paid or transferred.
- (6) Any reference to making a communication includes causing a communication to be made.
- (7) The amount of compensation recoverable as a result of subsection (2) is—
- (a) the amount agreed between the parties; or
- (b) on the application of either party, the amount determined by the Supreme Court.
- (8) If a person (“A”) elects not to perform an agreement which by virtue of subsection (2) is unenforceable against A, A must repay any money and return any other property received by A under the agreement.
- (9) If, by virtue of subsection (2), A recovers any money or property transferred by A under an agreement, A must repay any money and return any other property received by A under the agreement.
- (10) If any property required to be returned under this section has passed to a third party, references to that property are to be read as references to its value at the time of its receipt by the person required to return it.

(2) For the purposes of the definition of “small AIFM”, the value of the AIFM’s assets under management is to be calculated in accordance with Article 2 of Regulation (EU) No 231/2013.

Initial applications for permission

Persons who can apply for permission.

63.(1) This Part applies to any person (“a firm”) which is–

- (a) an individual;
- (b) a body corporate;
- (c) a partnership; or
- (d) an unincorporated association.

(2) A firm within subsection (1) may make an application to the GFSC for permission under this Part to carry on one or more regulated activities.

(3) The Minister may make regulations which provide–

- (a) that only such kinds of firms within subsection (1) as may be specified in the regulations may apply to carry on particular regulated activities; and
- (b) that an application to carry on a regulated activity of a specified kind may not include an application for permission to carry on any other kind of regulated activity.

(4) A firm which has permission given by the GFSC under this Part, or has permission having effect as if so given, is referred to in this Act as “a regulated firm”.

(5) A regulated firm may not make an application under this section if the firm already has permission which–

- (a) is given by the GFSC under this Part or has effect as if so given; and
- (b) is in force.

(6) An EEA firm may not apply for permission under Part 7 to carry on a regulated activity which it is, or would be, entitled to carry on in exercise of an EEA right whether through a Gibraltar branch or by providing services in the Gibraltar.

Meaning of “the threshold conditions”.

64.(1) In this Act, “the threshold conditions”, in relation to a regulated activity, means the conditions set out in or specified under Schedule 12, as supplemented by regulations under subsection (3).

(2) The Minister may by regulations amend Schedule 12 by adding, modifying or removing provisions, or by substituting for provisions contained in the Schedule as they have effect for the time being provisions specified in the regulations.

(3) The Minister may make regulations—

- (a) supplementing any of the conditions for the time being set out in or specified under Schedule 12; or
- (b) in relation to particular regulated activities, disapplying one or more of those conditions or applying them with modifications.

(4) Different provision may be made under this section in relation to different regulated activities.

Requirement to satisfy the threshold conditions.

65.(1) In giving or varying permission or imposing or varying a requirement under this Part, the GFSC must ensure that the firm concerned will satisfy, and continue to satisfy, the threshold conditions in relation to all of the regulated activities for which the firm has or will have permission.

(2) But the duty imposed by subsection (1) does not prevent the GFSC, having due regard to that duty, from taking in relation to a particular firm the steps that it considers—

- (a) are necessary in order to avoid or reduce significant risk to any of the designated regulatory objectives of the GFSC; and
- (b) would be reasonable and proportionate having regard to all the circumstances.

Firms based outside Gibraltar and the EEA.

66.(1) This section applies in relation to a firm (“the non-EEA firm”) which—

- (a) is a body incorporated in, or formed under the law of, or is an individual who is national of any country or territory outside Gibraltar and the EEA; and
- (b) is carrying on a regulated activity in any country or territory outside Gibraltar in accordance with the law of that country or territory (“the overseas state”).

(2) In determining whether the non-EEA firm is satisfying or will satisfy, and continue to satisfy, any one or more of the threshold conditions, the GFSC may have regard to any opinion notified to it by a regulatory authority in the overseas state (“the overseas regulator”) which relates to the non-EEA firm and appears to the GFSC to be relevant to compliance with those conditions.

(3) In considering how much weight (if any) to attach to the opinion, the GFSC must have regard to the nature and scope of the supervision exercised in relation to the non-EEA firm by the overseas regulator.

Giving permission.

67.(1) “The applicant” means an applicant under section 63 for permission under Part 7.

(2) The GFSC may give permission for the applicant to carry on the regulated activity or activities to which the application relates or such of them as may be specified in the permission.

(3) If the GFSC gives permission, the GFSC must specify the permitted regulated activities or activity, described in such manner as the GFSC considers appropriate.

(4) The GFSC may–

- (a) incorporate in the description of a regulated activity such limitations (for example as to the circumstances in which the activity may, or may not, be carried on) as it considers appropriate;
- (b) specify a narrower or wider description of regulated activity than that to which the application relates; or
- (c) give permission for the carrying on of a regulated activity which is not included among those to which the application relates.

(5) If an applicant–

- (a) in relation to a particular regulated activity, is exempt from the general prohibition as a result of regulations made under section 61 (exemption regulations); but
- (b) has applied for permission in relation to another regulated activity,

the application is to be treated as relating to all the regulated activities which, if permission is given, the applicant will carry on.

Variation and cancellation of permission

Variation or cancellation at request of a regulated firm.

68.(1) The GFSC may, on the application of a regulated firm, vary the firm’s permission under Part 7 by–

- (a) adding a regulated activity to those to which the permission relates;

- (b) removing a regulated activity from those to which the permission relates; or
 - (c) varying the description of a regulated activity to which the permission relates.
- (2) The GFSC may, on the application of the regulated firm, cancel the permission.
- (3) The GFSC may refuse an application under this section if it appears to it that refusing the application—
- (a) is necessary in order to avoid or reduce significant risk to any of the designated regulatory objectives of the GFSC; and
 - (b) would be reasonable and proportionate having regard to all the circumstances.
- (4) If, as a result of a variation under this section of a regulated firm's permission there are no longer any regulated activities for which the firm has permission, the GFSC must, once it is satisfied that it is no longer necessary to keep the permission in force, cancel it.
- (5) The GFSC's power under this section to vary a permission extends to including in the permission as varied any provision that could be included if a fresh permission were being given by it in response to an application under section 63.

Variation or cancellation on initiative of GFSC.

- 69.(1) The GFSC may exercise its power under this section in relation to a regulated firm if it appears to the GFSC—
- (a) that the firm is failing, or is likely to fail, to satisfy the threshold conditions;
 - (b) that the firm has failed, during a period of at least 12 months, to carry on a regulated activity to which its permission under Part 7 relates;
 - (c) that any of the conditions specified in Schedule 13 is met in relation to the carrying on by the firm of a regulated activity to which that condition applies; or
 - (d) that exercising the power—
 - (i) is necessary in order to avoid or reduce significant risk to any of the designated regulatory objectives of the GFSC; and
 - (ii) would be reasonable and proportionate having regard to all the circumstances.
- (2) The GFSC's power under this section is the power—

- (a) to vary the firm's permission by—
 - (i) adding a regulated activity to those to which the permission relates;
 - (ii) removing a regulated activity from those to which the permission relates; or
 - (iii) varying the description of a regulated activity to which the permission relates; or
- (b) to cancel the permission.

(3) If, as a result of a variation under this section of a regulated firm's permission, there are no longer any regulated activities for which the firm has permission, the GFSC must, once it is satisfied that it is no longer necessary to keep the permission in force, cancel it.

(4) The GFSC's power under this section to vary a permission extends to including in the permission as varied any provision that could be included if a fresh permission were being given in response to an application under section 63.

Imposition and variation of requirements

Imposition of requirements by GFSC.

70.(1) Where a firm has applied for a permission under this Part or for the variation of such a permission, the GFSC may impose on that firm such requirements, taking effect on or after the giving or variation of the permission, as the GFSC considers appropriate.

(2) The GFSC may exercise its power under subsection (3) in relation to a regulated firm if it appears to the GFSC—

- (a) that the firm is failing, or is likely to fail, to satisfy the threshold conditions;
- (b) that the firm has failed, during a period of at least 12 months, to carry on a regulated activity to which the permission under Part 7 relates; or
- (c) that exercising the power—
 - (i) is necessary in order to avoid or reduce significant risk to any of the designated regulatory objectives of the GFSC; and
 - (ii) would be reasonable and proportionate having regard to all the circumstances.

(3) The GFSC's power under this subsection is a power—

- (a) to impose a new requirement;
 - (b) to vary a requirement imposed by the GFSC under this section; or
 - (c) to cancel such a requirement.
- (4) The GFSC may, on the application of a regulated firm—
- (a) impose a new requirement;
 - (b) vary a requirement imposed by the GFSC under this section; or
 - (c) cancel such a requirement.
- (5) The GFSC may refuse an application under subsection (4) if it appears to it that refusing the application—
- (a) is necessary in order to avoid or reduce significant risk to any of the designated regulatory objectives of the GFSC; and
 - (b) would be reasonable and proportionate having regard to all the circumstances.

Requirements under section 70: further provisions.

71.(1) In this section “requirement” means a requirement imposed under section 70.

- (2) A requirement may, in particular, be imposed—
- (a) so as to require the firm concerned to take specified action; or
 - (b) so as to require the firm concerned to refrain from taking specified action.
- (3) A requirement may extend to activities which are not regulated activities.
- (4) A requirement may be imposed by reference to a firm’s relationship with—
- (a) the firm’s group; or
 - (b) other members of the firm’s group.
- (5) A requirement may be expressed to expire at the end of such period as the GFSC may specify, but the imposition of a requirement that expires at the end of a specified period does not affect the GFSC’s power to impose a new requirement.

(6) A requirement may refer to the past conduct of the firm concerned (for example, by requiring the firm to review or take remedial action in respect of past conduct).

(7) No requirement may be imposed to require anything which can be done by an asset protection order made by the Supreme Court under section 72.

(8) Subsection (7) does not apply in such circumstances, and subject to such conditions, as the Minister may by regulations prescribe in relation to insurance undertakings, reinsurance undertakings or third country insurance undertakings.

Application to the Supreme Court: asset protection orders.

72.(1) The GFSC may apply to the Supreme Court for an asset protection order in relation to a regulated firm if it appears to the GFSC that any ground specified in section 70(2)(a) to (c) is satisfied in relation to a regulated firm.

(2) An “asset protection order” means an order—

- (a) to prohibit the disposal of, or other dealing with, any of the assets (whether in Gibraltar or elsewhere) of a regulated firm;
- (b) to restrict such disposals or dealings; or
- (c) to require that any of the following assets be transferred to and held by a trustee approved by the Supreme Court—
 - (i) all or any of the assets of a regulated firm; or
 - (ii) all or any of those assets which belong to consumers but are held by the firm or to the firm’s order.

(3) On an application made under subsection (1), the Court may make such order as it considers necessary or desirable to protect the interests of consumers or to protect the public interest.

(4) An application under subsection (1) must not be made unless the GFSC has either—

- (a) given the regulated firm, and any other person whom the GFSC considers is likely to be subject to an asset protection order, at least two working days’ notice of its intention to make the application; or
- (b) certified to the court that the circumstances of the case are such that the GFSC considers that the purpose of the application would be likely to be frustrated or seriously prejudiced by the giving of notice under paragraph (a).

(5) The Court may rescind or vary an asset protection order on its own motion or on the application of the GFSC, the regulated firm or any other person subject to the order.

Exercise of certain powers in support of foreign regulator

Conditions for exercise of powers in support of foreign regulator.

73.(1) In this section—

“foreign regulator” has the meaning given in section 45;

“relevant power”, in relation to the GFSC, means—

- (a) the GFSC’s power under section 69; or
- (b) the GFSC’s power under section 70.

(2) The GFSC may exercise any relevant power in respect of a regulated firm at the request of, or for the purposes of assisting, a foreign regulator.

(3) Subsection (4) applies where a request to the GFSC for the exercise of a relevant power has been made by a foreign regulator.

(4) The GFSC must, in deciding whether or not to exercise a relevant power in response to the request, consider whether it is necessary to do so in order to comply with an EU obligation.

(5) In deciding whether or not to exercise a relevant power, in any case in which the GFSC does not consider that the exercise of the power is necessary in order to comply with an EU obligation, the GFSC may take into account in particular—

- (a) whether in the country or territory of the foreign regulator concerned, corresponding assistance would be given to a Gibraltar regulatory authority;
- (b) whether the case concerns the breach of a law, or other requirement, which has no close parallel in Gibraltar or involves the assertion of a jurisdiction not recognised by Gibraltar;
- (c) the seriousness of the case and its importance to persons in Gibraltar; and
- (d) whether it is otherwise appropriate in the public interest to give the assistance sought.

(6) The GFSC may decide not to exercise a relevant power, in response to a request made by a foreign regulator, unless the foreign regulator concerned undertakes to make such contribution towards the costs of the exercise as the GFSC considers appropriate.

(7) Subsection (6) does not apply if the GFSC decides that it is necessary for it to exercise a relevant power in order to comply with an EU obligation.

(8) The GFSC must obtain the prior consent of the Minister to the exercise of any power under the preceding provisions of this section.

Connected persons

Persons connected with an applicant.

74. In considering—

- (a) an application for a permission under this Part;
- (b) whether to vary or cancel such a permission; or
- (c) whether to impose or vary a requirement under this Part,

the GFSC may have regard to any person appearing to it to be, or to be likely to be, in a relationship with the firm given permission which is relevant.

Persons whose interests will be protected

Persons whose interests will be protected.

75. For the purpose of any provision of this Part which refers to the designated regulatory objectives of the GFSC in relation to the exercise of a power in relation to a particular firm, it does not matter whether there is a relationship between that firm and the persons whose interests will be protected by the exercise of the power.

- (a) vary RF's permission by—
 - (i) suspending a regulated activity from those to which the permission relates; or
 - (ii) varying the description of a regulated activity to which the permission relates; or

(2) Condition A is that the GFSC is considering whether to exercise—

- (a) the GFSC's power under section 69(2)(a)(ii) or (iii) to vary RF's permission; or
- (b) the GFSC's power under section 70 to impose a requirement on RF or to vary any such requirement.

- (a) the interests of consumers;
- (b) the public interest; or
- (c) the reputation of Gibraltar.

(4) Condition C is that the GFSC reasonably considers that the giving of a direction under this section is—

- (a) to a material extent, likely to avoid the occurrence of the damage referred to in subsection (3) or to reduce the extent of such damage; and

- (b) proportionate to the achievement of that objective having regard, in particular, to the adverse consequences for the regulated firm that may result from that direction.

(5) Condition D is that the GFSC gives RF a notice which states that the variation of permission, or the imposition or variation of a requirement, takes effect on the date of the notice or on such later date as may be specified in the notice.

(6) A direction under subsection (1) takes effect on the date specified in the notice under subsection (5).

(3) The GFSC—

- (a) may revoke or vary a direction under section 80(1); and

(4) A direction under section 80(1) ceases to have effect—

- (a) if it is revoked under this section; or
- (b) unless subsection (5) applies, on the expiry of the period of two months beginning with the date of the notice under section 80(5).

(5) Where, before the end of the period referred to in subsection (4)(b), a warning notice under section 79(1) is given to the regulated firm in connection with the regulated activity or requirement that is subject to the direction under section 80(1), the direction does not cease to have effect until—

- (a) the expiry of the period within which an appeal may be made against any decision notice under section 79(2) which has been given to the firm in connection with that regulated activity or requirement; or
- (b) when any appeal is finally determined or withdrawn.

Cancellation of permission under Part 7: notice procedure.

82.(1) If the GFSC proposes to cancel a regulated firm's permission under Part 7 otherwise than at the firm's request, it must give the firm a warning notice.

PART 8 REGULATED INDIVIDUALS

Introduction

Application of Part 8.

84. This Part applies in respect of regulated activities carried on by–
- (a) regulated firms;
 - (b) incoming EEA firms with a branch in Gibraltar; and
 - (c) audit firms.

Interpretation of Part 8.

85. In this Part–

“audit firm” has the meaning given in Part 24;

“candidate” means an individual in respect of whom an application for approval as a regulated individual is made; and

“RI firm” means a person in section 84 in respect of which this Part applies.

Regulated individuals

Regulated functions.

86.(1) A regulated function is–

- (a) a function, in a regulated firm or audit firm, listed in Part 1 of Schedule 14;
- (b) a function, in a regulated firm, listed in Part 2 of Schedule 14;
- (c) a function, in an incoming EEA firm with a branch in Gibraltar, listed in Part 3 of Schedule 14; or
- (d) a function, in a regulated firm or audit firm, listed in Schedule 15 except where–
 - (i) the GFSC has agreed to waive the application of this Part to that function in the firm; or
 - (ii) the function is not relevant to the regulated activity undertaken by the firm.

(2) The exercise of significant influence over a regulated firm within the meaning of section 89 is also a regulated function.

Obligation to ensure regulated functions being performed.

87.(1) An RI firm must ensure that it has an individual performing the regulated functions set out in Part 1 of Schedule 14.

(2) A regulated firm in a category listed in Part 2 of Schedule 14 must ensure that it has an individual performing the regulated functions set out in Part 2 in respect of that category.

(3) An incoming EEA firm with a branch in Gibraltar must ensure that it has an individual performing the regulated functions set out in Part 3 of Schedule 14.

(4) The same individual may perform more than one regulated function.

Regulated functions only to be performed by regulated individuals.

88.(1) A person is only permitted to perform a regulated function if the person is an individual who has been approved by the GFSC (“a regulated individual”).

(2) An RI firm must take appropriate steps to ensure that subsection (1) is not breached in relation to a regulated function in that RI firm.

(3) This section does not apply in respect of a function if the question of whether a person is a fit and proper person to perform that function is reserved under a Single Market Directive to an authority in a country or territory outside Gibraltar.

(4) If a person purports or attempts to perform a regulated function but is not a regulated individual, that person is to be treated as a regulated individual for the purposes of any civil or criminal liability under this Act or any other enactment.

Significant influence.

89. A person (“P”) exercises significant influence over a regulated firm if, despite not formally having that role—

- (a) P performs a regulated function;
- (b) P instructs or purports to instruct the person that formally has that role as to how that person should perform a regulated function; or
- (c) the person that formally has that role habitually or to a material extent performs the regulated function in accordance with P’s wishes or instructions.

Temporary position.

90.(1) This section applies where a regulated individual who was exercising a regulated function listed in Schedule 14 ceases to perform it in circumstances where it would be unreasonable to expect the RI firm to find a replacement immediately.

(2) The following obligations do not apply in respect of that regulated function until the regulated function is being performed by a regulated individual—

- (a) the obligation in section 87 to ensure that regulated functions are being performed; and
- (b) the obligation in section 88 to ensure that regulated functions are only to be performed by regulated individuals.

(3) RI firms must take all necessary steps, as quickly as possible, to—

- (a) temporarily appoint an individual to perform that regulated function; and
- (b) make an application for an individual to be approved to perform that regulated function by the GFSC.

Power to amend list of regulated functions.

91. The Minister may by regulations amend—

- (a) Schedule 14 by adding, modifying or removing a regulated function or a category of RI firm; or

- (b) Schedule 15 by adding, modifying or removing an entry.

Power to issue guidance on regulated functions.

92. The GFSC may issue guidance on the nature of the responsibilities of a regulated function.

Approval of regulated individuals by the GFSC

Regulated individuals to be approved by the GFSC.

93. An individual may only act as a regulated individual if the GFSC has approved the individual to perform a specified regulated function in a specified RI firm.

Criteria for approval.

94.(1) The criteria for approval are that the individual—

- (a) is fit and proper to perform the regulated function; and
- (b) is able to perform the regulated function in the RI firm.

(2) Without limiting subsection (1), in considering whether to approve an individual, the GFSC may have regard to whether the individual has the skills, qualifications and experience required to perform the regulated function.

Applications for approval.

95.(1) An application for approval must be made by the RI firm concerned.

(2) The application must—

- (a) be made in the form and manner the GFSC directs;
- (b) include a statement of the individual's responsibilities; and
- (c) contain such information as the GFSC reasonably requires.

(3) The GFSC may require the individual to be interviewed by it.

(4) The GFSC may require the RI firm to provide it with such further information as it reasonably considers necessary to enable it to determine the application.

(5) Where more than one application for approval is sought in respect of the same individual, the GFSC may deal with some or all of the applications at the same time if it considers that it is appropriate to do so.

Pre-application vetting of candidates by RI firms.

96. Before an RI firm makes an application for approval, the RI firm must be satisfied that the candidate satisfies the criteria for approval.

Determination of applications.

97.(1) If a candidate satisfies the criteria for approval, the GFSC may approve the candidate's application.

(2) In exceptional circumstances, approval may be subject to such conditions as the GFSC considers appropriate.

(3) If the GFSC considers that a candidate will satisfy the criteria for approval, provided that the candidate complies with specified requirements within a specified period of time, the GFSC may provisionally approve the application.

(4) Where approval is provisional and the GFSC considers that the candidate—

- (a) has satisfied the criteria for approval, then approval is no longer provisional;
- (b) has not satisfied the criteria within the specified period, then the provisional approval lapses at the end of that period.

(5) The GFSC may extend the specified period on one or more occasions.

(6) The GFSC must, before the end of the period for consideration, determine whether—

- (a) to approve the application;
- (b) to provisionally approve the application; or
- (c) to proceed under section 103.

(7) If the GFSC approves or provisionally approves the application, it must give notice to—

- (a) the RI firm; and
- (b) the candidate.

(8) The RI firm which makes an application may withdraw it by giving notice to the GFSC at any time before the GFSC determines it.

(9) Where subsection (8) applies, the RI firm must notify the candidate of the withdrawal.

Period of consideration for determination of applications.

98.(1) In section 97 and this section, the “period for consideration” means—

- (a) in any case where an application is made for permission under Part 7, the period within which that application must be determined;
- (b) in other cases, the period of 30 days (excluding public and bank holidays) beginning with the date on which the GFSC receives the application under this Part.

(2) If the GFSC imposes a requirement under section 95(4), the period for consideration stops running on the day on which the requirement is imposed but starts running again—

- (a) on the day on which the required information is received by the GFSC; or
- (b) if the information is not provided on a single day, on the last of the days on which it is received by the GFSC.

(3) If the GFSC requires additional information from another person in order to properly determine an application, the period for consideration stops running on the day the GFSC seeks that information from that person, but starts running again—

- (a) on the day on which that information is received by the GFSC; or
- (b) if the information is not provided on a single day, on the last of the days on which it is received by the GFSC.

(4) In exceptional circumstances, the GFSC may extend the period for consideration.

Notification of changes

Changes in responsibilities of regulated individuals.

99.(1) This section applies where there has been a significant change in the nature or extent of the responsibilities of a regulated individual from the original statement of responsibilities.

(2) The RI firm must provide the GFSC with a revised statement of responsibilities of the regulated individual.

(3) The GFSC may require the RI firm—

- (a) to provide it with such further information as the GFSC reasonably considers necessary; or

- (b) to verify such information in such a way that the GFSC reasonably considers necessary.

Withdrawal or variation of approval

Withdrawal of approval.

100.(1) The GFSC may withdraw an approval if it considers, and can demonstrate, that the individual in respect of whom it was given no longer satisfies the criteria for approval.

(2) Without limiting subsection (1), the GFSC must, in particular, consider whether the individual—

- (a) has participated in serious misconduct in relation to the business of an authorised person;
- (b) has intentionally misled the GFSC;
- (c) has directly or indirectly provided information to the GFSC that the individual knew or ought to have known was false or misleading; or
- (d) has been convicted of an offence (whether in Gibraltar or elsewhere) involving—
 - (i) money laundering;
 - (ii) terrorist financing;
 - (iii) fraud, dishonesty or breach of trust.

Variation of approval on application by RI firm.

101.(1) Where approval has effect subject to conditions, the RI firm concerned may apply to the GFSC to vary the approval by—

- (a) varying a condition;
- (b) removing a condition; or
- (c) imposing a new condition.

(2) When considering whether to vary its approval, the GFSC may take into account any matter which it could take into account if it were considering an application for approval.

(3) The GFSC must, before the end of the period for consideration, determine whether—

- (a) to grant the application; or

(b) to proceed under section 103.

(4) The “period for consideration” means the period of 30 days (excluding public and bank holidays) beginning with the date on which the GFSC receives the application.

(5) The GFSC may extend the period for consideration in exceptional circumstances.

Variation of approval on initiative of GFSC.

102.(1) The GFSC may vary an approval–

(a) by removing a condition; or

(b) in exceptional circumstances, by imposing or varying a condition.

(2) When considering whether to vary its approval, the GFSC may take into account any matter which it could take into account if it were considering an application for approval.

Notices and appeals

Notice procedure and appeals.

103.(1) This section applies where the GFSC proposes or decides to–

(a) refuse an application for approval;

(b) approve an application subject to conditions;

(c) withdraw an approval;

(3) Subsection (2)(a) does not apply if the GFSC is satisfied that a warning notice–

(a) cannot be given because of urgency;

- (b) should not be given because of the risk that steps would be taken to undermine the effectiveness of the refusal, withdrawal or variation (as the case may be); or
- (c) is superfluous having regard to the need to give notice of legal proceedings, or for some other reason.

(4) A person aggrieved by a decision notice under subsection (2)(b) may appeal against the decision under section 615, but a decision notice in respect of any of the following decisions takes effect immediately—

(5) In this section “the interested parties” means—

- (a) the RI firm who made the application; and
- (b) the individual in respect of whom the application was made.

(6) For the purposes of subsection (3)(a), the GFSC must not consider that urgency exists unless Condition B and Condition C in section 80(3) and (4) are met.

(7) If those conditions are met, the GFSC must give the interested parties a notice stating that the conditions, withdrawal, refusal or variation takes effect on the date of the notice or on such later date as may be specified in the notice.

(8) Sections 80(7) and (8) and 81 apply to a decision by the GFSC under subsection (3)(a) with such modifications as may be required by the circumstances and context of subsection (3).

(b) must make a final report to the GFSC on the conclusion of the investigation.

(2) Where an interim report is made and—

at the request of the person concerned (and subject to any other limitation under this Part on its ability to do so), the GFSC must publish the report or a summary of the inspector's findings in respect of the person concerned and, where relevant, a summary of any decision made by the GFSC.

(6) If any other person is criticised or their testimony is referred to in an inspector's report which the GFSC proposes to publish, before doing so the GFSC must—

Costs of inspectors' reports.

141.(1) Subject to subsection (2), the costs of producing an inspector's report must be borne by the GFSC.

(2) The GFSC may by decision notice require a person in subsection (3) to pay a specified sum ("an inspection costs contribution") equal to all or part of the costs reasonably and properly incurred by the GFSC in producing an inspector's report, including all of the work reasonably and necessarily carried out by the inspector in the conduct of the investigation and the preparation of the report.

- (d) the extent to which other persons may be liable to have an inspection cost contribution requirement imposed on them in respect of that report; and
- (e) whether it is just and equitable.

(5) An inspection costs contribution is not reasonable or proportionate to the extent that, in any case where the inspector is a GFSC employee, any part of the specified sum which represents the cost of the inspector's time, when calculated on an hourly basis, is more than the hourly cost to the GFSC of employing that person.

(6) The GFSC must not issue a decision notice under subsection (2) in respect of an inspection costs contribution to any person—

- (a) until any appeal against the GFSC's decision in relation to the person's culpability is finally decided or withdrawn or, if there is no appeal, when the period for appealing has expired; and

if the Court considers that it was not reasonable, proportionate or appropriate for the GFSC to have taken the action without issuing a warning notice.

CHAPTER 3 DEPOSIT GUARANTEE SCHEME

Introduction

Interpretation of Chapter 3.

204. In this Chapter—

“available financial means” means cash, deposits and low-risk assets which can be liquidated within seven working days;

“branch” means a place of business in the EEA which forms a legally dependent part of a credit institution and which carries out directly all or some of the transactions inherent in the business of credit institutions;

“compensation date” means the date on which—

- (a) the FSRCC makes a determination under section 215; or
- (b) a judicial authority determines that deposits held by a Scheme participant are unavailable deposits such that the Scheme participant is in default;

“deposit” means a credit balance which results from funds left in an account or from temporary situations deriving from normal banking transactions and which a credit institution is required to repay under the legal and contractual conditions applicable, including a fixed term deposit and a savings deposit, but excluding a credit balance where—

- (a) its existence can only be proven by a financial instrument unless it is a savings product which is evidenced by a certificate of deposit made out to a named person and which exists in an EEA State on 2 July 2014;
- (b) its principal is not repayable at par; or
- (c) its principal is only repayable at par under a particular guarantee or agreement provided by the credit institution or a third party;

“depositor” means the holder or, in the case of a joint account, each of the holders, of a deposit;

“joint account” means an account opened in the name of two or more persons or over which two or more persons have rights that are exercised by means of the signature of one or more of those persons;

“Scheme target level” means the target level specified in section 209(2); and

“unavailable deposit” means a deposit that is due and payable but has not been paid by a Scheme participant under the applicable legal or contractual conditions where either—

- (a) the FSRCC has made a determination under section 215; or
- (b) a judicial authority has made a ruling for reasons which are directly related to the Scheme participant’s financial circumstances and the ruling has had the effect of suspending the rights of depositors to make claims against it.

Competent authority and designated authority.

205.(1) For the purpose of the DGS Directive—

- (a) the GFSC is the competent authority; and
- (b) the FSRCC is the designated authority.

(2) The competent authority and designated authority must cooperate with each other and with the EBA.

(3) When it notifies the EBA of an authorisation under Article 20.1 of the Capital Requirements Directive, the GFSC must indicate that the credit institution concerned is a Scheme participant.

Scheme participation

Participation in Scheme.

206.(1) A credit institution with permission under Part 7 to carry on the regulated activity of accepting deposits must participate in the Scheme if it is—

- (a) incorporated in or formed under the law of Gibraltar; or
- (b) incorporated in or formed under the law of a non-EEA State and does not participate in a deposit guarantee scheme in that State which offers protection equivalent to that offered by the Scheme.

(2) A credit institution authorised in an EEA State under Article 8 of the Capital Requirements Directive must not take deposits in Gibraltar unless it is a member of a deposit guarantee scheme in that EEA State which is recognised under Article 4.1 of the DGS Directive.

(3) The FSRCC must notify the GFSC immediately if the FSRCC becomes aware of any instance of a credit institution not complying with its obligations under this Chapter.

(4) Where the GFSC receives notification in accordance with subsection (3), it must without delay take appropriate measures in co-operation with the FSRCC to ensure that the credit institution complies with its obligations which, in the case of a Scheme participant, may include the imposition of a sanction under Part 11.

(5) If measures taken under subsection (4) fail to secure a Scheme participant's compliance, the FSRCC, with the consent of the GFSC—

- (a) may give the Scheme participant not less than one month's notice of the FSRCC's intention to exclude it from the Scheme; and
- (b) must, if on the expiry of that notice period the Scheme participant has not complied with its obligations, exclude the Scheme participant.

(6) The Scheme must continue to cover deposits—

- (a) made with a Scheme participant before the expiry of the notice period of any notice given to the Scheme participant under subsection (5)(a); or
- (b) held by a Scheme participant on the date on which the Scheme participant is excluded from the Scheme.

Branches of third country institutions.

207.(1) The FSRCC must check that any branch established in Gibraltar by a third country institution has deposit protection equivalent to that prescribed by the DGS Directive.

(2) In performing a check under subsection (1), the FSRCC must at least check that depositors benefit from the same coverage level and scope of protection as provided for in the DGS Directive.

(3) If the FSRCC considers that the protection provided in respect of a branch of a third country institution is not equivalent then, subject to Article 47.1 of the Capital Requirements Directive, it may require the branch to be a Scheme participant.

(4) Each branch in Gibraltar of a third country institution which is not a member of a deposit guarantee scheme operating in an EEA State must provide all relevant information

concerning its guarantee arrangements for the deposits of actual and intending depositors at that branch.

(5) The information referred to in subsection (4) must be made available in a clear and comprehensible form in English or the language that was agreed by the depositor and the credit institution when the account was opened.

(6) In this section “third country institution” means a credit institution which has its head office outside the European Economic Area.

Duties of FSRCC

FSRCC’s duties in respect of the Scheme.

208.(1) The FSRCC must administer the Scheme in accordance with this Part and the DGS Directive.

(2) The FSRCC must have in place–

- (a) adequate systems to determine the potential liabilities of the Scheme and ensure that the Scheme’s available financial means are proportionate to those liabilities; and
- (b) adequate alternative funding arrangements to enable it to obtain short-term funding to meet claims against the Scheme.

(3) The FSRCC must publish for depositors on its website all necessary information–

- (a) on the operation of the Scheme; and
- (b) on the process, eligibility, exclusions from protection and conditions for payment of compensation (including all information specified in the depositor information sheet).

(4) The FSRCC must perform stress tests of its systems relating to the payment of compensation in respect of eligible deposits at least once every three years and more frequently where it considers it appropriate.

(5) The FSRCC must use the information necessary to perform stress tests of its systems only for the performance of those tests and must not keep the information for longer than is necessary for that purpose.

(6) The FSRCC must protect and ensure the confidentiality of the data pertaining to depositors’ accounts, which must be processed in accordance with the data protection legislation.

- (7) The FSRCC must correspond with a depositor in–
- (a) English;
 - (b) an official language of the EEA State in which the covered deposit is located; or
 - (c) where a credit institution operates directly in an EEA State without having established branches, in the language that was chosen by the depositor when the account was opened.
- (8) The FSRCC must establish procedures to enable it, where appropriate, to share information and communicate effectively with other deposit guarantee schemes, their affiliated credit institutions and relevant competent authorities, designated authorities and other agencies in Gibraltar and other jurisdictions.
- (9) The FSRCC must, by 31st March each year, inform the EBA of the amount of covered deposits in Gibraltar and of the amount of the available financial means of the Scheme on 31st December of the preceding year.

Funding

Scheme levy.

- 209.(1) The FSRCC must raise the Scheme's available financial means by imposing a levy on Scheme participants at least once in each year.
- (2) By 3 July 2024, the Scheme's available financial means must reach the Scheme target level of 0.8% of the amount of covered deposits of Scheme participants.
- (3) Subject to subsections (4) to (7), any levy imposed on Scheme participants under subsection (1) must be based on the amount of covered deposits incurred by, and the risk weighting (if any) of, the respective participant.
- (4) The FSRCC may decide that a Scheme participant must pay a minimum levy irrespective of the amount of its covered deposits.
- (5) The FSRCC may decide that Scheme participants who are members of an institutional protection scheme (within the meaning of Article 113.7 of the Capital Requirements Regulation) which is recognised by the FSRCC are to pay lower contributions to the Scheme.
- (6) Subject to the approval of the GFSC, the FSRCC may develop its own risk weighting methods for determining and calculating the risk-based contributions of Scheme participants and any such method–
- (a) must be proportional to the risk of the Scheme participants;

- (b) must take due account of the risk profiles of the various business models; and
- (c) may take account of the asset side of the balance sheet and risk indicators such as capital adequacy, asset quality and liquidity.

(7) A central body and all credit institutions permanently affiliated to it, as referred to in Article 10.1 of the Capital Requirements Regulation, is to be subject to the risk weight determined on a consolidated basis for the central body and its affiliated institutions as a whole.

(8) If the Scheme's available financial means are insufficient to compensate depositors when deposits become unavailable, the FSRCC may require Scheme participants to pay extraordinary contributions.

(9) Any extraordinary contributions payable under subsection (8) must not exceed 0.5% of covered deposits per calendar year other than in exceptional circumstances and with the prior consent of the GFSC.

(10) The GFSC may defer, in whole or in part, a Scheme participant's obligation to pay extraordinary contributions under subsection (8) if payment would jeopardise the liquidity or solvency of the Scheme participant.

(11) A deferral under subsection (10) must not be granted for longer than six months but may be renewed at the request of the Scheme participant.

(12) Any contribution which is deferred under subsections (10) or (11) must be paid by the Scheme participant when doing so would no longer jeopardise its liquidity or solvency.

(13) If, after the Scheme's available financial means have reached the Scheme target level for the first time, they have been reduced to less than two-thirds of that target level, the FSRCC must impose regular levies on Scheme participants at a level that will allow the Scheme target level to be reached again within six years.

(14) If, before the date specified in subsection (2) the Scheme has made cumulative disbursements in excess of 0.8% of covered deposits, the FSRCC may extend that date by not more than four years.

(15) Any levy imposed under this section must take due account of the phase of the business cycle and the impact that procyclical contributions may have when setting annual contributions.

(16) Any levy payable under this section—

- (a) is due within 30 days of the date when the invoice for the levy is issued; and
- (b) may be enforced as a civil debt owed to the FSRCC.

(17) If a Scheme participant ceases to carry on the activities of a credit institution part way through a financial year of the Scheme—

- (a) it will remain liable for any unpaid levies which the FSRCC has already made on the Scheme participant; and
- (b) the FSRCC may make further levies on it (which may be before or after the Scheme participant has withdrawn or been excluded from the Scheme, but must be before it ceases to be permitted to act as a credit institution) for the costs which it would have been liable to pay had the FSRCC made a levy on all Scheme participants in the financial year it ceased to carry on those activities.

(18) The FSRCC may enter into arrangements with the GFSC for the GFSC to collect the levy on behalf of the FSRCC and for that purpose any levy payable under this section may be enforced as if it was a debt due to the GFSC.

(19) The FSRCC, with the approval of the European Commission, may authorise a minimum Scheme target level which is lower than that specified in subsection (2) but not less than 0.5% of the amount of covered deposits of Scheme participants, where doing so is justified and the following conditions are met—

- (a) the reduction is based on the assumption that it is unlikely that a significant share of the Scheme's available financial means will be used for measures to protect covered depositors, other than under sections 222(2), (3) and (9); and
- (b) the banking sector in which Scheme participants operate is highly concentrated with a large quantity of assets held by a small number of credit institutions or banking groups, subject to supervision on a consolidated basis which, given their size, are likely in the event of failure to be subject to resolution proceedings.

Funds from other mandatory schemes.

210.(1) Despite section 209(1), the FSRCC may raise the Scheme's available financial means from existing schemes established in Gibraltar to which Scheme participants are required to make mandatory contributions for the purpose of covering the costs related to systemic risk, failure, and resolution of credit institutions.

(2) Subject to subsection (3), the Scheme is entitled to receive an amount equal to the amount of such contributions up to the Scheme target level and those funds must be made available at the request of the FSRCC for use exclusively for the purposes provided for in section 222.

(3) Subsection (2) only applies if the GFSC considers that the FSRCC is unable to raise extraordinary contributions from Scheme participants.

(4) Any sum paid to the Scheme under subsection (2) must be repaid by the FSRCC from contributions made by Scheme participants to the Scheme levy.

(5) Contributions to the financing arrangements must not be counted towards the Scheme target level.

Transfer of Scheme levy funds.

211.(1) Subject to subsection (2), if a credit institution ceases to be a Scheme participant and joins a deposit guarantee scheme in an EEA State, the FSRCC must transfer the contributions paid by that credit institution to the available financial means of the Scheme during the 12 months preceding the end of participation to the relevant deposit guarantee scheme.

(2) Subsection (1) does not apply if the credit institution has been excluded from the Scheme under section 206(5).

(3) If some of the activities of a Scheme participant are transferred to an EEA State and become subject to a deposit guarantee scheme in that State, the contributions paid by that Scheme participant during the 12 months preceding the transfer must be transferred to the relevant scheme in proportion to the amount of covered deposits transferred.

Deposits covered by Scheme

Eligible deposits.

212.(1) A deposit is an eligible deposit only if it is held—

- (a) in Gibraltar by a Scheme participant; or
- (b) in an EEA State by a branch of a Scheme participant established in that EEA State.

(2) Each of the following is not an eligible deposit—

- (a) a deposit made by another credit institution on its own behalf or for its own account;
- (b) own funds as defined in Article 4.1(118) of the Capital Requirements Regulation;
- (c) a deposit arising out of a transaction in connection with which there has been a criminal conviction for money laundering as defined in Article 1.3 of the Money Laundering Directive;
- (d) a deposit by a financial institution;
- (e) a deposit by an investment firm;

- (f) a deposit, when it becomes unavailable, the holder of which has never been identified in accordance with Article 14.1 of the Money Laundering Directive;
- (g) a deposit by an insurance undertaking or a reinsurance undertaking as referred to in Article 13.1 to 13.6 of the Solvency 2 Directive;
- (h) a deposit by a collective investment undertaking;
- (i) a deposit by a pension or retirement fund (other than a deposit by a personal pension scheme or occupational pension scheme of a micro, small or medium-sized enterprise);
- (j) a deposit by a public authority; or
- (k) a debt security issued by a credit institution and any liabilities arising out of own acceptances and promissory notes.

Marking of deposits.

213.(1) A Scheme participant must mark eligible deposits in a manner that allows for the immediate identification of those deposits.

(2) Where a depositor holds an account on behalf of one or more beneficiaries who are absolutely entitled to the sums in the account and which are or may be eligible deposits, a Scheme participant must mark the account in a manner that allows for the immediate identification of the account and the beneficiaries.

(3) A Scheme participant must—

(4) Notice under subsection (3) must be given as soon as reasonably possible and in any event before the end of five working days beginning with the day on which the determination was made or the FSRCC was notified of the ruling.

Compensation

216.(1) Any compensation payable is to be calculated by reference to eligible deposits held on the compensation date.

(2) The limit provided for in section 214 applies to the aggregate eligible deposits placed by a depositor with the same Scheme participant, irrespective of the number of accounts, the currency, or the location within the EEA (and in calculating the aggregate eligible deposits of

a depositor any liabilities of the depositor against the Scheme participant must not be taken into account).

(3) The share of each depositor of a joint account is to be considered separately in calculating the limits provided for in section 214 and, in the absence of contrary provision, the joint account is to be divided equally among the depositors.

(4) Deposits in an account to which two or more persons are entitled as members of a business partnership, association or grouping of a similar nature, without legal personality, must be aggregated and treated as if made by a single depositor for the purpose of calculating the limits provided for in section 214.

(5) Where a depositor is not absolutely entitled to the sums held in an account but the person who is absolutely entitled has been identified or is identifiable before the compensation date, that person is to be treated as the depositor for the purpose of calculating the amount of compensation payable.

(6) Where several persons are absolutely entitled to a beneficial interest in a deposit, the share of each under the arrangements subject to which the deposit is managed must be taken into account in calculating the amount of compensation payable to each of them.

(7) Subject to section 214(1), the compensation payable must include reimbursement of any interest on an eligible deposit which has accrued but has not been credited at the compensation date.

(8) A deposit which is for a prescribed social purpose and in respect of which a third party has given a guarantee that complies with State aid rules is not to be taken into account when aggregating the deposits held by the same depositor with the same Scheme participant for the purpose of subsection (2).

(2) Subject to subsection (5), any compensation payable must be made available without it being necessary for a request to be made to the FSRCC.

(3) Until 31 December 2023, subsection (1) is to apply as if the reference to “seven working days” was a reference to—

This version is out of date

 - (b) “10 working days” from 1 January 2021 until 31 December 2023.

- (5) Until 31 December 2023, if the FSRCC cannot make the compensation payable available within seven working days it must ensure that, on request, within five working days depositors have access to an appropriate amount of their covered deposits to cover the cost of living (“the appropriate amount”).
- (6) The FSRCC must only grant a depositor access to the appropriate amount based on data held by the FSRCC or provided to it by the relevant Scheme participant.
- (7) The appropriate amount, if paid to a depositor, must be deducted from the compensation payable to the depositor as calculated under section 216.
- (8) Repayment under subsections (1) to (7) may be deferred where—
- (a) it is uncertain whether a person is entitled to receive any compensation or the deposit is subject to legal dispute;
 - (b) the deposit is subject to restrictive measures imposed by a national government or international body;
 - (c) without limiting subsection (10), there has been no transaction relating to the deposit within the last 24 months (the account is dormant);
 - (d) the amount to be repaid is deemed to be part of a deposit to which section 214(2) and (3) applies; or
 - (e) the amount to be repaid is to be paid by the deposit guarantee scheme of an EEA State under Article 14.2 of the DGS Directive.
- (9) Where a depositor or any person entitled to or interested in sums held in an account has been charged with an offence arising out of or in relation to money laundering as defined in Article 1.3 of the Money Laundering Directive, the FSRCC may suspend any payment relating to the depositor or person concerned pending the judgment of the court.
- (10) The FSRCC is not required to make any repayment under subsection (1) where there has been no transaction relating to the deposit in the 24 months before the compensation date and the value of the deposit is lower than the administrative costs that would be incurred by the FSRCC in making a repayment.

(11) A depositor whose deposits were not repaid or acknowledged within the time limits specified in subsections (1) or (4) must submit a claim for compensation in respect of an eligible deposit within the prescribed period.

Claims against the FSRCC.

219.(1) The FSRCC must ensure that a person who is or may be affected by a decision of the FSRCC in relation to compensation has an opportunity to make representations to the FSRCC in respect of that decision before it becomes final.

(2) The FSRCC must, if requested to do so by a depositor, give reasons for any decision not to pay compensation to that depositor.

(3) Any compensation which a depositor is entitled to receive from the Scheme and which is not paid in accordance with section 217 may be recovered as a debt due to the depositor.

Subrogation.

220.(1) The FSRCC may determine that the payment of compensation has the effect that the FSRCC–

- (a) is immediately and automatically subrogated to all or any part of the rights and claims of the compensation recipient against the Scheme participant or any third party in respect of or arising out of the compensation recipient’s deposits being unavailable; and
- (b) has the right to bring legal or any other proceedings in its own name or in the name of, and on behalf of, the compensation recipient against the relevant Scheme participant or any third party.

(2) Where the FSRCC makes payments in the context of resolution proceedings, including the application of resolution tools or the exercise of resolution powers under section 222, the rights and claims conferred on the FSRCC include the right of recovery against the relevant credit institution for an amount equal to those payments.

(6) Following notification of the merger, conversion or similar operation, depositors must be given a three-month period to withdraw or transfer to another credit institution, without incurring any penalty, their eligible deposits including all accrued interest and benefits in so far as they exceed the coverage level in section 214 at the time of the operation.

(7) If a Scheme participant withdraws or is excluded from the Scheme, it must inform its depositors within one month of such withdrawal or exclusion.

- (b) the available financial means fall below 25% of the Scheme target level.

(8) Until the Scheme's available financial means reach the Scheme target level for the first time, subsections (7)(a) and (b) apply as if the reference to two-thirds or 25% of the Scheme target level were references to two-thirds or 25% of the financial means which were

available immediately before the Scheme's available financial means were used for alternative measures under subsection (4).

(9) The FSRCC may use the Scheme's available financial means to preserve the access of depositors to covered deposits, including transfer of assets and liabilities and deposit book transfer, in the context of insolvency proceedings, provided that the costs borne by the Scheme do not exceed the net amount of compensating covered depositors of the Scheme participant concerned.

Payments on behalf of schemes in EEA States.

223.(1) The FSRCC must pay compensation to a person in accordance with the instructions of a deposit guarantee scheme in an EEA State if—

(3) Anything done or omitted by the FSRCC in accordance with this section is to be treated for the purposes of paragraph 7 of Schedule 18 as done or omitted in the discharge, or purported discharge, of the FSRCC's functions.

- (a) it will remain liable for any unpaid levies which the FSRCC has already made on the institution; and
- (b) the FSRCC may make further levies on it (which must be before it ceases to be an authorised institution) for the costs which it would have been liable to pay had the FSRCC made a levy on all authorised institutions in the financial year it ceased to carry on those activities.

(11) The FSRCC may enter into arrangements with the GFSC for the GFSC to collect the levy on behalf of the FSRCC and for that purpose any levy payable under this section may be enforced as if it was a civil debt owed to the GFSC.

Collective investment schemes.

290.(1) In this Part “collective investment scheme” means any arrangement with respect to property of any description, the purpose or effect of which is to enable persons taking part in the arrangement (whether by becoming owners of the property or any part of it or otherwise) to participate in or receive profits or income arising from the acquisition, holding, management or disposal of the property or sums paid out of such profits or income.

(2) The arrangements must be such that the persons who are to participate (“participants”) do not have day-to-day control over the management of the property, whether or not they have the right to be consulted or to give directions.

(3) The arrangements must also have either or both of the following characteristics–

- (a) the contributions of the participants and the profits or income out of which payments are to be made to them are pooled;
- (b) the property is managed as a whole by or on behalf of the operator of the scheme.

(4) If arrangements provide for such pooling as is mentioned in sub-section (3)(a) in relation to separate parts of the property, the arrangements are not to be regarded as constituting a single collective investment scheme unless the participants are entitled to exchange rights in one part for rights in another.

- (a) spreading investment risk; and
- (b) giving its members the benefit of the results of the management of those funds by or on behalf of that body corporate.

(3) The investment condition is that, in relation to that body corporate, a reasonable investor (“P”) would, if P were to participate in the scheme—

- (a) expect that P would be able to realise, within a period appearing to P to be reasonable, P’s investment in the scheme, represented, at any given time, by the value of shares in, or securities of, the body corporate held by P as a participant in the scheme; and
- (b) be satisfied that P’s investment would be realised on a basis calculated wholly or mainly by reference to the value of property in respect of which the scheme makes arrangements.

(4) In determining whether the investment condition is satisfied, no account is to be taken of any actual or potential redemption or repurchase of shares or securities under—

- (a) sections 105 to 126 of the Companies Act 2014 and other relevant provisions of that Act;
- (b) corresponding provisions in force in an EEA State; or

 - (d) which is not an excluded undertaking.
- (2) Action taken by a UCITS scheme to ensure that the stock exchange value of its units does not significantly vary from their net asset value is deemed equivalent to a repurchase or redemption for the purposes of subsection (1)(c).
- (3) The reference in subsection (1)(d) to excluded undertakings are to—
- (a) collective investment undertakings of the closed-ended type;
 - (b) collective investment undertakings which raise capital without promoting the sale of their units to the public within the EEA or any part of it;
 - (c) collective investment undertakings whose units, under the constitutional documents of the undertaking, may be sold only to the public in third countries; and
 - (d) such other categories of collective investment undertakings as the Minister may by regulations prescribe for which, in view of their investment and borrowing policies, the requirements for UCITS schemes that are prescribed by regulations made under regulation 337(2)(k) are inappropriate.

 - (b) trust law (as unit trusts); or
 - (c) statute (as investment companies).
- (6) An open-ended investment company is not a UCITS scheme if the company's assets are—
- (a) invested through the intermediary of subsidiary companies; and

(b) invested mainly other than in transferable securities.

(7) A UCITS scheme may not transform itself into a collective investment scheme of a type not covered by this section.

- (c) in the case of an individual, EUR 700,000.

(4) For the purposes of subsection (3), where a legal person is a parent undertaking or subsidiary of the parent undertaking which has to prepare consolidated financial accounts in accordance with the Accounting Directive, the relevant total annual turnover is the total annual turnover (or the corresponding type of income) according to the last available consolidated accounts approved by the management body of the ultimate parent undertaking.

(5) In the case of a contravention to which subsection (1)(a) applies, if the GFSC is satisfied that a person who was at the material time a director of the issuer was knowingly concerned in the contravention, it may also issue a public statement in relation to, or impose an administrative penalty on, that person.

(6) Nothing in this section prevents the GFSC from taking any other steps which it has power to take under this Act.

(7) The GFSC may not take action against a person under this section after the end of the period of two years beginning with the first day on which it knew of the contravention, unless proceedings against that person in respect of the contravention were begun before the end of that period.

(8) For the purposes of subsection (7), the GFSC is to be treated as knowing of a contravention if it has information from which the contravention can reasonably be inferred.

Exercise of powers.

351.(1) Sections 158 to 161 apply to the exercise of any power under section 350 but as if, in section 158, the applicable criteria included the impact of the infringement on retail investors' interests.

(2) Where the GFSC has taken any sanctioning action under section 350, the following provisions of this section apply instead of sections 616 to 618.

(3) The GFSC must publish on its website only details of any sanctioning action taken in respect of a person without undue delay after that person is informed of that action.

(4) The information published must be limited to—

- (a) the identity of the person against whom the action has been taken;
- (b) the type and nature of the contravention; and
- (c) the details of the sanctioning action taken.

(5) The GFSC must take one of the steps in subsection (6) where—

- (a) following an obligatory prior assessment, it considers that it would be disproportionate to publish in accordance with subsection (3)—
 - (i) the identity of the legal person involved; or
 - (ii) the personal data of the individual involved; or
- (b) it considers that publication would jeopardise the stability of financial markets or an ongoing investigation.

(6) Those steps are—

- (a) to defer publication until the reasons for non-publication cease to exist;
- (b) to publish the decision on an anonymous basis if doing so ensures effective protection of the personal data concerned; or
- (c) not to publish the decision if the steps in paragraphs (a) and (b) are considered to be insufficient to ensure—
 - (i) that the stability of the financial markets would not be put in jeopardy; or
 - (ii) the proportionality of the publication of such decisions with regard to measures which are deemed to be of a minor nature.

(7) In the case of a decision to publish on an anonymous basis, the publication of the relevant data may be postponed for a reasonable period of time if it is envisaged that within that period the reasons for anonymous publication will cease to exist.

(8) Where a decision to which this section applies is subject to an appeal, the GFSC must publish information to that effect on its website and, without undue delay, revise that information to reflect the status and outcome of any appeal or any decision annulling a previous decision to impose a sanction.

(9) The GFSC must ensure that any publication in accordance with this section is of proportionate duration and remains on its website for a minimum of five years, but that personal data is only retained on the website for so long as is necessary, in accordance with the data protection legislation.

(10) The GFSC must—

- (a) inform ESMA of any sanctioning action taken but not published in accordance with subsection (6)(c), including any related appeal and its outcome;
- (b) if it has disclosed a sanctioning action or criminal sanction to the public, report that fact at the same time to ESMA; and
- (c) provide ESMA annually with aggregated information regarding all sanctioning actions and measures taken in accordance with this section.

Appeals

Appeals.

351A.(1) A person may appeal to the Supreme Court against—

- (a) a decision taken by the GFSC under this Chapter or the EU Prospectus Regulation; or
- (b) failure by the GFSC to—
 - (i) reach a decision in respect of the approval of a prospectus; or
 - (ii) request changes to, or supplementary information in respect of, a prospectus,

within the time limits specified in Articles 20.2, 20.3 or 20.6 of the EU Prospectus Regulation.

(2) An appeal must be brought within 28 days of—

- (a) in the case of an appeal under subsection (1)(a), the date of the notice of the decision; or
- (b) in the case of an appeal under subsection (1)(b), the date on which the GFSC should have reached a decision.

Precautionary measures.

352.(1) Where the GFSC as host State regulator has clear and demonstrable grounds for believing that—

- (a) irregularities have been committed by—
 - (i) an issuer;
 - (ii) an offeror;
 - (iii) a person asking for admission to trading on a regulated market; or
 - (iv) a financial intermediary in charge of an offer of securities to the public; or
- (b) that any person in paragraph (a) has infringed an obligation under the EU Prospectus Regulation,

the GFSC must refer those findings to the home State regulator and to ESMA.

(2) If, despite the measures taken by the home State competent authority or because such measures prove inadequate, any person in subsection (1)(a) persists in breaching the relevant legal or regulatory provisions, the GFSC, after informing the home State regulator and ESMA, must take all appropriate measures in order to protect investors.

(3) The GFSC must inform the European Commission and ESMA at the earliest opportunity of any measures taken under subsection (2).

Obligation to cooperate with ESMA

Cooperation with ESMA.

353. The GFSC must—

- (a) cooperate with ESMA, in accordance with the ESMA Regulation, for the purposes of giving effect to the EU Prospectus Regulation; and
- (b) without delay, provide ESMA with any information necessary to carry out its duties, in accordance with Article 35 of the ESMA Regulation.

Co-operation with authorities of EEA States.

354.(1) The GFSC must—

- (a) cooperate with other EEA States' competent authorities and ESMA whenever necessary for the purpose of carrying out their respective duties and making use of their respective powers; and
- (b) in particular, exchange information without undue delay and cooperate in investigation, supervision and enforcement activities.

(2) The GFSC must, on request, immediately supply any information required for the purposes of this section and may only refuse to act on a request for information or to cooperate with an investigation where—

- (a) complying with the request is likely to adversely affect the GFSC's own investigation or enforcement activities or a criminal investigation;
- (b) judicial proceedings have already been initiated in Gibraltar in respect of the same action and against the same person; or
- (c) where a final judgment has already been delivered in Gibraltar in relation to the same action and against the same person.

(3) The GFSC may, as appropriate, provide assistance to or request assistance from another EEA State's competent authority with regard to on-site inspections or investigations.

(4) The GFSC—

- (a) must inform ESMA of any request made by the GFSC under subsection (3); and
- (b) in respect of any request it makes or receives under that subsection may request that ESMA coordinates any inspection or investigation with cross-border effect.

(5) Where the GFSC receives a request from another EEA State's competent authority to carry out an on-site inspection or investigation, the GFSC may—

- (a) carry out the inspection or investigation itself;
- (b) allow the requesting authority to—
 - (i) carry out the inspection or investigation itself; or
 - (ii) participate in an inspection or investigation with the GFSC;
- (c) appoint auditors or experts to carry out the inspection or investigation; or

(d) share specific tasks related to supervisory activities with the requesting authority.

(6) Where the GFSC has been made a request for cooperation of the exchange of information which has been rejected or not acted upon within a reasonable time, the GFSC may refer the matter to ESMA situations where a. Without prejudice to Article 258 TFEU, ESMA may, in the situations referred to in the first sentence of this paragraph, act in accordance with the power conferred on it under Article 19 of the ESMA Regulation.

(7) Nothing in this section prevents the GFSC from—

- (a) exchanging confidential information with the competent authorities of other EEA States; or
- (b) transmitting confidential information to ESMA or ESRB (subject to the constraints relating to firm-specific information and effects on third countries set out in the ESMA Regulation and the ESRB Regulation respectively),

and information so exchanged or transmitted is subject to the professional secrecy obligation in section 46.

(2) This Chapter does not apply to units issued by collective investment undertakings other than the closed-end type, or to units acquired or disposed of in such collective investment undertakings.

and for the purposes of this definition, the holder’s rights in relation to voting, appointment and removal include the rights of any other undertaking controlled by the shareholder and of any individual or legal entity acting in its own name but on behalf of the shareholder or of any other undertaking controlled by the shareholder.

“debt securities” means bonds or other forms of transferable securitised debts, other than securities which are equivalent to shares in companies or which, if converted or the rights conferred by them are exercised, give rise to a right to acquire shares or securities equivalent to shares;

(2) In this Chapter “home State” means—

- (a) in the case of an issuer of debt securities the denomination per unit of which is less than EUR 1,000 (or an equivalent amount) or an issuer of shares—

 - (bb) an EEA State, if the registered office is located there; or

- (b) for any issuer not covered by paragraph (a), the EEA State or Gibraltar chosen by the issuer from among those places in which the issuer has its registered office, where applicable, and those where its securities are admitted to trading on a regulated market, provided that–
- (i) the issuer may choose only one EEA State or Gibraltar as its home State, and
 - (ii) its choice remains valid for at least three years unless its securities are no longer admitted to trading on any regulated market in the European Union or the issuer becomes covered by paragraph (a) or (c) during the three-year period; or
- (c) for an issuer whose securities are no longer admitted to trading on a regulated market in its home State as defined in paragraph (a)(ii) or (b) but instead are admitted to trading in one or more other EEA States or Gibraltar, such new home State as the issuer may choose from among the EEA States or Gibraltar where its securities are admitted to trading on a regulated market and, where applicable, the EEA State or Gibraltar where the issuer has its registered office.

(3) This section and section 357 apply subject to any delegated acts or other measures adopted by the European Commission under Article 2.3 of the Transparency Directive.

Obligation to disclose home State

Disclosure of home State.

357.(1) An issuer must disclose its home State–

- (a) in accordance with sections 376 and 377; and
- (b) to the competent authority in each of Gibraltar or any EEA State–

This version is out of date

- (i) where it has its registered office (if any);
- (ii) which is its home State; and
- (iii) which is a host State.

(2) In the absence of disclosure by the issuer of its home State (within the meaning of section 356(2)(a)(ii) or (b)) within three months from the date the issuers' securities are first admitted to trading on a regulated market—

- (a) the home State is the place where the issuer's securities are admitted to trading on a regulated market; or
- (b) where the issuer's securities are admitted to trading on regulated markets situated or operating within more than one EEA State (or one EEA State or more and Gibraltar), they are the issuer's home States until a subsequent choice of a single home State has been made and disclosed by the issuer.

Periodic information

Integration of securities markets.

358.(1) Where Gibraltar is the home State of an issuer, the GFSC may—

- (a) subject to subsections (2) and (3), make an issuer subject to requirements more stringent than those in this Chapter; or
- (b) subject to subsection (4), make a holder of shares, or an individual or legal entity referred to in sections 364 or 368(1), subject to requirements more stringent than those in this Chapter.

(2) Subsection (1)(a) may only be used to require an issuer to publish periodic financial information more frequently than the annual financial reports under section 359 and the half-yearly financial reports under section 360 where—

- (a) the additional periodic financial information does not constitute a disproportionate financial burden in Gibraltar and, in particular, for the small and medium-sized issuers concerned; and
- (b) the content of the additional periodic financial information required is proportionate to the factors that contribute to investment decisions by investors in Gibraltar.

(3) Before requiring issuers to publish additional periodic financial information, the GFSC must assess whether such additional requirements—

- (a) may lead to an excessive focus on the issuers' short-term results and performance; and
 - (b) may impact negatively on the ability of small and medium- sized issuers to have access to the regulated markets.
- (4) Subsection (1)(b) may only be used for the purpose of–
- (a) setting lower or additional notification thresholds than those set out in section 363(1) and requiring equivalent notifications in relation to thresholds based on capital holdings;
 - (b) applying more stringent requirements than those in sections 366 and 368; or
 - (c) applying laws, regulations or administrative provisions adopted in relation to takeover bids, merger transactions and other transactions affecting the ownership or control of companies, supervised by the authorities appointed under Article 4 of the Takeover Bids Directive.
- (5) Subsection (1)(a) does not restrict the ability of the GFSC to require the publication of additional periodic financial information by issuers which are institutions authorised to provide financial services.
- (6) Where Gibraltar is the host State of an issuer, the GFSC may not–
- (a) as regards the admission of securities to a regulated market in Gibraltar, impose disclosure requirements more stringent than those in this Chapter or in Article 17 of EUMAR; or
 - (b) as regards the notification of information, make a holder of shares, or an individual or legal entity referred to in section 364 or 368(1), subject to requirements more stringent than those in this Chapter.

Annual financial reports.

359.(1) An issuer must make public its annual financial report at the latest four months after the end of each financial year and must ensure that it remains publicly available for at least ten years.

- (2) The annual financial report must comprise–
- (a) the audited financial statements;
 - (b) the management report; and

- (c) statements made by the persons responsible within the issuer, whose names and functions must be clearly indicated, to the effect that, to the best of their knowledge—

 - (ii) the management report includes a fair review of the development and performance of the business; and
 - (iii) the position of the issuer and the undertakings included in the consolidation taken as a whole, together with a description of the principal risks and uncertainties that they face.

- (4) The financial statements must be—
 - (a) audited in accordance with section 258 of the Companies Act 2014 and, if the issuer is required to prepare consolidated accounts, in accordance with Chapter 3 of Part VII of that Act;
 - (b) signed by the person or persons responsible for auditing the financial statements; and
 - (c) disclosed in full to the public together with the annual financial report.
- (5) The management report must be drawn up in accordance with Schedule 19 to the Companies Act 2014 and, if the issuer is required to prepare consolidated accounts, in accordance with Chapter 3 of Part VII of that Act.

(6) From 1st January 2020 all annual financial reports must be prepared in a single electronic reporting format in accordance with Article 4.7 of the Transparency Directive.

Half-yearly financial reports.

360.(1) The issuer of shares or debt securities must—

- (a) make public a half-yearly financial report covering the first six months of the financial year as soon as reasonably possible after the end of the relevant period, but at the latest three months after that period; and
- (b) ensure that the half-yearly financial report remains available to the public for at least ten years.

(2) The half-yearly financial report must comprise—

- (a) the condensed set of financial statements;
- (b) an interim management report; and
- (c) statements made by the persons responsible within the issuer, whose names and functions must be clearly indicated, to the effect that—
 - (i) to the best of their knowledge, the condensed set of financial statements which has been prepared in accordance with the applicable set of accounting standards gives a true and fair view of the assets, liabilities, financial position and profit or loss of the issuer, or the undertakings included in the consolidation as a whole as required under subsection (3); and
 - (ii) the interim management report includes a fair review of the information required under subsection (4).

(3) Where the issuer is required to prepare consolidated accounts, the condensed set of financial statements must be prepared in accordance with the international accounting standard applicable to the interim financial reporting adopted under the procedure provided for in Article 6 of the IAS Regulation.

(4) Where the issuer is not required to prepare consolidated accounts—

- (a) the condensed set of financial statements must at least contain a condensed balance sheet, a condensed profit and loss account and explanatory notes on these accounts;

This version is out of date

- (b) in preparing the condensed balance sheet and the condensed profit and loss account, the issuer must follow the same principles for recognising and measuring as when preparing annual financial reports; and
 - (c) the minimum content of the condensed set of half-yearly financial statements, where that set is not prepared in accordance with international accounting standards adopted under the procedure provided for in Article 6 of the IAS Regulation must be in accordance with subsections (5) and (6).
- (5) The condensed balance sheet and the condensed profit and loss account must–
- (a) contain each of the headings and subtotals included in the most recent annual financial statements of the issuer;
 - (b) include additional line items if, as a result of their omission, the half-yearly financial statements would give a misleading view of the assets, liabilities, financial position and profit or loss of the issuer; and
 - (c) include the following comparative information–
 - (i) balance sheet as at the end of the first six months of the current financial year and comparative balance sheet as at the end of the immediately preceding financial year; and
 - (ii) profit and loss account for the first six months of the current financial year with comparative information for the comparable period for the preceding financial year.
- (6) The explanatory notes must include–
- (a) sufficient information to ensure the comparability of the condensed half-yearly financial statements with the annual financial statements; and
 - (b) sufficient information and explanations to ensure a user’s proper understanding of any material changes in amounts and of any developments in the half-year period concerned, which are reflected in the balance sheet and the profit and loss account.
- (7) The interim management report must include at least an indication of important events that have occurred during the first six months of the financial year, and their impact on the condensed set of financial statements, together with a description of the principal risks and uncertainties for the remaining six months of the financial year; and, for issuers of shares, the interim management report must also include major related parties’ transactions.
- (8) In the interim management reports, issuers of shares must disclose as major related parties’ transactions–

- (a) related parties' transactions that have taken place in the first six months of the current financial year and that have materially affected the financial position or the performance of the undertaking during that period; or
- (b) any changes in the related parties' transactions described in the last annual report that could have a material effect on the financial position or performance of the undertaking in the first six months of the current financial year.

(9) Where the issuer of shares is not required to prepare consolidated accounts, it must disclose the related parties' transactions referred to in Article 17.1(r) of the Accounting Directive.

(10) If the half-yearly financial report has been audited, the audit report and review must be reproduced in full; and where the half-yearly financial report has not been audited or reviewed by auditors, the issuer must make a statement to that effect in its report.

Report on payments to governments.

361.(1) An issuer active in the extractive or logging of primary forest industries, as defined in Article 41.1 and 41.2 of the Accounting Directive, must prepare on an annual basis, in accordance with Chapter 10 of that Directive, a report on payments made to governments.

(2) A report under subsection (1) must be made public at the latest six months after the end of each financial year and must remain publicly available for at least ten years.

363.(1) A person must notify an issuer whose home State is Gibraltar if, as a result of an event specified in subsection (2), the percentage of voting rights of the issuer held by the person reaches, exceeds or falls below one or more of the thresholds of 5%, 10%, 15%, 20%, 25%, 30%, 50% and 75%.

(2) The events are—

(4) Voting rights must be calculated on the basis of all the shares to which voting rights are attached even if the exercise of those rights is suspended, and this information must also be given in respect of all the shares which are in the same class and to which voting rights are attached.

(5) This section does not apply to shares—

- (a) acquired for the sole purpose of clearing and settling within the usual short settlement cycle of not more than three trading days following the transaction; or

- (b) it neither intervenes in the management of the issuer concerned nor exerts any influence on the issuer to buy such shares or back the share price.

(7) A market maker seeking to benefit from the exemption in subsection (6) must notify the issuer's home State competent authority, within the time limit laid down in section 366(2), that it conducts or intends to conduct market making activities on a particular issuer and, where the market maker ceases to conduct market making activities on the issuer concerned, it must notify that competent authority accordingly.

(8) Without limiting section 380, where a market maker seeking to benefit from the exemption in subsection (6) is required by the issuer's home State competent authority to identify the shares or financial instruments held for market making activity purposes, the market maker may make the identification by any verifiable means and may only be required to hold them in a separate account for the purposes of identification if the market maker is unable to identify the shares or financial instruments concerned.

- (b) the chain of controlled undertakings through which voting rights are effectively held, if applicable;

if it is made clear in the notifications what the resulting situation in terms of voting rights will be when the proxy may no longer exercise the voting rights at its discretion.

(5) Where more than one individual or legal entity has a duty to make a notification, it may be made by means of a single common notification, but the use of a single common notification does not release any of the individuals or legal entities concerned from their responsibility in relation to notification.

(6) An undertaking is exempt from making a notification under subsection (1) if the notification is made by the parent undertaking or, where the parent undertaking is itself a controlled undertaking, by its own parent undertaking.

(7) Subject to section 367, a management company and its parent undertaking are not required to aggregate their holdings under sections 363 and 364 where the management company and the parent undertaking each exercises its voting rights independently from each other.

(12) Where Gibraltar is the home State of an issuer, the GFSC may exempt the issuer from the requirement in subsection (11) if the information contained in the notification is made public by the GFSC in accordance with section 377 when it is received and, in any event, by later than three trading days after it is received.

- (b) a statement that, in respect of each such management company or investment firm, the parent undertaking complies with the conditions set out in subsection (1).

(3) Subsection (2)(b) does not apply where the parent undertaking intends to benefit from the exemptions only in relation to financial instruments referred to in section 368.

(4) Without limiting section 380, the parent undertaking of a management company or investment firm must be able to demonstrate to the GFSC, on request, that–

 - (i) EUR 10,000,000 (or the Sterling equivalent); or
 - (ii) 5% of the total annual turnover according to the last available annual accounts approved by its management body; or
- (c) in the case of an individual, EUR 2,000,000 (or the Sterling equivalent).

(4) In subsection (3) the “Sterling equivalent” means an equivalent amount in Sterling based on the exchange rate on 26 November 2013.

(5) Where a legal entity is a parent undertaking or a subsidiary of a parent undertaking which has to prepare consolidated financial accounts under the Accounting Directive, the relevant total turnover for the purpose of subsection (3)(b)(ii) is the total annual turnover (or the corresponding type of income) according to the last available consolidated annual accounts approved by the management body of the ultimate parent undertaking.

(6) Where a person is responsible for a contravention to which subsection (1)(b) applies, the GFSC may take any of the following steps—

- (a) issue a public statement in relation to the person in accordance with section 153;

- (b) issue a cease and desist order against the person in accordance with section 154;

(7) An administrative penalty under subsection (6)(c) must be imposed in accordance with section 152 but must be of an amount which does not exceed the higher of the following—

- (a) where the profit gained or loss avoided because of the contravention can be determined, twice the amount of the profit or avoided loss;

Exercise of powers.

382.(1) Sections 158 to 161 apply to the exercise of any power under section 381.

(2) Where the GFSC has taken any sanctioning action under section 381, the following provisions of this section apply instead of sections 616 to 618.

(3) The GFSC must publish on its website only details of any sanctioning action taken in respect of a person without undue delay after that person is informed of that action.

(4) The information published must be limited to—

- (a) the identity of the person against whom the action has been taken;
- (b) the type and nature of the contravention; and

- (c) the details of the sanctioning action taken.
- (5) The GFSC must take one of the steps in subsection (6) where—
- (a) following an obligatory prior assessment, it considers that it would be disproportionate to publish in accordance with subsection (3)—
 - (i) the identity of the legal person involved; or
 - (ii) the personal data of the individual involved; or
 - (b) it considers that publication would jeopardise the stability of the financial system or an ongoing investigation.
- (6) Those steps are—
- (a) to defer publication until the reasons for non-publication cease to exist; or
 - (b) to publish the decision on an anonymous basis if doing so ensures effective protection of the personal data concerned.
- (7) In the case of a decision to publish on an anonymous basis, the publication of the relevant data may be postponed for a reasonable period of time if it is envisaged that within that period the reasons for anonymous publication will cease to exist.
- (8) Where a decision to which this section applies is subject to an appeal, the GFSC must publish information to that effect on its website and, without undue delay, revise that information to reflect the status and outcome of any appeal or any decision annulling a previous decision to impose a sanction.
- (9) The GFSC must ensure that any publication is of proportionate duration and remains on its website for not more than two years or, if longer, the period during which any sanction imposed applies (and, for the purposes of publication, a sanction which is imposed without a specific duration is to be regarded as having a duration of three years).
- (10) The GFSC must ensure that personal data is only retained on the website for so long as is necessary, in accordance with the data protection legislation.

Precautionary measures.

383.(1) Where Gibraltar is the host State of an issuer and the GFSC finds that the issuer, the holder of shares or other financial instruments, or the person or entity referred to in section 364 has committed irregularities or breached its obligations, it must refer its findings to the home State regulator and to ESMA.

(2) Where, despite the measures taken by the home State regulator or because those measures prove inadequate, the issuer or the security holder persists in infringing the relevant legal or regulatory provisions, the GFSC, after informing the Minister and the home State regulator (and subject to section 358(6)), must take all appropriate measures in order to protect investors.

(3) The GFSC must inform the European Commission and ESMA at the earliest opportunity of any measures taken under subsection (2).

Cooperation with other authorities.

384.(1) The GFSC must—

- (a) cooperate with, and render assistance to, other EEA States' competent authorities whenever necessary for the purpose of carrying out their respective duties and making use of their respective powers; and
- (b) in particular, coordinate their actions when dealing with cross-border cases to ensure that, in the exercise of their sanctioning and investigative powers, the sanctions or measures adopted produce the desired results.

(2) Where a request by the GFSC for cooperation has been rejected or has not been acted on within a reasonable time by the competent authority of another EEA State, the GFSC may refer the matter to ESMA.

(3) The GFSC must—

- (a) cooperate with ESMA for the purposes of the Transparency Directive, in accordance with the ESMA Regulation; and
- (b) without delay provide ESMA with all information necessary to carry out its duties under the Transparency Directive and the ESMA Regulation, in accordance with Article 35 of that Regulation.

(4) Nothing in this section prevents the GFSC from exchanging confidential information with or transmitting confidential information to the competent authorities of other EEA States, ESMA or ESRB and information so exchanged or transmitted is subject to the professional secrecy obligation in section 46

(5) The Government may conclude cooperation agreements providing for the exchange of information with the competent authorities or bodies of third countries enabled by their respective legislation to carry out any tasks under this Chapter in accordance with section 380.

(6) The Government must notify ESMA of any cooperation agreement conclude under subsection (5).

(7) A cooperation agreement must be subject to guarantees of professional secrecy at least equivalent to those in section 46 and any information exchanged under a cooperation agreement must be intended for the performance of the supervisory tasks of the authorities or bodies concerned.

(8) Where information originates in another EEA State, it must not be disclosed under a cooperation agreement without the express consent of the competent authority that disclosed it and, where appropriate, solely for the purposes for which that authority gave its consent.

PART 20 ACQUISITIONS

Introduction

Overview.

385. This Part transposes the Takeover Bids Directive.

Scope.

386.(1) This Part applies to takeover bids for the securities of companies governed by the law of Gibraltar or other EEA States, where all or some of those securities are admitted to trading on a regulated market—

- (a) in Gibraltar; or
- (b) in Gibraltar and one or more other EEA States.

(2) This Part does not apply to takeover bids for securities issued by companies, the object of which is the collective investment of capital provided by the public—

- (a) operating on the principle of risk-spreading; and
- (b) the units of which are, at the holders' request, repurchased or redeemed, directly or indirectly, out of the assets of those companies.

(3) Action taken by a company referred to in subsection (2) to ensure that the stock exchange value of its units does not vary significantly from their net asset value is to be regarded as equivalent to a repurchase or redemption.

(4) This Act does not apply to takeover bids for securities issued by EEA States' central banks.

Interpretation of Part 20.

387.(1) In this Part—

“multiple-vote securities” means securities included in a distinct and separate class and carrying more than one vote each;

“offer document” is to be construed in accordance with section 393;

“offeree company” means a company, the securities of which are the subject of a bid;

“offeror” means any person making a bid;

“parties to a bid” means the offeror, the members of the offeror’s board (if the offeror is a company), the offeree company, holders of the offeree company’s securities and the members of the offeree company’s board, and persons acting in concert with any of those parties;

“securities” means transferable securities carrying voting rights in a company; and

“takeover bid” or “bid” means a public offer (other than by the offeree company itself) made to the holders of a company’s securities to acquire all or some of those securities, whether mandatory or voluntary, which follows or has as its objective the acquisition of control of the offeree company.

(2) In this Part “persons acting in concert” means a person who cooperates with the offeror or the offeree company on the basis of an agreement or understanding (whether formal or informal) either to acquire control of the offeree company or frustrate the successful outcome of a bid.

(3) For the purposes of subsection (2) a person and each of that person’s controlled undertakings are all deemed to be persons acting in concert with each other.

(4) In subsection (3) a “controlled undertaking” means any undertaking in which a person (“P”)—

- (a) has a majority of the shareholders’ or members’ voting rights;
- (b) is a shareholder or member and at the same time has the right to appoint or remove a majority of the members of the administrative management or supervisory body; or
- (c) is a shareholder or member and alone controls a majority of the shareholders’ or members’ voting rights under an agreement entered into with other shareholders or members,

and for these purposes, P's rights as regards voting, appointment or removal include the rights of any other controlled undertaking and those of any person or entity acting in their own name but on behalf of P or any other controlled undertaking.

Competent authority.

388.(1) The GFSC is designated as the competent authority for the purposes of this Part and the Takeover Bids Directive.

(2) The GFSC is responsible for supervising bids in the following circumstances—

- (a) where the offeree company has its registered office in Gibraltar and its securities are admitted to trading on a regulated market in Gibraltar;
- (b) where the offeree company has its registered office in another EEA State and its securities are not admitted to trading on a regulated market in that State but are admitted to trading on a regulated market in Gibraltar;
- (c) where the offeree company has its registered office in another EEA State and its securities are not admitted to trading on a regulated market in that State but are admitted to trading—
 - (i) on a regulated market in Gibraltar; and
 - (ii) on a regulated market in another EEA State, but the securities were first admitted to trading on a regulated market in Gibraltar; or
- (d) where the offeree company has its registered office in another EEA State and its securities are not admitted to trading on a regulated market in that State—
 - (i) but were first admitted to trading on regulated markets in Gibraltar and one or more other EEA States simultaneously; and
 - (ii) the offeree company, by notice given on the first day of trading to those regulated markets and their competent authorities, determines that the GFSC is to supervise the bid.

(3) If securities of an offeree company to which subsection (2)(d) applies were first admitted to trading on regulated markets in more than one EEA State simultaneously before 20th May 2006, then the competent authority for the purpose the bid is—

- (a) whichever one of them the competent authorities of those States, within four weeks of that date, agreed would supervise the bid; or

- (b) where no such agreement was made, the competent authority determined by notice given by the offeree company, on the first day of trading following that four-week period, to those regulated markets and competent authorities.
- (4) The GFSC must make public, by any means it considers appropriate, that it is to be responsible for supervising bids under subsection (2)(d) or (3).
- (5) The Minister may, by regulations—

 - (b) make further provision as to the manner in which bids are to be dealt with under this Part.
- (6) Without limiting subsection (5), regulations made under subsection (5)(b) may, in particular, provide for matters relating to—

 - (c) the information to be provided to the employees of an offeree company with a registered office in Gibraltar;
 - (d) the law governing companies and, in particular, the percentage of voting rights which confers control;
 - (e) any derogation from the obligation to launch a bid; and
 - (f) the conditions under which the offeree company's board may undertake any action which might frustrate the bid.
- (7) Subject to the general principles in section 390, regulations made under subsection (5) may—
- (a) provide for such exceptions as the Minister considers to be appropriate in order to take account of circumstances in Gibraltar; and
 - (b) authorise the GFSC to waive any requirement—
 - (i) as provided for in any exception under paragraph (a); or

- (ii) in other specified circumstances and subject to the GFSC providing reasons for its decision.

Co-operation with authorities of EEA States.

389.(1) The GFSC must co-operate with the relevant authorities of other EEA States to the extent necessary—

- (a) for the GFSC to carry out its functions under this Part; or
- (b) to assist the authorities of other EEA States to carry out their functions under measures adopted in those States to implement the Takeover Bids Directive.

(2) Co-operation under subsection (1) must extend, in particular, to cases that are subject to—

- (6) The professional secrecy obligation in section 46 applies to any information exchanged under this section.

Conduct of bids, etc.

General principles.

390.(1) A takeover bid or other transaction to which this Part applies must comply with the following general principles—

- (a) all holders of the same class of securities of an offeree company must be afforded equivalent treatment and, if a person acquires control of a company, other holders of securities must be protected;
- (b) the holders of the securities of an offeree company must be afforded sufficient time and information to enable them to reach a properly informed decision on the bid and, where it advises the holders of securities, the board of the offeree company must give its views on the effects of implementation of the bid on employment, conditions of employment and the location of the company's places of business;
- (c) the board of an offeree company must act in the interests of the company as a whole and must not deny the holders of securities the opportunity to decide on the merits of the bid;
- (d) false markets must not be created in the securities of the offeree company, of the offeror company or of any other company involved in the bid in such a way that the rise or fall of the price of the securities becomes artificial and the normal functioning of the markets is distorted;
- (e) an offeror must announce a bid only after ensuring that the offeror can fulfil in full any cash consideration, if such is offered, and after taking all reasonable measures to secure the implementation of any other type of consideration; and
- (f) an offeree company must not be hindered in the conduct of its affairs by a bid for its securities for longer than is reasonable.

(2) The GFSC must ensure that the general principles are observed and for that purpose may—

- (a) give any direction that appears to be necessary in order to—
 - (i) restrain a person from acting or continuing to act in contravention of this Part;
 - (ii) restrain a person from doing or continuing to do a particular thing, pending determination of whether it or any other conduct by that person constitutes a contravention of this Part; or
 - (iii) otherwise secure compliance with this Part; and
- (b) issue guidance on the interpretation, application or effect of the general principles.

Protection of minority shareholders, the mandatory bid and the equitable price.

391.(1) Subsection (2) applies where a person (“P”)—

- (a) acquires securities to which section 386(1) applies which, when taken together with securities in which persons acting in concert with P are interested, carry 30% or more of the voting rights of a company; or
- (b) together with any person acting in concert with P—
 - (i) is interested in securities to which section 386(1) applies which in the aggregate carry not less than 30% of the voting rights of a company but does not hold shares carrying more than 50% of those voting rights; and
 - (ii) acquires an interest in any other securities which increases the percentage of securities carrying voting rights in which P is interested.

(2) The GFSC must direct P—

- (a) to make a bid as a means of protecting the minority shareholders of that company; and
- (b) to address the bid at the earliest opportunity to all holders of securities for all their holdings at an equitable price.

(3) Subsection (2) does not apply where P has acquired control of the company following a voluntary bid made to all the holders of securities for all their holdings in accordance with this Part.

(4) Subsections (1) and (2) do not apply to any change of control of a company to which section 386(1) applies that arises from the use of the resolution tools, powers and mechanisms provided for in Title IV of the Recovery and Resolution Directive.

(5) In subsection (2) an “equitable price” means—

- (a) the highest price paid for the same securities by P, or by persons acting in concert with P, during the period, prescribed in regulations made by the Minister, of not less than six months and not more than 12 months before the bid is made (“the offer price”); or
- (b) where, after the bid has been made public and before the offer closes for acceptance, P or any person acting in concert with P purchases securities at a price higher than the offer price, the highest price paid for the securities so acquired,

and where paragraph (b) applies, P must increase the offer to the highest price.

(6) Subject to the general principles in section 390, the Minister may by regulations—

- (a) authorise the GFSC to adjust the equitable price in circumstances and in accordance with criteria that are clearly defined;
- (b) specify the circumstances in which the highest price may be increased or reduced, for example—
 - (i) where the highest price was set by agreement between the purchaser and a seller;
 - (ii) where the market prices of the securities in question have been manipulated;
 - (iii) where market prices in general or certain market prices in particular have been affected by exceptional occurrences; or
 - (iv) in order to enable a company in difficulty to be rescued; or
- (c) specify the criteria to be applied in such cases, for example—
 - (i) the average market value over a particular period;
 - (ii) the break-up value of the company; or
 - (iii) other objective valuation criteria generally used in financial analysis.

(7) Any decision by the GFSC to adjust the equitable price in accordance with regulations made under subsection (6) must be substantiated and made public.

(8) P may offer securities, cash or a combination of both as consideration for a bid but must offer a cash alternative where—

- (a) the consideration offered does not consist of liquid securities admitted to trading on a regulated market; or
- (b) P or persons acting in concert with P have purchased for cash securities carrying 5% or more of the voting rights in the company during the period—
 - (i) beginning at the same time as the period determined in accordance with subsection (5)(a); and
 - (ii) ending when the offer closes for acceptance.

(9) A cash consideration must be offered, at least as an alternative, in all cases.

(10) Without limiting any other provision of this section, the Minister may by regulations provide for further measures to protect the interests of the holders of securities as the Minister considers appropriate, but those measures must not hinder the normal course of a bid.

Bids to be made public.

392.(1) Subject to subsection (2), a decision by any person to make a bid must be made public without delay and the person must inform the GFSC of the bid at the first reasonable opportunity.

(2) The Minister may, by regulations, require that the GFSC must be informed before a decision by any person to make a bid is made public.

(3) Where a bid has been made public, the boards of the offeree and offeror companies must inform the representatives of their respective employees or, where there are no such representatives, the employees themselves of the fact.

- (b) when it is made public, must be communicated by the boards of the offeree and offeror companies to the representatives of their respective employees or, where there are no such representatives, to the employees themselves.

(3) Subject to subsection (4), the Minister may, by regulations, provide that an offer document communicated to the GFSC under subsection (2) is not to be made public or issued to the holders of the offeree company's securities until the GFSC certifies that the document complies with the provisions of this Part.

(4) Where an offer document issued by a company with securities admitted to trading on a regulated market in Gibraltar has been approved by the authorities of another EEA State—

- (a) that approval is to be recognised for the purposes of this Part, subject to any translation required, without it being necessary to obtain the approval of the GFSC; and
- (b) the GFSC may require the inclusion of additional information in the offer document where such information is specific to the Gibraltar market and relates to—
 - (i) the formalities to be complied with to accept the bid and to receive the consideration due at the close of the bid; and

395.(1) The time allowed by an offeror for acceptance of a bid must be not be less than two weeks nor more than ten weeks from the date of publication of the offer document.

(2) An offeror may extend the period during which a bid will remain open for acceptance but only if–

- (b) doing so will not be contrary to the general principle in section 390(1)(f).

(3) The GFSC may grant a derogation from the period referred to in subsection (1) to allow the offeree company to call a general meeting of shareholders to consider the bid.

(4) The Minister may by regulations provide for the periods specified in subsection (1) to be varied in specified cases.

Disclosure.

396.(1) A bid must be made public in a way which–

Obligations of the board of an offeree company.

397.(1) During the relevant bid period, the board of an offeree company must obtain the prior authorisation of the general meeting of shareholders—

- (a) before taking any action (other than seeking alternative bids) which may result in the frustration of a bid; and
- (b) in particular, before issuing any new shares which may result in a lasting impediment to the offeror acquiring control of the offeree company.

(2) In this section the “relevant bid period” means the period from the time the board of the offeree company receives the information in section 392 concerning the bid until the result of the bid is made public or the bid lapses.

(3) The Minister may, by regulations, amend subsection (2) so that the relevant bid period begins at an earlier stage, for example, once the board of the offeree company becomes aware that the bid is imminent.

(4) A decision taken by an offeree company before the beginning of the relevant bid period but not partly or fully implemented before then must be approved or confirmed by a general meeting of shareholders if the decision—

(8) For the purposes of this section, where a company has a two-tier board structure, “board” means both the management board and the supervisory board.

Suspension or removal by trading venue

Suspension or removal from trading by trading venue operators.

430.(1) A trading venue operator may suspend or remove from trading on the trading venue a financial instrument which no longer complies with the venue's rules, except where suspension or removal would be likely to cause significant damage to the interests of investors or the orderly functioning of the market.

(2) Where a trading venue operator suspends or removes a financial instrument from trading, it must also suspend or remove from trading any derivative that relates or is referenced to that financial instrument, where doing so is necessary to support the objectives of the suspension or removal from trading of that financial instrument.

(3) A trading venue operator that suspends or removes a financial instrument (including any related derivative) from trading must—

- (a) inform the GFSC; and
- (b) make its decision public.

(4) Subsection (3) also applies (with any necessary modifications) when a trading venue operator ends the suspension from trading of a financial instrument or related derivative.

(5) This section applies without affecting any power of the GFSC to require the suspension or removal of a financial instrument from trading.

(2) The GFSC must require any trading venue or systematic internaliser which trades the same instrument or derivative to suspend or remove it from trading if the suspension or removal under subsection (1) was due to—

- (a) suspected market abuse;
- (b) a take-over bid; or
- (c) the non-disclosure of inside information about the issuer or the instrument,

unless such a step would be likely to cause significant damage to the interests of investors or the orderly functioning of the financial markets.

(3) The GFSC must revoke a requirement imposed under subsection (2) if the trading venue operator informs the GFSC that it has lifted the suspension or removal imposed under subsection (1).

(4) The GFSC must—

- (a) inform ESMA and the competent authorities of all other EEA States of any decision to impose, not to impose, or to revoke a requirement under subsection (2);
- (b) provide ESMA and those competent authorities with an explanation of any decision not to impose a requirement under subsection (2) because it would be

likely to cause significant damage to the interests of investors or the orderly functioning of the financial markets; and

- (c) publish its decision in the manner that it considers appropriate.

Suspension or removal in other EEA States

Suspension or removal from trading in another EEA State.

432.(1) The GFSC must take the steps in subsections (2) and (3) if it is informed that a competent authority of another EEA State has made a decision to—

- (b) suspend or remove a derivative from trading on a trading venue or systematic internaliser in that State—
- (i) which relates, or is referenced, to a financial instrument which it has suspended or removed from trading under paragraph (a); and
 - (ii) which is suspended or removed from trading to support the objectives of suspending or removing that financial instrument from trading.

(2) The GFSC must require any trading venue or systematic internaliser which trades the same instrument or derivative to suspend or remove it from trading if the suspension or removal was due to—

- (a) suspected market abuse;
- (b) a take-over bid; or
- (c) the non-disclosure of inside information about the issuer or the instrument.

(3) The GFSC must revoke a requirement imposed under subsection (2) if the competent authority of the other EEA State informs the GFSC that it has ended the relevant suspension or removal.

(4) For the purposes of subsection (1) the GFSC is informed of a decision under that subsection when the competent authority that made the decision, the competent authority of any other EEA State, or ESMA informs the GFSC of the decision for the purposes of Article 32.2 or 52.2 of the MiFID 2 Directive.

(3) The GFSC must—

(a) register an audit firm if it is satisfied that the audit firm is registered with the competent authority in its home State; and

(b) inform the competent authority in the home State of the registration of the audit firm.

(4) Where the GFSC intends to rely on a certificate attesting to the registration of the audit firm in its home State, the GFSC may require that the certificate issued by the competent authority in the home State be not more than three months old.

Good repute.

476. The GFSC may grant approval under this Part only to individuals or firms of good repute.

- (b) the audit firm must fulfil the conditions in section 474(3)(b) or (c).

(3) The period of up to 30 days in subsection (2) does not apply in any case where the Minister certifies that the public interest of Gibraltar requires the GFSC–

- (a) to allow a statutory auditor or audit firm a period of less than 30 days specified in the certificate; or
- (b) immediately to withdraw a statutory auditor's or audit firm's approval.

(4) Where the GFSC withdraws approval of a statutory auditor or audit firm for any reason, it must communicate that decision and the reasons for it to the competent authorities of those host States where the statutory auditor or audit firm is also registered in accordance with Articles 3a, 16.1(c) and 17.1(i) of the Audit Directive.

Approval of statutory auditors from other EEA States.

(2) Subject to subsection (3), those procedures must require an applicant to pass an aptitude test, which must be conducted in English and test the applicant's knowledge of the law of Gibraltar (which includes the rules of professional conduct) in so far as it is relevant to statutory audits.

(3) An aptitude test must not be required in any case where the GFSC is satisfied that the applicant holds a professional qualification which has covered the knowledge which would be covered by an aptitude test.

(4) The GFSC must cooperate with the competent authorities in other EEA States and with CEAOB, in accordance with Article 14.3 of the Audit Directive, with a view to achieving the convergence of aptitude test and other compensation measure requirements and enhancing their transparency and predictability.

(8) A person or firm referred to in subsection (6) must not solicit or accept pecuniary and non-pecuniary gifts or favours from an audited entity or any entity related to an audited entity unless an objective, reasonable and informed third party would consider the value of any gift or favour as being trivial or inconsequential.

(9) If, during the period covered by its financial statements, an audited entity is acquired by, merges with, or acquires another entity, the statutory auditor or audit firm must–

- (a) identify and evaluate any current or recent interests or relationships (including any non-audit services provided to that entity) which, taking into account available safeguards, could compromise the auditor's independence and ability to continue with the statutory audit after the effective date of the merger or acquisition; and
- (b) as soon as reasonably possible, and in any event within three months–
 - (i) take the steps that may be necessary to terminate any current interest or relationship that would compromise its independence; and

Publication of sanctions and other statements

Publication of sanctioning action.

616.(1) Subject to section 617, the GFSC may publish on its website only details of any sanctioning action taken under this Act in respect of a contravention of a regulatory requirement.

- (b) the type and nature of the contravention; and
- (c) the details of the sanctioning action taken.

(4) The GFSC must ensure that any publication is of proportionate duration and remains on its website for not more than two years or, if longer, the period during which any sanction imposed applies (and, for the purposes of publication, a sanction which is imposed without a specific duration is to be regarded as having a duration of three years).

(5) The GFSC must ensure that personal data is only retained on the website for so long as is necessary, in accordance with the data protection legislation.

Restrictions on publication.

617.(1) The GFSC must take one of the steps in subsection (2) where—

- (a) following an obligatory prior assessment, it considers that it would be disproportionately unfair or prejudicial (taking into account both the GFSC's regulatory objectives and the effect on the person or persons concerned) to publish the identity of the person, or personal data of an individual or details of a sanctioning action from which such person could be directly, indirectly or through related common knowledge in Gibraltar identified;
- (b) it considers that publication would jeopardise the stability of financial markets, an ongoing investigation or a regulatory objective of the GFSC; or
- (c) it considers that the public interest does not require publication or that it should not publish for any other good reason.

(2) Those steps are—

- (a) to defer publication until the reasons for non-publication cease to exist;
- (b) to publish on an anonymous basis; or
- (c) not to publish.

(3) The GFSC may not publish the fact or details of a sanctioning action during the period specified in section 615(2) during which an appeal may be made or, if an appeal is made, until the appeal and any further appeal is finally determined or withdrawn.

Publication of statements.

617A.(1) The GFSC may not issue or publish any statement which is critical of or adverse or prejudicial to an authorised firm, a regulated individual (within the meaning of Part 8), a connected person or any other person until—

- (a) a decision notice has been issued in respect of the matter to which the proposed statement relates; and
- (b) the period specified in section 615(2) during which an appeal may be made has expired or, if an appeal is made, until the appeal and any further appeal is determined or withdrawn.

(2) Subsection (1) does not apply if—

- (a) the Minister has given prior consent to the publication of the statement (including its content);

Additional information [insert as appropriate]

¹Scheme responsible for the protection of your deposit

Your eligible deposit is covered by a statutory deposit guarantee scheme. The Gibraltar Deposit Guarantee Scheme is defined in Part 15 of the Financial Services Act 2019. If insolvency of your credit institution should occur, your eligible deposits would in any case be repaid up to €100,000 (or the currency equivalent at the time of disbursement) by the Deposit Guarantee Scheme.

²General limit of protection.

If a covered deposit is unavailable because a credit institution is unable to meet its financial obligations, depositors are repaid by a Deposit Guarantee Scheme. This repayment covers at maximum €100,000 (or the currency equivalent at the time of disbursement) per credit institution. This means that all eligible deposits at the same credit institution are added up in order to determine the coverage level. If, for instance a depositor holds a savings account with €90,000 and a current account with €20,000, he or she will only be repaid €100,000 (or currency equivalent).

[Insert where applicable] This method will also be applied if a credit institution operates under different trading names. The [insert name of the account-holding credit institution] also trades under [insert all other trademarks of the same credit institution]. This means that all deposits with one or more of these trading names are in total covered up to €100,000 (or the currency equivalent).

In some cases eligible deposits which are categorised as ‘temporary high balances’ are protected above €100,000 (or the currency equivalent) for six months after the amount has been credited or from the moment when such eligible deposits become legally transferable. These are eligible deposits connected with certain events, including:

- (a) certain transactions relating to the depositor’s current or prospective only or main residence or dwelling;
- (b) a death, or the depositor’s marriage or civil partnership, divorce, retirement, dismissal, redundancy or invalidity;
- (c) the payment to the depositor of insurance benefits or compensation for criminal injuries or wrongful conviction.

³Limit of protection for joint accounts

In case of joint accounts, the limit of €100,000 (or currency equivalent) applies to each depositor.

However, eligible deposits in an account to which two or more persons are entitled as members of a business partnership, association or grouping of a similar nature, without legal

personality, are aggregated and treated as if made by a single depositor for the purpose of calculating the limit of €100,000 (or currency equivalent).

⁴Reimbursement

The responsible deposit guarantee scheme is the Gibraltar Deposit Guarantee Scheme, [insert the Scheme's postal address, email address and telephone number]. Except where specific exceptions apply, it will repay your eligible deposits (up to €100,000, or currency equivalent) within:

- (a) 15 working days until 31st December 2020;
- (b) 10 working days from 1st January 2021 to 31st December 2023; and
- (c) 7 working days from 1st January 2024 onwards.

Where the Deposit Guarantee Scheme cannot make the repayable amount available within seven working days, it will, until 31st December 2023, ensure that you have access to an appropriate amount of your covered deposits to cover the cost of living (in the case of a depositor who is an individual) or to cover necessary business expenses (in the case of a depositor which is not an individual or a large company) within five working days of a request. Again, there are specific exceptions to this obligation.

If you have not been repaid within these deadlines, you should contact the Deposit Guarantee Scheme since the time to claim reimbursement may be barred after a certain time limit. Further information can be obtained under [insert the Scheme's website address].

Other important information

In general, all retail depositors and businesses are covered by deposit guarantee schemes. Exceptions for certain deposits are stated on the website of the responsible deposit guarantee scheme. Your credit institution will also inform you on request whether certain products are covered or not. If deposits are eligible, the credit institution must also confirm this on the statement of account.

11.(1) The reference in paragraph 8 to money market instruments as instruments which are “liquid” is to be understood as a reference to financial instruments which can be sold at limited cost in an adequately short time frame, taking into account the obligation of a UCITS scheme to repurchase or redeem its units at the request of any unit holder.

(2) The reference in paragraph 8 to money market instruments as instruments “which have a value which can be accurately determined at any time” is to be understood as a reference to financial instruments for which accurate and reliable valuations systems are available, being systems that—

- (a) enable the UCITS scheme to calculate a net asset value in accordance with the value at which the financial instrument held in the portfolio could be exchanged between knowledgeable willing parties in an arm’s length transaction; and
- (b) are based either on market data or on valuation models including systems based on amortised costs.

(3) The criteria referred to in sub-paragraphs (1) and (2) are to be presumed as being met in the case of financial instruments which—

- (a) are normally dealt in on the money market for the purposes of paragraph 8; and
- (b) are admitted to, or dealt in, on a regulated market in accordance with paragraph 1(a), (b) or (c).

- (b) for the purposes of paragraph 1(g).

(3) The liquid financial assets in which a UCITS scheme is permitted to invest must not include derivatives on commodities.

13.(1) Financial derivative instruments referred to in paragraph 1(g) are to be taken to include instruments which meet the following criteria—

- (a) they allow the transfer of the credit risk of an asset as referred to in paragraph 12(1)(a) independently from the other risks associated with that asset;
- (b) they do not result in the delivery or in the transfer, including in the form of cash, of assets other than those referred to in paragraph 1 or 2;
- (c) they comply with the criteria for OTC-derivatives in paragraph 1(g)(ii) and (iii) and in sub-paragraphs (2) and (3);
- (d) their risks are adequately captured by the risk management process of the UCITS scheme, and by its internal control mechanisms in the case of risks of asymmetry of information between the UCITS scheme and the counterparty to the credit derivative resulting from potential access of the counterparty to non-public information on firms the assets of which are used as underlyings by credit derivatives.

(2) For the purposes of paragraph 1(g)(iii), the reference to fair value is to be understood as a reference to the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm’s length transaction.

Dedicated communication channels.

5.(1) The GFSC must establish communication channels which are independent, autonomous, secure and ensure confidentiality, for receiving and following-up contravention reports (“dedicated communication channels”).

(2) A dedicated communication channel is independent and autonomous if it meets all of the following criteria–

Personal data.

7. The GFSC must store the records referred to in paragraph 6 in a confidential and secure system that is subject to access restrictions which ensure those records are only available to GFSC staff members for whom access to that data is necessary to perform their professional duties.

Data transmission.

8.(1) The GFSC must have adequate arrangements for transmitting, both within and outside of the GFSC, the personal data of reporting persons and reported persons.

(2) The GFSC must ensure that the transmission of data related to a contravention report does not–

- (a) disclose the identity of the reporting person or reported person, whether directly or indirectly; or
- (b) refer to circumstances that would allow the identity of the reporting person or reported person to be deduced.

(3) Sub-paragraph (2) does not apply to a transmission made in accordance with the confidentiality regime referred to in paragraph 4(1)(d).

Protection of employed persons.

9.(1) The GFSC must establish arrangements for the effective exchange of information and cooperation in respect of whistle-blower protection between the GFSC and–

- (b) effective assistance from the GFSC before any relevant authority involved in the person’s protection against unfair treatment, including certification by the GFSC in any employment dispute of the reporting person’s status as a whistle-blower.

Protection of reported persons.

10.(1) Where the identity of a reported person is not known to the public, the GFSC must ensure that the person's identity is protected in the same manner as a person who is the subject of an investigation by the GFSC.

(2) The requirements of paragraph 7 also apply to records which contain the identity of a reported person.

Review of procedures.

11.(1) The GFSC must review its procedures for receiving and following up contravention reports.

(2) Reviews under sub-paragraph (1) must be conducted regularly and, in any event, not less than once every two years.

(3) In conducting a review under sub-paragraph (1), the GFSC must—

(2) Where an authorisation under a repealed enactment is subject to any terms, conditions or requirements, an authorisation, permission, approval, registration or licence granted under paragraphs 2 to 5 is subject to the same terms, conditions or requirements (if any).

Transitional provision in respect of regulated activities.

2. A person who, immediately before Part 2 comes into operation, is authorised to carry on a regulated activity under a corresponding provision of a repealed enactment is to be treated as if that authorisation is a permission to carry on the regulated activity in question granted by the GFSC in accordance with this Act.

Transitional provision in respect of collective investment and pension schemes, etc.

3. Each of the following—

- (a) a collective investment scheme authorised under the Financial Services (Collective Investment Schemes) Act 2011;

Transitional provision in respect of Statutory auditors and audit firms.

Transitional provision in respect of offences and enforcement activity.

7. Despite its repeal by this Act, a repealed enactment is to continue to have effect in connection with—

- (a) any investigation or proceedings in respect of an offence under the enactment which is alleged to have been or was committed before its repeal; or
- (b) any supervisory or enforcement activity by the GFSC in respect of any matter to which the enactment relates and which was brought to the GFSC's attention before its repeal,

whichever comes first.

(3) If, within 12 months of the date that Part 8 comes into operation, the firm applies for approval of an individual to perform the regulated function, the period referred to in sub-paragraph (2)(a) is extended until the application and any appeal from a decision on that application has been determined.
