Health certificate for meat products.

Schedule 9.

Health certificate for fresh poultry meat intended for consignment to a member state of the EEC

Schedule 10.

Label to be affixed to large packages of poultry meat intended for a certain destination.

IMPORTED FOOD REGULATIONS, 1988

Subsidiary 1988/020

This version is out of date

PART 1. PRELIMINARY.

Title and commencement.

1. These regulations may be cited as the Imported Food Regulations 1988 and shall come into operation on the 1st day of March, 1988.

Interpretation.

- 2.In these regulations unless the context otherwise requires -
 - 'authorised officer' means an authorised officer of the Government and for the purposes of these regulations has the meaning otherwise assigned to it by Section 31 of the Act but does not include the Chief Environmental Health Officer;
 - 'competent authority' means an authority having power under the laws in force in any country to examine food and to certify as to its fitness for human consumption;
 - 'customs officer' has the meaning assigned to it in the Imports and Exports Act 1986;
 - 'Director' means the Chief Environmental Health Officer;
 - 'food' includes drink, chewing gum and other products of a like nature and use, and articles and substances used as ingredients in the preparation of food or drink or of such products, but does not include -
 - (a) water, live animals or birds,
 - (b) articles and substances used only as drugs, or
 - (c) milk, which has the meaning given to it in the Milk Regulations 198;
 - 'fresh meat' means the flesh or other edible parts of a mammal or bird, which has not been subjected to any treatment or process other than chilling, freezing, vacuum packing or packing in a controlled atmosphere and includes minced chopped or mechanically recovered meat, and meat treated by the addition of seasonings;

'the Government' means the Government of Gibraltar;

This version is out of date

Subsidiary 1988/020

- 'hovercraft' means a vehicle which is designed to be supported when in motion wholly or partly by air expelled from the vehicle to form a cushion of which the boundaries include the ground, water or the surface beneath the vehicle;
- 'importer', in relation to imported food, includes any person who, whether as owner, consignor, consignee, agent or broker, is in possession of the food or in any way entitled to the custody of or control of it;
- 'master', in relation to a ship, aircraft or hovecraft, includes the officer or any other person for the time being in charge or command of the ship, aircraft or hovercraft;

'the Act' means the Food and Drugs Act.

Presumption as to food commonly used for human consumption.

3.For the purposes of these regulations, any food commonly used for human consumption shall, if imported for sale or for use in the preparation of food for sale, be presumed, until the contrary is proved, to have been imported for sale, or, as the case may be, for use in the preparation of food for sale, for human consumption.

Enforcement.

4. The authority responsible for the enforcement of these regulations shall be the Government of Gibraltar.

PART II.ALL IMPORTED FOOD.

Prohibition on importation of unfit food.

- 5.(1) No person shall import into Gibraltar any food intended for sale for human consumption-
 - (a) which has been rendered injurious to health by means of any operation described in section 3(1) of the Act;
 - (b) which has been examined by a competent authority and found at the time of examination not to be fit for human consumption;

IMPORTED FOOD REGULATIONS, 1988

Subsidiary 1988/020

This version is out of date

- (c) which is otherwise unfit for human consumption or is unsound or unwholesome; or
- (d) in the preparation of which any such food as aforesaid has been used.
- (2) In any proceedings for an offence against paragraph (1)(c) of this regulation, it shall be a defence for the defendant to prove that at the time when he imported the food he did not know, and could not with reasonable diligence have ascertained, that it was unfit for human consumption or unsound or unwholesome.

Examination of imported food.

- 6.(1) An authorised officer may at all reasonable times examine any food intended for sale for human consumption which is imported into Gibraltar, and where on examination it appears to the authorised officer that any such food is being or has been imported in contravention of regulation 5, he may by notice in writing to the importer and to any other person in possession of the food require that, until the food has been dealt with by a justice of the peace, it shall not, without the consent of the authorised officer, be moved from the place of examination or from any other place specified in the notice.
- (2) If on such examination being made it appears to an authorised officer that the food is being or has been imported in contravention of regulation 5, he may deal with it as food falling within section 10(1) of the Act (which relates to the examination and seizure of suspected food); and subsections (2) to (4) of that section shall apply in relation to such food and to regulation 5 as they apply in relation to food seized under that section and to section 9 of the Act (which relates to offences).
- (3) If the food is fresh meat, or is a meat product as defined in regulation 10(1), the following further provisions shall apply.
 - (a) Every notice served under paragraph (1) shall
 - (i) specify the grounds upon which it is based, and
 - (ii) inform the person to whom it is addressed of his right to serve a counter-notice in accordance with subparagraph (d) below, if the food is subject to any of the directives specified in subparagraph (b) below.

This version is out of date

Subsidiary 1988/020

- (b) The directives referred to in subparagraph (a) are Council Directive 64/433/EEC on health problems affecting intra-Community trade in fresh meat; Council Directive 71/118/EEC on health problems affecting trade in fresh poultrymeat; and Council Directive 77/99/EEC on health problems affecting intra-Community trade in meat products.
- (c) The authorised officer shall after service of the notice provide the Director with full details of the food and the reasons for its rejection or condemnation.
- (d) A person served a notice under paragraph (1) above may, within seven days of receipt thereof, serve a counter-notice in writing on the authorised officer, stating that the food is subject to one of the directives specified in subparagraph (b) above, and requiring him, before the food is dealt with by a justice of the peace, to obtain the opinion of an independent veterinary expert, to be nominated by the Director, as to the condition of the food and the validity of any matter specified in the notice as a ground on which it is based.
- (e) Upon receipt of such a counter-notice the authorised officer shall inform the Director of its contents and request the nomination by him of an independent veterinary expert for the said purpose.
- (f) If it appears to the Director that the food is food which is not subject to any of the directives specified in subparagraph (b) above, he shall so inform the person serving the notice under subparagraph (d), whereupon the food shall be dealt with by a justice of the peace.
- (g) If it appears to the Director that the food is food which is subject to any of the directives specified in subparagraph (b) above, he shall arrange for the Commission of the European Economic Community to be consulted as to the nomination of an appropriate independent veterinary expert, who shall be a national of a member state of the said Community other than the exporting country, Gibraltar or the United Kingdom.
- (h) The Director shall nominate an independent veterinary expert, acting on the advice of the Commission of European Economic Community, to determine—

IMPORTED FOOD REGULATIONS, 1988

Subsidiary 1988/020

This version is out of date

- (i) whether the food is being, or has been, imported in contravention of regulation 5, and
- (ii) the accuracy and relevance of any matter specified under subparagraph (a)(i) above as a ground on which the notice served under paragraph (1) above was based.
- (i) The independent veterinary expert so nominated shall examine the food and determine the matters referred to in subparagraph (h) above, and shall give his written opinion thereon to the authorised officer.
- (j) Within seven days of receipt by him of that written opinion the authorised officer-
 - (i) shall make it available to the person who, under subparagraph (d) above, has required it to be obtained, and
 - (ii) may rescind the notice given by him under paragraph (1) above by serving written notice to that effect on that person.
- (k) If, within seven days after receipt by him of that written opinion the authorised officer has not rescinded the notice given by him under paragraph (1) above, the food shall be dealt with by a justice of the peace.
- (4) An authorised officer may require any person who imports any food intended for sale for human consumption to take the food to any such place as the authorised officer may direct for the purpose of examining the food.

Special examinations.

- 7.(1) Where an authorised officer is of the opinion that a special procedure is necessary for the examination of food, or where at the request of the importer he has recourse to such special procedure, the importer shall provide all such facilities as the authorised officer may reasonably require for the examination of such food.
- (2) An authorised officer may by notice in writing to the importer or to any other person in possession of the imported food prohibit or restrict the removal or delivery of the food during any period, not exceeding six days (exclusive of Saturdays, Sundays and public holiday), which may reasonably

This version is out of date

Subsidiary 1988/020

be required for the examination of the food: and the notice shall specify the period and the procedure required for that examination.

(3) When a notice under paragraph (2) of this regulation has been given to an importer or to any other person in possession of the imported food he may appeal against the notice to a magistrates court, and the court may direct that the notice be withdrawn or that such shorter period be fixed as appears reasonable in the circumstances.

Consent of the Customs Officer.

8. Where the duties of a customs officer with regard to the examination of a cargo or consignment comprising food have not been wholly discharged, no examination of the food shall be made or sample procured for the purposes of these regulations without his consent; but every customs officer shall afford such facilities as the circumstances require for such examination of the food to be made or sample to be taken.

Power of customs officer.

- 9.(1) An authorised officer may request a customs officer (either orally or in writing) to prohibit the removal of imported food which has not been cleared from customs charge until it has been examined by an authorised officer and such a request may be made in relation to a particular consignment of food or in relation to food of any class or description specified in the request. A request made orally under this paragraph shall be confirmed in writing.
- (2) Where a request has been made under the last preceding paragraph, the customs officer shall by notice in writing give to the importer or master of the ship, aircraft or hovercraft in which the food is imported require that, until the food has been examined by an authorised officer, it shall not be removed from the place specified in the notice, and he shall at the same time inform the enforcing authority of the effect of the notice.
- (3) An authorised officer shall, without undue delay, examine any food in respect of which a notice has been given by a customs officer under this regulation and shall send to that officer a copy of any notice or certificate issued by him in accordance with these regulations, or a statement in writing of any action taken by him under any other provision of these regulations in respect of that food.
- (4) Where a customs officer has given notice under paragraph (2) of this regulation forbidding removal of any food, such food shall not, prior to us inspection by an authorised officer, be removed by any person contrary to

IMPORTED FOOD REGULATIONS, 1988

Subsidiary 1988/020

This version is out of date

the terms of the notice except with the written permission of either such officer.

PART III.MEAT AND MEAT PRODUCTS.

Interpretation and application of Part III.

10.(1) In this part-

- 'bulk lard' means lard or any other rendered mammal or poultry fat transported unpackaged in the tank of a ship, aircraft, hovercraft or road vehicle;
- 'carcase' means the whole body of a slaughtered animal or bird after bleeding, skimming (except pigs) or plucking, evisceration (including removal of the thick skirt and kidneys) and removal of the limbs at the carpus (except birds) and tarsus, the head, the tail (except birds) and the udder;
- 'designated person' means a person having power under the laws in force in a country of origin to examine food and to certify as to its fitness for human consumption;
- 'health mark' means a label, mark, seal, brand, stamp or other voucher;
- 'meat product' means any product prepared wholly or partly from fresh meat (which has undergone treatment to ensure a certain degree of preservation) but excluding fresh meat and those products specified in Schedule 1;
- 'offal' means fresh meat other than that of the carcase as defined in this paragraph, whether or not naturally connected to the carcase;
- 'package' means an outer container of any material into which any fresh meat or meat product is placed, but shall not include a bulk container which may become part of a road vehicle or of a trailer to such a vehicle; and 'packaging' shall be construed accordingly;
- 'pig' includes a boar, sow and hog;
- 'poultry' means domestic fowls, turkeys, guinea fowls, ducks and geese;
- 'scraps and trimmings' means small pieces and trimmings being muscular or other tissues or fat weighing less than one hundred

This version is out of date

Subsidiary 1988/020

grammes, which have been removed from an animal during the preparation of wholesale cuts, the boning, cutting or trimming of fresh meat or the preparation of fresh meat for the retail trade;

'transport' means the movement or conveyance of any fresh meat or meat product from one place to another place;

- 'wrapping' means the protection of fresh meat or meat product by the use of an initial wrapping of any material or initial container in direct contact with fresh meat or meat product concerned, and also the initial wrapping material or initial container itself, and 'wrapped' shall be construed accordingly.
- (2) This Part applies to any fresh meat, or meat product, but does not apply to any article of food specified in Schedule 1

Requirements as to health marks etc for imported meat.

- 11.(1) No person shall import into Gibraltar for sale for human consumption any fresh meat, meat product or bulk lard, from any place elsewhere than the United Kingdom unless it bears a health mark which -
 - (a) shall be so placed as to be legible and clearly visible;
 - (b) conforms to the requirements of Schedule 3; and
 - (c) is recognised by the Chief Environmental Health Officer in accordance with paragraph (3) of this regulation.
- (2) No person shall import into Gibraltar for sale for human consumption any fresh meat or meat product unless it has been wrapped and packed, and is transported, in accordance with the requirements of Schedule 4.
- (3) The Chief Environmental Health Officer shall recognise a health mark which appears to him to show-
 - (a) that the fresh meat to which it relates, or the meat from which the meat product to which it relates was prepared, was derived from mammals or birds inspected before and immediately after death, or in the case of mammals or birds killed when wild, was derived from mammals or birds inspected immediately after death only, and passed in accordance with criteria satisfactory to the Chief Environmental Health Officer; and

IMPORTED FOOD REGULATIONS, 1988

Subsidiary 1988/020

This version is out of date

- (b) that the dressing, packing and other preparation of the fresh meat or meat product was carried out with all necessary precautions for the prevention of danger to health,
- and the recognition may be made subject to conditions and any such recognition or condition may be varied or revoked.
- (4) In relation to any fresh meat of a description specified in Schedule 5 there shall he included in the recognition referred to in paragraph (3) of this regulation a statement to the effect that the said recognition extends to that description of fresh meat; and any such recognition which does not contain a statement to that effect shall be deemed not to confer any recognition in respect of any description of meat set out in Schedule 5.
- (5) The Chief Environmental Health Officer shall keep a record of every health mark recognised by him and of any conditions to which such recognition is subject to, and such record shall be available for inspection by members of the public during normal working hours.

Requirements as to health certificates.

- 12.(1) No person shall import into Gibraltar for sale for human consumption any fresh meat which is derived from domestic bovine animals (including buffalo), swine, sheep, goats, solipeds or poultry, or any meat product (other than a meat product listed in Schedule 2) in the preparation of which any fresh meat was used, except under a permit granted by the Chief Environmental Health Officer.
- (2) It shall be a condition of every such permit, that any fresh meat or meat product described in paragraph (1) of this regulation is accompanied by a health certificate which is valid in accordance with the requirements of paragraph (4) of this regulation.
- (3) Except that it shall not be a condition of any such permit for any meat product described in paragraph (1) of this regulation which has been manufactured and packed in the United Kingdom to be accompanied by a health certificate.
 - (4) A health certificate is valid if-
 - (a) in the case of a certificate which relates to fresh meat which is derived from domestic bovine animals (including buffalo), swine, sheep, goats or solipeds imported from the Channel Islands or from any member state of the European Economic Community it corresponds in form and content to the model in

This version is out of date

Subsidiary 1988/020

Schedule 6, and it contains the information specified in that model;

- (b) in the case of a certificate which relates to fresh meat which is derived from domestic bovine animals (including buffalo), swine, sheep, goats or solipeds imported from any country not being the Channel islands or a member state of the European Economic Community, it corresponds in form and content to the model in Schedule 7, and it contains the information specified in that model;
- (c) in the case of a certificate which relates to meat products imported from any country, except for paragraph (3) of this regulation, it corresponds in form and content to the model in Schedule 8 and it contains the information specified in that model or equivalent information;
- (d) in the case of a certificate which relates to poultry meat, it corresponds in form and content to the model in Schedule 9 and contains the information specified in that model;
- (e) it is expressed at least in the English language; and
- (f) it is issued by a designated person.

Lost, damaged or defective health marks and certificates

- 13.(1) In any case where the importation into Gibraltar of any fresh meat or meat product is not permitted by an authorised officer, having regard to the provisions of regulation 11 or 12, he may forthwith notify the Director to that effect, and in that case shall furnish him with all relevant information in his possession.
- (2) On receipt of such notification and information the Director shall make such enquiries as he considers appropriate, and shall communicate the results of his enquiries to the authorised officer.
- (3) If, after taking into consideration the results of the Director's enquiries, and after consultation with the Director, the authorised officer is satisfied that -
 - (a) the fresh meat or meat product originally came from a country in respect of which a health mark is for the time being recognised by the Director pursuant to regulation 11;

IMPORTED FOOD REGULATIONS, 1988

Subsidiary 1988/020

This version is out of date

- (b) the fresh meat or meat from which the meat product was prepared, was derived from mammals or birds, as the case may be, inspected before and immediately after death, or in the case of mammals or birds killed while wild, was derived from mammals or birds inspected immediately after death only, by a designated person and passed in accordance with criteria satisfactory to the Director; and
- (c) the dressing, packing and other preparation of the fresh meat or meat product were carried out with all necessary precautions for 'the prevention of danger to health,

and notifies the Director in writing to that effect, the provisions of regulations 11 and 12 shall have effect in relation to the fresh meat or meat product as if it had been accompanied by a health mark or certificate or both in compliance with the relevant requirements of those regulations.

Disposal of meat imported contrary to the regulations.

- 14.(1) If upon examination of any food an authorised officer is of the opinion that it comprises any fresh meat or meat product imported into Gibraltar in contravention of the provisions of regulation 11 or 12 or that it comprises any fresh meat or meat product to which regulation 13(1) applies, he shall notify in writing the importer, or the master of the ship, aircraft or hovercraft or the driver of the road vehicle in which the food is so imported that any such meat or meat product must not be removed for any purposes other than its exportation from Gibraltar.
- (2) Unless the authorised officer proposes to notify the Director under regulation 13(1), any notice served under paragraph (1) shall -
 - (a) specify the grounds upon which it is based;
 - (b) notify the person to whom it is addressed of his right to serve a counter-notice in accordance with subparagraph (5)(b) below, if the food is subject to any of the directives specified in regulation 6(3)(b); and
 - (c) notify the person to whom it is addressed that the food may be destroyed or disposed of, so that it cannot be used for human consumption, unless -
 - (i) within a time specified in the notice, being not less than seven days after receiving the notice, the importer gives a

This version is out of date

Subsidiary 1988/020

written undertaking of the authorised officer to export the food at his own expense within fourteen days from the date of the undertaking, or to prove in proceedings before a justice of the peace, that the importation or removal of the food into Gibraltar is not contrary to regulations 11 or 12;

- (ii) within seven days after written opinion of an independent veterinary expert has been made available to him under paragraph (14) below, the importer gives a written undertaking to the authorised officer in the terms required under subparagraph (c)(i) above; or
- (iii) the authorised officer rescinds the notice.
- (3) In the case of food in respect of which the authorised officer proposes to notify the Director under regulation 13(1), the notice referred to in paragraph (2) above shall be given if, after completion of the enquiries and consultation required under regulation 13(3), the authorised officer fails to notify the Director that he is satisfied as to the matters set out in regulation 13(3).
- (4) The authorised officer shall, after service of a notice under paragraph (2) above, provide the Director with full details of the food and the reasons of its rejection or condemnation.
 - (5) A person served with a notice under paragraph (2) above, may-
 - (a) within the time specified in the notice, give an undertaking in writing to the authorised officer
 - (i) to export the food to which the notice relates, at his own expense, within fourteen days after the date of the undertaking; or
 - (ii) to prove in proceedings before a justice of the peace that the importation or removal of the food into Gibraltar is not contrary to regulations 11 or 12; or
 - (b) within seven days after service of the notice, serve a counternotice in writing upon the authorised officer, stating that the food is food which is subject to one of the directives specified in regulation 6(3)(b), and requiring him to obtain the opinion of an independent veterinary expert, to be nominated by the

IMPORTED FOOD REGULATIONS, 1988

Subsidiary 1988/020 This version is out of date

Director as to the condition of the food and the validity of any matter specified in the notice as ground on which it is based.

- (6) If within the time specified in any notice given under paragraph (2) above, the authorized officer has not received either a counter-notice or such written undertaking as described in the notice, or if within that time, the authorised officer has received an undertaking that the importer will, at his own expense, export the food and the importer has failed to export it within fourteen days after receipt of the undertaking, the authorised officer may supervise its destruction or disposal by such means and in such manner as to prevent it from being used for human consumption.
- (7) Where in pursuance of this regulation, the importer has given an undertaking to prove that the importation or removal of the food into Gibraltar is not contrary to regulation 11 or 12, the authorised officer shall, within 24 hours after receipt of the undertaking, take steps to obtain the decision of a justice of the peace with respect thereto.
- (8) If upon examination of any food in respect of which a customs officer has given a notice under regulation 9, an authorised officer is of the opinion that its importation or removal into Gibraltar is not contrary to regulation 11 or 12, he shall give a certificate authorising its removal unless he takes action in respect of it under any other provision of these regulations.
- (9) Upon receipt of a counter-notice served under paragraph (5)(b) above, the authorised officer shall inform the Director of its contents and request the nomination by him of an independent veterinary expert for the said purpose.
- (10) If it appears to the Director that the food is food which is not subject to any of the directives specified in regulation 6(3)(b), he shall so inform the person serving the notice under paragraph (3)(b) above, whereupon the importer may give an undertaking in accordance with paragraph (2)(c)(i) above, failing which the authorised officer may take appropriate action under paragraph (6) above.
- (11) If it appears to the Director that the food is food which is subject to any of the directives specified in regulation 6(3)(b), he shall arrange for the Commission of the European Economic Community to be consulted as to the nomination of an appropriate independent veterinary expert, who shall be a national of a member state of the said Community other than the exporting country, Gibraltar or the United Kingdom.

This version is out of date

Subsidiary 1988/020

- (12) The Director shall nominate an independent veterinary expert, acting on the advice of the Commission of the European Economic Community to determine -
 - (a) whether the food is being, or has been, imported in contravention of regulation 11 or 12; and
 - (b) the accuracy and relevance of any matter specified under paragraph (2)(b) above as a ground on which the notice served under paragraph (2) above was based.
- (13) The independent veterinary expert so nominated shall examine the food and determine the matters referred to in paragraph (2)(a) above, and shall give his written opinion thereon to the authorised officer.
- (14) Within seven days of receipt by him of the written opinion, the authorised officer -
 - (i) shall make it available to the person who, under paragraph (5)(b) above, has required it to be obtained, and
 - (ii) may rescind the notice given by him under paragraph (2) above by serving written notice to that effect on that person.
- (15) If, within seven days after receiving the written opinion, the authorised officer has not rescinded the notice given by him under paragraph (2) above, the importer may give to the authorised officer a written undertaking in accordance with paragraph (2)(c)(ii) above, failing which the authorised officer may take appropriate action under paragraph (6) above.
- (16) Where, in pursuance of paragraph (1) above, an authorised officer has given a notice forbidding the removal of any food, it shall not be removed by any person contrary to the terms of the notice except with the written permission of the authorised officer.

Powers of a justice of the peace.

15.(1) Where, in pursuance of regulation 14, an application is made to a justice of the peace in respect of any fresh meat or meat product and he is satisfied that the importer has failed to prove that the importation or removal into Gibraltar of the fresh meat or meat product was not contrary to the provisions of regulation 11 or 12, he shall condemn the fresh meat or meat product and order it to be destroyed or disposed of under the supervision of

IMPORTED FOOD REGULATIONS, 1988

Subsidiary 1988/020

This version is out of date

an authorised officer by such means and in such manner as to prevent it from being used for human consumption.

(2) Where on such application the justice of the peace is satisfied that the importation or removal into Gibraltar of the fresh meat or meat product is not contrary to the provision of regulation 11 or 12 he shall order the rescission of the notice prohibiting its removal.

Prohibition on the importation of meat required to be exported.

16. No person shall land in Gibraltar any fresh meat or meat product in respect of which a notice has been given in any part of the United Kingdom, the Channel Islands or the Isle of Man under regulation 16(1) of the Imported Food Regulations 1984 (England and Wales) or any other regulation to the like effect then in force in any part of the United Kingdom, the Channel Islands or the Isle of Man.

PART IV. GENERAL.

Record to be kept of food destroyed.

17. Where in pursuance of these regulations any food is destroyed or otherwise disposed of under the supervision of an authorised officer, the Government, before the destruction or other disposal of the food, shall cause a description of, and such other details as will suffice to identify, the food to be recorded and shall keep the record in their custody for a period of not less than 12 months from the date of destruction or other disposal of the food.

Fees.

18. There shall be paid for the inspection of any food such fees, if any, as may from time to time be fixed under the Markets, Street Traders and Pedlars Act.

Offences and penalties.

19.If any person contravenes or fails to comply with any of the provisions of these regulations, he shall be guilty of an offence and shall be liable:

- (a) on summary conviction to a fine not exceeding £1,000 and
- (b) on conviction on indictment, to a fine or imprisonment for a term not exceeding two years or both.

IMPORTED FOOD REGULATIONS, 1988

This version is out of date

Subsidiary 1988/020

Court may include a justice who has examined the food.

20. The justice of the peace before whom any food is brought under regulation 6 or 14 may, but need not, be a member of the court before which a person is charged with an offence under regulation 5, 11 or 12, as the case may be, in relation to the food.

Examination outside business hours.

- 21.(1) Where an importer specifically requests the Government, during the normal business hours of the Government, and for sound reasons, to carry out for the purposes of these regulations at a specified time outside business hours any examination of food intended for sale for human consumption which is imported into Gibraltar from a Member State, the Government shall arrange for an authorised officer to carry out such examination as he may consider necessary at that time.
- (2) The Government may, in respect of any examination carried out in pursuance of paragraph (1) of this regulation, make such charge (if any) as the Government considers reasonable for that service.
- (3) Any charge made by the Government by virtue of paragraph (2) of this regulation shall be payable by the importer making the request.
- (4) Any charge due to the Government by virtue of this regulation may (without prejudice to any other method of recovery) be recovered summarily as a civil debt.

Disputes as to compensation.

22. Any dispute as to compensation arising under these regulations shall be determined, and any compensation awarded thereunder shall be recoverable, in like manner as if the dispute had arisen or the award had been made under the Act, and section 57 of the Act (which relates to disputed compensation) shall apply accordingly.

Protection for officer.

23. Section 61 of the Act (which relates to protection for officers acting in good faith) shall have effect for the purposes of these regulations as if references therein to that Act were references to these regulations.

Application of various provisions of the Act.

IMPORTED FOOD REGULATIONS, 1988

Subsidiary 1988/020

This version is out of date

24.(1) Subject to paragraph (2) of this regulation, the following provisions of the Act shall apply for the purposes of these regulations as if references therein to proceedings, or a prosecution, under or taken or brought under the Act included references to proceedings, or a prosecution, as the case may be, taken or brought for an offence under these regulations:-

- (a) section 46(2) and (3) (which relates to prosecutions);
- (b) section 47(1) and (2) (which relates to evidence of analysis);
- (c) section 49 (which relates to the power of a court to require analysis by the Government Chemist in the United Kingdom);
- (d) section 50 (which relates to a contravention due to some person other than the person charged);
- (e) section 51(2) (which relates to the conditions under which a warranty may be pleaded as a defence);
- (f) section 52 (which relates to offences in relation to warranties and certificates of analysis).
- (2) Section 49 of the Act shall apply for the purposes of these regulations as if the reference therein to section 46(3) of the Act included a reference to that subsection as applied by paragraph (1) of this regulation.

Revocations.

25. The Imported Food Regulations 1981 are hereby revoked.

SCHEDULE 3.

REQUIREMENTS AS TO HEALTH MARKS FOR IMPORTED MEAT.

- 1. The meat of all solipeds, ruminating animals and swine, and venison shall bear a health mark as specified below.
 - (a) A health mark shall before importation have been applied to the meat on all carcases, half-carcases, quarter-carcases and halfcarcases cut into no more than three pieces and to livers. The health mark shall have been applied either by hot branding or stamping with marking ink, and shall have been applied in the following places:
 - (i) the external surface of the thighs, loins, back, breast and shoulder of each carcase weighing more than sixty-five kilograms; and
 - (ii) the extenal surface of the thighs and on the shoulders of all other carcases.
 - (b) Livers of bovine animals, swine and solipeds shall bear a health mark which has been applied by hot-branding.
 - (c) If meat has been wrapped and packaged in accordance with Schedule 4, the packaging shall bear a health mark; in addition such meat may also bear a health mark.
 - (d) Cuts of meat and offal, other than livers, which have not been wrapped or packaged, shall bear a health mark which has been applied by hot branding or by a stamping with marking ink.
 - (e) Meat including pieces weighing less than 100 grammes, shall be wrapped and packaged and a health mark be borne on both the wrapping and packaging.
 - (f) Portions of meat wrapped for direct retail sale shall bear a health mark on both the wrapping and packaging.
- 2. Poultry meat shall bear a health mark in the manner following:-
 - (a) large packages containing poultry carcases which may be consigned from a poultry slaughterhouse to either:

This version is out of date

Subsidiary 1988/020

- (i) a poultry cutting plant for cutting the carcases, or,
- (ii) restaurants, canteens, institutions or similar outlets for direct supply to a final consumer after preparation of the poultry meat by a process involving the application of heat, or similar packages of poultry carcases which may be consigned from a poultry cutting plant to a meat products plant for treatment, shall bear a health mark and also a label in the form which is described in Schedule 11:
- (b) individual carcases shall bear a health mark on the wrapping or on the carcase in such a manner that it is clearly visible under the wrapping, and also on any packaging;
- (c) large packages containing cuts of poultry meat and offal which may be consigned from a poultry slaughterhouse or a poultry cutting plant to a meat products establishment for treatment shall bear a health mark and also a label in the form which is described in Schedule 11;
- (d) the wrapping and packaging of individual cuts of poultry meat and offal shall bear a health mark.
- 3.Fresh meat, other than that to which paragraph 1 or paragraph 2 applies, shall bear a health mark which shall have been applied:
 - (a) either to the meat or to the wrapping thereof, and
 - (b) to any packaging thereof.
- 4. Meat products shall bear a health mark which shall have been applied:
 - (a) either to the meat product or to the wrapping thereof, and
 - (b) to any packaging thereof.
- 5.Bulk lard shall be presumed to bear a health mark in the following circumstances:-
 - (a) a health mark shall accompany any bulk lard which is transported in any ship, aircraft, hovercraft or road vehicle;

IMPORTED FOOD REGULATIONS, 1988

Subsidiary 1988/020

This version is out of date

- (b) the health mark shall indicate the position of any tank containing lard, to which it may relate, in any ship, aircraft or hovercraft in which such lard is transported;
- (c) the health mark shall state the quantity of lard carried in any tank containing such lard; and
- (d) a health mark shall contain a certificate to the effect that any tank, pipe and pump which may have been used for the loading of such lard into the tank had been inspected and found to be clean before the loading of the lard into the tank.

6.In all cases where a health mark has been applied to packaging, or is printed on packaging, it shall have been applied or printed in such a manner so that the health mark shall be destroyed when the package is opened, unless the packaging is not capable of being used again as packaging.

SCHEDULE 4.

REQUIREMENTS AS TO WRAPPING, PACKING AND TRANSPORT OF IMPORTED MEAT.

- 1. The wrapping of fresh meat or meat products shall comply with the following conditions:-
 - (a) it shall be transparent and colourless, unless it fulfils, at the same time, the protective requirements of packaging;
 - (b) it shall not alter the organoleptic characteristics of the meat;
 - (c) it shall not be capable of transmitting to the meat any substances harmful to human health;
 - (d) it shall not be used again for wrapping meat, but earthenware containers for meat products and wrappings which fulfil the protective requirements of packaging may be used again after cleaning and disinfection.
- 2. Poultry carcases, parts of poultry or poultry offal shall be suitably enclosed in wrapping.
- 3. The packaging of fresh meat or meat products shall comply with the following conditions:-
 - (a) it shall be strong enough to ensure the effective protection of the meat during transportation and handling;
 - (b) it shall not contain fresh meat of more than one species of animal;
 - (c) it shall not be used again for a similar purpose, unless it is made of impervious and corrosion-resistant materials, which are easy to clean, and it has first been cleansed and disinfected.
- 4.Fresh meat and meat products shall be transported in sealed means of transport, designed and equipped in such a manner so that the following temperatures for the meat are maintained during the course of transport:-
 - (a) for carcases and cuts (exincluding rabbit meat, hare meat

 -not higher than +7°C
 (chilled)

-not higher than-12°C

(frozen)

(b) for offals (excluding rabbit offals, hare offals and poultry offals)

-not higher than +3°C

(c) for rabbit meat, hare meat, poultry meat, rabbit offals, hare offals and poultry offals

-not higher than +4°C

(d) for meat products

-temperature as specified on the label (when

appropriate)

5.Fresh meat shall not be transported in a vehicle or container which is not clean or has not been disinfected before use. Vehicles or containers used for this purpose shall not show any evidence of having been used for the transport of live animals or birds.

6.Fresh meat and meat products shall not be transported in a vehicle or container with any other products likely to contaminate or to affect the hygiene of the meat, unless appropriate precautions are taken to prevent such an occurrence.

SCHEDULE 5.

MEAT OR POULTRY MEAT IN RESPECT OF WHICH SPECIFIC RECOGNITION IS REQUIRED.

- 1. Fresh meat comprising, or forming part of, the head of any animal or bird.
- 2. Any part of a carcass which has been chopped or minced, with or without the addition of any spices, cereal products, salt, flavouring, vegetables or other ingredient.
- 3. Scraps and trimmings.
- 4.Boneless veal appearing to an authorised officer to be from calves less than three months old.
