SCHEDULE 3

PROVISIONS RELATING TO FORFEITURE

Section 127

Notice of seizure.

1. The Collector shall give notice of the seizure of any thing as liable to forfeiture and of the grounds therefor to any person who to his knowledge was at the time of the seizure the owner or one of the owners thereof:

Provided that notice shall not be required to be given under this paragraph if the seizure was made in the presence of—

- (a) the person whose offence or suspected offence occasioned the seizure; or
- (b) the owner or any of the owners of the thing seized or any servant or agent of his; or
- (c) in the case of anything seized in any ship or aircraft, the master or commander.

2. Notice under the foregoing paragraph shall be given in writing and shall be deemed to have been duly served on the person concerned—

- (a) if delivered to him personally; or
- (b) if addressed to him and left or forwarded by post to him at his usual or last known place of abode or business or, in the case of a body corporate, at their registered or principal office; or
- (c) where he has no address within Gibraltar, or his address is unknown, by publication of notice of the seizure in the Gazette.

Notice of claim.

3. Any person claiming that any thing seized as liable to forfeiture is not so liable shall, within one month of the date of the notice of seizure or, where no such notice has been served on him, within one month of the date of the seizure, give notice of his claim in writing to the Collector.

4. Any notice under the last foregoing paragraph shall specify the name and address of the claimant, and, in the case of a claimant who is outside Gibraltar, shall specify the name and address of a legal practitioner in

Gibraltar who is authorized to accept service of process and to act on behalf of the claimant; and service of process upon a legal practitioner so specified shall be deemed to be proper service upon the claimant.

Condemnation.

5. If on the expiration of the relevant period for the giving of notice of claim in respect of anything no such notice has been given to the Collector, or if, in the case of any notice given, any requirement of the last foregoing paragraph is not complied with, the thing in question shall be deemed to have been duly condemned as forfeited.

6. Where notice of claim in respect of any thing is duly given in accordance with the foregoing provisions of this Schedule, the Collector shall take proceedings for the condemnation of that thing by the magistrates' court and if such court finds that the thing was at the time of seizure liable to forfeiture such court shall condemn it as forfeited.

7. Where any thing is in accordance with either of the two last foregoing paragraphs condemned or deemed to have been condemned as forfeited, then the forfeiture shall have effect as from the date when the liability to forfeiture arose.

Proceedings for condemnation by court.

8. (1) Proceedings for condemnation shall be civil proceedings and in such proceedings the claimant or his agent shall make oath that the thing seized was, or was to the best of his knowledge and belief, the property of the claimant at the time of the seizure.

(2) If the requirement of this paragraph is not complied with, the court shall give judgement for the Collector.

9. Without prejudice to any right to require the statement of a case for the opinion of the Supreme Court, in any proceedings for condemnation instituted in the magistrates' court either party may appeal against the decision of that court to the Supreme Court.

10. In any proceedings arising out of the seizure of any thing, the fact, form and manner of the seizure shall be taken to have been set forth in the process without any further evidence thereof, unless the contrary is proved.

11. Where the thing seized is a living creature or is of a perishable nature the Collector may at any time if he sees fit, sell or destroy the same notwithstanding that the thing has not yet been condemned as forfeited.

This version is out of date

12. (1) If, where any thing is sold or destroyed as aforesaid, it is held in proceedings taken under this Schedule that the thing was not liable to forfeiture at the time of its seizure, the Collector shall on demand by the claimant tender to him an amount equal to the market value of the thing at the time of its seizure.

(2) If the claimant accepts any amount tendered to him under the foregoing sub-paragraphs, he shall not be entitled to maintain any action on account of the seizure, detention, sale or destruction of the thing.

(3) For the purpose of this paragraph, the market value of any thing at the time of its seizure shall be taken to be such amount as the Collector and the claimant may agree or, in default of agreement, as may be determined by a referee appointed by the Governor, not being an official of any Government department, whose decision shall be final and conclusive; and the procedure on any reference to a referee shall be such as may be determined by the referee.
