

**SECOND SUPPLEMENT TO THE GIBRALTAR
GAZETTE**
No. 3809 of 9 September, 2010

LEGAL NOTICE NO. 145 OF 2010.

INTERPRETATION AND GENERAL CLAUSES ACT

**NATURE PROTECTION ACT 1991 (AMENDMENT)
REGULATIONS 2010**

In exercise of the powers conferred on it by section 23 (g)(ii) of the Interpretation and General Clauses Act, and of all other enabling powers, and for the purpose of transposing into the law of Gibraltar Directive 2009/147/EC of the European Parliament and of the Council of 30 November 2009 on the conservation of wild birds, the Government has made the following Regulations—

Title and commencement.

1. These Regulations may be cited as the Nature Protection Act 1991 (Amendment) Regulations 2010 and come into operation on the day of publication.

Amendment of Nature Protection Act 1991.

2. The Nature Protection Act 1991 (in these Regulations referred to as “the principal Act”) is amended in accordance with these Regulations.

Amendment of section 2.

3.(1) Section 2(1) of the principal Act is amended as follows—

(a) after the definition “aviculture” insert the following definition—

““biotope” has the same meaning given to it in the Wild Birds Directive;”;

(b) after the definition “special area of conservation” insert the following definition—

““special protection area” or “SPA” means a site designated under section 17DA;”;

(c) for the definition of “wild bird” substitute–

““wild bird” means any bird, other than poultry, of a kind which is ordinarily resident in or is a visitor to Gibraltar in a wild state and species of naturally occurring birds in the wild state which are native to any Member State;”;

(d) for the definition of “Wild Birds Directive” substitute–

““Wild Birds Directive” means Directive 2009/147/EC of the European Parliament and of the Council of 30 November 2009 on the conservation of wild birds, as the same may from time to time be amended (and which is reproduced in Schedule 8 for information purposes);”;

(e) in the definition of “wild bird of European origin” after the words “means any” insert the word “wild”.

(2) After section 2(3A) of the principal Act insert the following subsection–

“(3B) Unless the context otherwise requires expressions used in this Act and in the Wild Birds Directive have the same meaning in this Act as they have in that Directive.”.

Amendment of section 3.

4. In section 3(1) of the principal Act–

(a) in paragraph (a)–

(i) before the word “kill” insert the word “hunts;”;

(ii) after the word “bird” insert the words “by any method”;

(b) in paragraph (d) delete the word “deliberately”.

Amendment of section 5.

5. In section 5 of the principal Act—

- (a) in the section heading, for the words “of killing or taking” substitute the words “of hunting, killing, injuring or taking”;
- (b) in subsection (1) for the words “Subject to the provisions of this Part, if any person—” substitute the words “Without prejudice to section 3(1), if a person, with a view to hunting, killing, injuring or taking a wild bird—”;
- (c) in subsection (1)—
 - (i) in paragraphs (b), (c), and (d) delete the words “for the purpose of killing or taking any wild bird”;
 - (ii) in paragraph (e) delete the words “, for the purpose of killing or taking that bird”.
- (d) subsection (2) is repealed.

Amendment of section 6.

6. In section 6(1)(a) of the principal Act for the words “the purpose of sale, any live wild bird or” substitute the words “the purpose of sale, any live wild bird or any readily recognisable parts or derivatives thereof.”.

Section 7A.

7. After section 7 of the principal Act insert the following section—

“Special conservation measures.

7A.(1) Where a species of wild bird is included in Annex I of the Wild Birds Directive, the Minister shall, by Order, adopt special conservation measures concerning their habitats in order to ensure the survival and reproduction of such species in their area of distribution.

(2) When adopting measures pursuant to subsection (1), the Minister shall take account of—

- (a) the matters listed in Article 4(1)(a) to (d) of the Wild Birds Directive ; and
 - (b) trends and variations in population levels as a background for evaluations.
- (3) When adopting measures pursuant to subsection (1), the Minister shall classify, in particular, the most suitable territories in number and size as special protection areas for the conservation of the species in the geographical sea and land area where this Act applies.”.

Amendment of section 10.

8. In section 10(4) of the principal Act for the words “The Government may be” substitute the words “The Government may by”.

Amendment of section 12.

9. In the section heading of section 12 of the principal Act, after the words “Introduction of new species” insert the words “of animals or plants”.

Section 12A.

10. After section 12 of the principal Act insert the following section—

“Introduction of new species of birds.

- 12A.(1) A person who without a permit issued by the Minister under this section releases into the wild any bird which is of a kind which is not ordinarily resident in and is not a regular visitor to Gibraltar in a wild state is guilty of an offence.
- (2) Subject to subsection (3), it shall be a defence to a charge of committing an offence under subsection (1) to prove that the accused took all reasonable steps and exercised all diligence to avoid committing the offence.
 - (3) Where the defence provided by subsection (2) involves an allegation that the commission of the offence was due to the act or default of another person, the person charged shall not,

without leave of the Court, be entitled to rely on the defence unless, within a period ending 7 clear days before the hearing, he has served on the prosecutor a notice giving such information identifying or assisting in the identification of the other person as was then in his possession.

- (4) Where a person applies to the Minister for a permit under this section the Minister shall—
- (a) consider whether the introduction of that species will be prejudicial to flora and fauna; and
 - (b) consult the European Commission,

and thereafter may issue a permit subject to such terms and conditions as he deems necessary.”.

Amendment of section 13.

11. In section 13 of the principal Act—

- (a) in subsection (1)—
 - (i) after paragraph (f) insert the following paragraphs—
 - “(g) for the protection of flora and fauna;
 - (h) for the purposes of the re-population or re-introduction of wild birds, including any breeding necessary for those purposes,”;
 - (ii) before the words “if it is done under and in accordance with the terms of a licence granted by the Government” insert the words “where there is no other satisfactory solution, and”;
- (b) in subsection (5) for the words “No licence may be granted” substitute “No licence may be granted”;
- (c) after subsection (6) insert the following subsection—

“(6A) Notwithstanding any provision, limitation or condition that may be imposed on a licence issued under this section, where the licence to be issued is in respect of a wild bird, the Government must ensure that the licence complies with the requirements of Article 9(2) of the Wild Birds Directive.”.

Section 13A.

12. After section 13 of the principal Act insert the following section—

“Implementation reports.

13A.(1) The Minister shall annually send a report to the European Commission regarding the implementation of Article 9(1) and (2) of the Wild Birds Directive in the preceding year.

(2) The Minister shall, in accordance with the timescales set out in Article 12(1) of the Wild Birds Directive, send a report to the European Commission regarding the implementation of the Directive in the preceding reporting period.”.

Section 17.

13. Section 17(2) of the principal Act after the numbers “7, 12” insert “, 12A”.

Heading.

14. After section 17A of the principal Act insert the following sub-part heading—

“Designation of sites under the Habitats Directive”

Sections 17DA and 17DB.

15. After section 17D of the principal Act insert—

“Designation of sites under the Wild Birds Directive

Designation of special protected areas.

17DA.(1) Subject to subsection (2) the Minister must by order, and for the purposes set out in Article 3 of the Wild Birds Directive, designate areas (special protected areas or SPA's) for the protection of—

- (a) the species of birds listed in Annex I to the Wild Birds Directive in accordance with, and to the extent required by, Article 4(1) of that Directive; and
- (b) regularly occurring migratory species not listed in Annex I of the Wild Birds Directive in accordance with, and to the extent required by, Article 4(2) of that Directive.

(2) In designating a special protection area under subsection (1) and the extent of any such site, the Minister shall have regard to—

- (a) the need to give effect to the measures set out in Article 3(2) of the Wild Birds Directive, and in particular subparagraphs (c) and (d) thereof which set requirements on the re-establishment of destroyed biotopes and on the creation of biotopes; and
- (b) the extent to which the site shall include territorial waters.

Information to be sent to the European Commission.

17DB. Where a special protected area has been designated under section 17DA the Minister shall cause all relevant information pertaining to the designation to be sent to the European Commission for the purposes set out in Article 4(3) of the Wild Birds Directive.

European Sites”

Amendment of section 17E.

16. In section 17E(1)(d) of the principal Act, for the words “Article 4(1) or (2) of the Wild Birds Directive” substitute the words “section 17DA”.

Amendment of section 17G.

17. In section 17G(1) of the principal Act, at the end of the subsection insert the words “or the Wild Birds Directive, as the case may be”.

Amendment of section 17H.

18. In section 17H of the principal Act—

- (a) in subsection (1) after the words “section 17C(1)” insert the words “or section 17DA(1)”;
- (b) in subsection (2) after the words “of the Habitats Directive” insert the words “and/or the Wild Birds Directive”.

Amendment of section 17P.

19. In section 17P(6) of the principal Act for the words “Where the site concerned hosts a priority natural habitat type or a priority species,” substitute the words “Where the site concerned hosts a priority natural habitat type, a priority species or a wild bird of European origin falling within Article 4(1)(a) to (d) of the Wild Birds Directive,”.

Amendment of section 17PA.

20. At the end of section 17PA(1) of the principal Act insert the words “or the Wild Birds Directive, as the case may be”.

Heading.

21. After section 17R of the principal Act insert the following sub-part heading—

“Surveillance”

Amendment of section 17RA.

22. In section 17RA(1) of the principal Act, for paragraphs (a) and (b) substitute—

- “(a) natural habitats of Community interest;
- (b) species of Community interest; and
- (c) wild birds listed in Annex I to the Wild Birds Directive,”.

Heading.

23. After section 17RA of the principal Act insert the following sub-part heading—

“Protection of animals”

Heading.

24. Before section 17X of the principal Act insert the following sub-part heading—

“Protection of plants”

Heading.

25. After section 17X of the principal Act insert the following sub-part heading—

“Trade in wild birds of European Origin”

Amendment of section 17XA.

26. In section 17XA of the principal Act—

- (a) for subsection (2)(a) substitute—

“(a) is listed in Part A of Annex III to the Wild Birds Directive; and”;

(b) after subsection (2) insert the following subsections and sub-part heading—

“(3) It shall not be an offence for a person to carry out an act specified in subsection (1) in respect of a wild bird that is listed in Part B of Annex III to the Wild Birds Directive if the Minister makes an order under this subsection to that effect.

(4) An order under subsection (3) may make provision for certain restrictions in the carrying out of the acts specified in subsection (1) and must only relate to birds that have been legally killed or captured or otherwise legally acquired.

(5) Where the Minister proposes to make an order under subsection (3) he must first consult the European Commission in accordance with the procedure set out in Article 6(3) of the Wild Birds Directive.

Licences”

Heading.

27. After section 17AB of the principal Act insert the following sub-part heading—

“Miscellaneous”

Schedule 8.

28. For Schedule 8 of the principal Act substitute—

“SCHEDULE 8

**THIS SCHEDULE REPRODUCES THE TEXT OF DIRECTIVE
2009/147/EC OF THE EUROPEAN PARLIAMENT AND OF THE
COUNCIL OF 30 NOVEMBER 2009 ON THE CONSERVATION OF
WILD BIRDS**

Section 2

**DIRECTIVE 2009/147/EC OF THE EUROPEAN PARLIAMENT AND
OF THE COUNCIL**

of 30 November 2009

on the conservation of wild birds

(codified version)

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE
EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in
particular Article 175(1) thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Economic and Social
Committee,

Acting in accordance with the procedure laid down in Article 251 of the
Treaty,

Whereas:

(1) Council Directive 79/409/EEC of 2 April 1979 on the conservation of
wild birds has been substantially amended several times. In the interests of
clarity and rationality the said Directive should be codified.

(2) Decision No 1600/2002/EC of the European Parliament and of the
Council of 22 July 2002 laying down the Sixth Community Environment
Action Programme calls for specific action for biodiversity, including to
protect birds and their habitats.

(3) A large number of species of wild birds naturally occurring in the European territory of the Member States are declining in number, very rapidly in some cases. This decline represents a serious threat to the conservation of the natural environment, particularly because of the biological balances threatened thereby.

(4) The species of wild birds naturally occurring in the European territory of the Member States are mainly migratory species. Such species constitute a common heritage and effective bird protection is typically a trans-frontier environment problem entailing common responsibilities.

(5) The conservation of the species of wild birds naturally occurring in the European territory of the Member States is necessary in order to attain the Community's objectives regarding the improvement of living conditions and sustainable development.

(6) The measures to be taken must apply to the various factors which may affect the numbers of birds, namely the repercussions of man's activities and in particular the destruction and pollution of their habitats, capture and killing by man and the trade resulting from such practices; the stringency of such measures should be adapted to the particular situation of the various species within the framework of a conservation policy.

(7) Conservation is aimed at the long-term protection and management of natural resources as an integral part of the heritage of the peoples of Europe. It makes it possible to control natural resources and governs their use on the basis of the measures necessary for the maintenance and adjustment of the natural balances between species as far as is reasonably possible.

(8) The preservation, maintenance or restoration of a sufficient diversity and area of habitats is essential to the conservation of all species of birds. Certain species of birds should be the subject of special conservation measures concerning their habitats in order to ensure their survival and reproduction in their area of distribution. Such measures must also take account of migratory species and be coordinated with a view to setting up a coherent whole.

(9) In order to prevent commercial interests from exerting a possible harmful pressure on exploitation levels, it is necessary to impose a general ban on marketing and to restrict all derogation to those species whose biological status so permits, account being taken of the specific conditions obtaining in the different regions.

(10) Because of their high population level, geographical distribution and reproductive rate in the Community as a whole, certain species may be hunted, which constitutes acceptable exploitation where certain limits are established and respected, as such hunting must be compatible with maintenance of the population of these species at a satisfactory level.

(11) The various means, devices or methods of large-scale or non-selective capture or killing and hunting with certain forms of transport must be banned because of the excessive pressure which they exert or may exert on the numbers of the species concerned.

(12) Because of the importance which may be attached to certain specific situations, provision should be made for the possibility of derogations on certain conditions and subject to monitoring by the Commission.

(13) The conservation of birds and, in particular, migratory birds still presents problems which call for scientific research. Such research will also make it possible to assess the effectiveness of the measures taken.

(14) Care should be taken in consultation with the Commission to see that the introduction of any species of wild bird not naturally occurring in the European territory of the Member States does not cause harm to local flora and fauna.

(15) The Commission will every three years prepare and transmit to the Member States a composite report based on information submitted by the Member States on the application of national provisions introduced pursuant to this Directive.

(16) The measures necessary for the implementation of this Directive should be adopted in accordance with Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission.

(17) In particular, the Commission should be empowered to amend certain Annexes in the light of scientific and technical progress. Since those measures are of general scope and are designed to amend non-essential elements of this Directive, they must be adopted in accordance with the regulatory procedure with scrutiny provided for in Article 5a of Decision 1999/468/EC.

(18) This Directive should be without prejudice to the obligations of the Member States relating to the time limits for transposition into national law of the directives set out in Annex VI, Part B,

HAVE ADOPTED THIS DIRECTIVE:

Article 1

1. This Directive relates to the conservation of all species of naturally occurring birds in the wild state in the European territory of the Member States to which the Treaty applies. It covers the protection, management and control of these species and lays down rules for their exploitation. 2. It shall apply to birds, their eggs, nests and habitats.

Article 2

Member States shall take the requisite measures to maintain the population of the species referred to in Article 1 at a level which corresponds in particular to ecological, scientific and cultural requirements, while taking account of economic and recreational requirements, or to adapt the population of these species to that level.

Article 3

1. In the light of the requirements referred to in Article 2, Member States shall take the requisite measures to preserve, maintain or re-establish a sufficient diversity and area of habitats for all the species of birds referred to in Article 1.

2. The preservation, maintenance and re-establishment of biotopes and habitats shall include primarily the following measures:

- (a) creation of protected areas;
- (b) upkeep and management in accordance with the ecological needs of habitats inside and outside the protected zones;
- (c) re-establishment of destroyed biotopes;
- (d) creation of biotopes.

Article 4

1. The species mentioned in Annex I shall be the subject of special conservation measures concerning their habitat in order to ensure their survival and reproduction in their area of distribution.

In this connection, account shall be taken of:

- (a) species in danger of extinction;
- (b) species vulnerable to specific changes in their habitat;
- (c) species considered rare because of small populations or restricted local distribution;
- (d) other species requiring particular attention for reasons of the specific nature of their habitat.

Trends and variations in population levels shall be taken into account as a background for evaluations.

Member States shall classify in particular the most suitable territories in number and size as special protection areas for the conservation of these species in the geographical sea and land area where this Directive applies.

2. Member States shall take similar measures for regularly occurring migratory species not listed in Annex I, bearing in mind their need for protection in the geographical sea and land area where this Directive applies, as regards their breeding, moulting and wintering areas and staging posts along their migration routes. To this end, Member States shall pay particular attention to the protection of wetlands and particularly to wetlands of international importance.

3. Member States shall send the Commission all relevant information so that it may take appropriate initiatives with a view to the coordination necessary to ensure that the areas provided for in paragraphs 1 and 2 form a coherent whole which meets the protection requirements of these species in the geographical sea and land area where this Directive applies.

4. In respect of the protection areas referred to in paragraphs 1 and 2, Member States shall take appropriate steps to avoid pollution or deterioration

of habitats or any disturbances affecting the birds, in so far as these would be significant having regard to the objectives of this Article. Outside these protection areas, Member States shall also strive to avoid pollution or deterioration of habitats.

Article 5

Without prejudice to Articles 7 and 9, Member States shall take the requisite measures to establish a general system of protection for all species of birds referred to in Article 1, prohibiting in particular:

- (a) deliberate killing or capture by any method;
- (b) deliberate destruction of, or damage to, their nests and eggs or removal of their nests;
- (c) taking their eggs in the wild and keeping these eggs even if empty;
- (d) deliberate disturbance of these birds particularly during the period of breeding and rearing, in so far as disturbance would be significant having regard to the objectives of this Directive;
- (e) keeping birds of species the hunting and capture of which is prohibited.

Article 6

1. Without prejudice to paragraphs 2 and 3, Member States shall prohibit, for all the bird species referred to in Article 1, the sale, transport for sale, keeping for sale and the offering for sale of live or dead birds and of any readily recognisable parts or derivatives of such birds.

2. The activities referred to in paragraph 1 shall not be prohibited in respect of the species referred to in Annex III, Part A, provided that the birds have been legally killed or captured or otherwise legally acquired.

3. Member States may, for the species listed in Annex III, Part B, allow within their territory the activities referred to in paragraph 1, making provision for certain restrictions, provided that the birds have been legally killed or captured or otherwise legally acquired.

Member States wishing to grant such authorisation shall first of all consult the Commission with a view to examining jointly with the latter whether the marketing of specimens of such species would result or could reasonably be expected to result in the population levels, geographical distribution or reproductive rate of the species being endangered throughout the Community. Should this examination prove that the intended authorisation will, in the view of the Commission, result in any one of the aforementioned species being thus endangered or in the possibility of their being thus endangered, the Commission shall forward a reasoned recommendation to the Member State concerned stating its opposition to the marketing of the species in question. Should the Commission consider that no such risk exists, it shall inform the Member State concerned accordingly.

The Commission's recommendation shall be published in the *Official Journal of the European Union*.

Member States granting authorisation pursuant to this paragraph shall verify at regular intervals that the conditions governing the granting of such authorisation continue to be fulfilled.

Article 7

1. Owing to their population level, geographical distribution and reproductive rate throughout the Community, the species listed in Annex II may be hunted under national legislation. Member States shall ensure that the hunting of these species does not jeopardise conservation efforts in their distribution area.
2. The species referred to in Annex II, Part A may be hunted in the geographical sea and land area where this Directive applies.
3. The species referred to in Annex II, Part B may be hunted only in the Member States in respect of which they are indicated.
4. Member States shall ensure that the practice of hunting, including falconry if practised, as carried on in accordance with the national measures in force, complies with the principles of wise use and ecologically balanced control of the species of birds concerned and that this practice is compatible as regards the population of these species, in particular migratory species, with the measures resulting from Article 2.

They shall see in particular that the species to which hunting laws apply are not hunted during the rearing season or during the various stages of reproduction.

In the case of migratory species, they shall see in particular that the species to which hunting regulations apply are not hunted during their period of reproduction or during their return to their rearing grounds.

Member States shall send the Commission all relevant information on the practical application of their hunting regulations.

Article 8

1. In respect of the hunting, capture or killing of birds under this Directive, Member States shall prohibit the use of all means, arrangements or methods used for the large-scale or non-selective capture or killing of birds or capable of causing the local disappearance of a species, in particular the use of those listed in Annex IV, point (a).
2. Moreover, Member States shall prohibit any hunting from the modes of transport and under the conditions mentioned in Annex IV, point (b).

Article 9

1. Member States may derogate from the provisions of Articles 5 to 8, where there is no other satisfactory solution, for the following reasons:
 - (a)
 - in the interests of public health and safety,
 - in the interests of air safety,
 - to prevent serious damage to crops, livestock, forests, fisheries and water,
 - for the protection of flora and fauna;
 - (b) for the purposes of research and teaching, of re-population, of re-introduction and for the breeding necessary for these purposes;

- (c) to permit, under strictly supervised conditions and on a selective basis, the capture, keeping or other judicious use of certain birds in small numbers.

2. The derogations referred to in paragraph 1 must specify:

- (a) the species which are subject to the derogations;
 - (b) the means, arrangements or methods authorised for capture or killing;
 - (c) the conditions of risk and the circumstances of time and place under which such derogations may be granted;
 - (d) the authority empowered to declare that the required conditions obtain and to decide what means, arrangements or methods may be used, within what limits and by whom;
 - (e) the controls which will be carried out.
3. Each year the Member States shall send a report to the Commission on the implementation of paragraphs 1 and 2.

4. On the basis of the information available to it, and in particular the information communicated to it pursuant to paragraph 3, the Commission shall at all times ensure that the consequences of the derogations referred to in paragraph 1 are not incompatible with this Directive. It shall take appropriate steps to this end.

Article 10

1. Member States shall encourage research and any work required as a basis for the protection, management and use of the population of all species of bird referred to in Article 1. Particular attention shall be paid to research and work on the subjects listed in Annex V.

2. Member States shall send the Commission any information required to enable it to take appropriate measures for the coordination of the research and work referred to in paragraph 1.

Article 11

Member States shall see that any introduction of species of bird which do not occur naturally in the wild state in the European territory of the Member States does not prejudice the local flora and fauna. In this connection they shall consult the Commission.

Article 12

1. Member States shall forward to the Commission every three years, starting from 7 April 1981, a report on the implementation of national provisions taken under this Directive.

2. The Commission shall prepare every three years a composite report based on the information referred to in paragraph 1. That part of the draft report covering the information supplied by a Member State shall be forwarded to the authorities of the Member State in question for verification. The final version of the report shall be forwarded to the Member States.

Article 13

Application of the measures taken pursuant to this Directive may not lead to deterioration in the present situation as regards the conservation of the species of birds referred to in Article 1.

Article 14

Member States may introduce stricter protective measures than those provided for under this Directive.

Article 15

Such amendments as are necessary for adapting Annexes I and V to technical and scientific progress shall be adopted. Those measures, designed to amend non-essential elements of this Directive, shall be adopted in accordance with the regulatory procedure with scrutiny referred to in Article 16(2).

Article 16

1. The Commission shall be assisted by the Committee for Adaptation to Technical and Scientific Progress.

2. Where reference is made to this paragraph, Article 5a(1) to (4) and Article 7 of Decision 1999/468/EC shall apply, having regard to the provisions of Article 8 thereof.

Article 17

Member States shall communicate to the Commission the texts of the main provisions of national law which they adopt in the field governed by this Directive.

Article 18

Directive 79/409/EEC, as amended by the acts listed in Annex VI, Part A, is repealed, without prejudice to the obligations of the Member States relating to the time limits for transposition into national law of the Directives set out in Annex VI, Part B. References to the repealed Directive shall be construed as references to this Directive and shall be read in accordance with the correlation table in Annex VII.

Article 19

This Directive shall enter into force on the 20th day following its publication in the *Official Journal of the European Union*.

Article 20

This Directive is addressed to the Member States.

Charadrius alexandrinus

Charadrius morinellus (Eudromias morinellus)

Pluvialis apricaria

Hoplopterus spinosus

Scolopacidae

Calidris alpina schinzii

Philomachus pugnax

Gallinago media

Limosa lapponica

Numenius tenuirostris

Tringa glareola

Xenus cinereus (Tringa cinerea)

Phalaropus lobatus

Laridae

Larus melanocephalus

Larus genei

Larus audouinii

Larus minutus

Sternidae

Gelochelidon nilotica (Sterna nilotica)

Sterna caspia

Sterna sandvicensis

Sterna dougallii

Sterna hirundo

Sterna paradisaea

Sterna albifrons

Chlidonias hybridus

Chlidonias niger

Alcidae

Uria aalge ibericus

PTEROCLIFORMES

Pteroclididae

Pterocles orientalis

Pterocles alchata

COLUMBIFORMES

Columbidae

Columba palumbus azorica

Columba trocaz

Columba bollii

Columba junoniae

STRIGIFORMES

Strigidae

Bubo bubo

Nyctea scandiaca

Surnia ulula

Glaucidium passerinum

Strix nebulosa

Strix uralensis

Asio flammeus

Aegolius funereus

CAPRIMULGIFORMES

Caprimulgidae

Caprimulgus europaeus

APODIFORMES

Apodidae

Apus caffer

CORACIIFORMES

Alcedinidae

Alcedo atthis

Coraciidae

Coracias garrulus

PICIFORMES

Picidae

Picus canus

Dryocopus martius

Dendrocopos major canariensis

Dendrocopos major thanneri

Dendrocopos syriacus

Dendrocopos medius

Dendrocopos leucotos

Picoides tridactylus

PASSERIFORMES

Alaudidae

Chersophilus duponti

Melanocorypha calandra

Calandrella brachydactyla

Galerida theklae

Lullula arborea

Motacillidae

Anthus campestris

Troglodytidae

Troglodytes troglodytes fridariensis

Muscicapidae (Turdinae)

Luscinia svecica

Saxicola dacotiae

Oenanthe leucura

Oenanthe cypriaca

Oenanthe pleschanka

Muscicapidae (Sylviinae)

Acrocephalus melanopogon

Acrocephalus paludicola

Hippolais olivetorum

Sylvia sarda
Sylvia undata
Sylvia melanothorax
Sylvia rueppelli
Sylvia nisoria

Muscicapidae (Muscicapinae)

Ficedula parva
Ficedula semitorquata
Ficedula albicollis

Paridae

Parus ater cypriotes

Sittidae

Sitta krueperi
Sitta whiteheadi

Certhiidae

Certhia brachydactyla dorotheae

Laniidae

Lanius collurio
Lanius minor
Lanius nubicus

Corvidae

Pyrrhonorax pyrrhonorax

Fringillidae (Fringillinae)

Fringilla coelebs ombriosa
Fringilla teydea

Fringillidae (Carduelinae)

Loxia scotica
Bucanetes githagineus
Pyrrhula murina (*Pyrrhula pyrrhula murina*)

Emberizidae (Emberizinae)

Emberiza cineracea
Emberiza hortulana
Emberiza caesia

ANNEX II

PART A

ANSERIFORMES

Anatidae

Anser fabalis
Anser anser
Branta canadensis
Anas penelope
Anas strepera
Anas crecca
Anas platyrhynchos
Anas acuta
Anas querquedula
Anas clypeata
Aythya ferina
Aythya fuligula

GALLIFORMES

Tetraonidae

Lagopus lagopus scoticus et hibernicus
Lagopus mutus

Phasianidae

Alectoris graeca
Alectoris rufa
Perdix perdix
Phasianus colchicus

GRUIFORMES

Rallidae

Fulica atra

CHARADRIIFORMES

Scolopacidae

Lymnocyptes minimus
Gallinago gallinago

Scolopax rusticola

COLUMBIFORMES

Columbidae

Columba livia

Columba palumbus

PART B

ANSERIFORMES

Anatidae

Cygnus olor

Anser brachyrhynchus

Anser albifrons

Branta bernicla

Netta rufina

Aythya marila

Somateria mollissima

Clangula hyemalis

Melanitta nigra

Melanitta fusca

Bucephala clangula

Mergus serrator

Mergus merganser

GALLIFORMES

Meleagridae

Meleagris gallopavo

Tetraonidae

Bonasa bonasia

Lagopus lagopus lagopus

Tetrao tetrix

Tetrao urogallus

Phasianidae

Francolinus francolinus

Alectoris barbara

Alectoris chukar

Coturnix coturnix

GRUIFORMES

Rallidae

Rallus aquaticus

Gallinula chloropus

CHARADRIIFORMES

Haematopodidae

Haematopus ostralegus

Charadriidae

Pluvialis apricaria

Pluvialis squatarola

Vanellus vanellus

Scolopacidae

Calidris canutus

Philomachus pugnax

Limosa limosa

Limosa lapponica

Numenius phaeopus

Numenius arquata

Tringa erythropus

Tringa totanus

Tringa nebularia

Laridae

Larus ridibundus

Larus canus

Larus fuscus

Larus argentatus

Larus cachinnans

Larus marinus

COLUMBIFORMES

Columbidae

Columba oenas

ANNEX IV

- (a)
- Snares (with the exception of Finland and Sweden for the capture of *Lagopus lagopus lagopus* and *Lagopus mutus* north of latitude 58° N), limes, hooks, live birds which are blind or mutilated used as decoys, tape recorders, electrocuting devices,
 - artificial light sources, mirrors, devices for illuminating targets, sighting devices for night shooting comprising an electronic image magnifier or image converter,
 - explosives,
 - nets, traps, poisoned or anaesthetic bait,
 - semi-automatic or automatic weapons with a magazine capable of holding more than two rounds of ammunition;
- (b)
- aircraft, motor vehicles,
 - boats driven at a speed exceeding five kilometres per hour. On the open sea, Member States may, for safety reasons, authorise the use of motor-boats with a maximum speed of 18 kilometres per hour. Member States shall inform the Commission of any authorisations granted.

ANNEX V

- (a) National lists of species in danger of extinction or particularly endangered species, taking into account their geographical distribution.
- (b) Listing and ecological description of areas particularly important to migratory species on their migratory routes and as wintering and nesting grounds.
- (c) Listing of data on the population levels of migratory species as shown by ringing.
- (d) Assessing the influence of methods of taking wild birds on population levels.
- (e) Developing or refining ecological methods for preventing the type of damage caused by birds.
- (f) Determining the role of certain species as indicators of pollution.
- (g) Studying the adverse effect of chemical pollution on population levels of bird species.

E M BRITTO,
Minister with responsibility for the environment,
For the Government.

EXPLANATORY MEMORANDUM

These Regulations amend the Nature Protection Act 1991. The regulations provide for the transposition of Directive 2009/147/EC which consolidates the amendments that have been made to Directive 79/409/EEC, also known as the Wild Birds Directive.
