Provided that where—

(a) a pension is withheld or ceases under this subsection; and

- (c) the total retiring allowance drawn by the matron, sister or staff nurse shall not exceed the amount of pension which she would have drawn if her whole service had been on the pensionable establishment of the Government.

(2) Where a matron, sister or staff nurse retires from service on account of ill-health it shall be lawful for the Governor to waive the qualifications of age and service set out in subsection (1) and to grant to the matron, sister or staff nurse a retiring allowance calculated at the same rate as if her retirement had been due to normal circumstances:

Provided that no retiring allowance shall be granted under this subsection unless the matron, sister or staff nurse shall have served not less than ten years in service as set out in subsection (1) and shall produce the certificates required under that subsection.

the day on which the last stage of the increase was awarded) as he may specify.

PART II.—OFFICERS WITHOUT OTHER PUBLIC SERVICE.

Application of Part II.

3. Save when the Governor in any special case otherwise directs, this Part shall not apply in the case of any officer transferred to or from public service under the Government from or to other public service except for the purpose of determining whether such officer would have been eligible for pension or gratuity, and the amount of pension or gratuity, for which the officer would have been eligible, if the service of the officer had been wholly service in public service under the Government.

Pension to whom and at what rates to be granted.

4.(1) Subject to the provisions of the Act and of these regulations, every public officer holding a pensionable office under the Government who has been in service under the Government for ten years or more may be granted on his retirement a pension at the rate of one six-hundredth of his pensionable emoluments in respect of each completed month of pensionable service:

Provided that in respect of each month of pensionable service completed by a police officer, a prison officer or a fire officer as a police officer, prison officer or fire officer after his twentieth and before his twenty-seventh year of service as one or more of such officers the rate shall be two six-hundredths of his pensionable emoluments.

(3) An officer who actually retires from the public service in the circumstances mentioned in section 6(1)(a)(iv) of the Act, and at an age of less than fifty-five years, and who has completed more than ten years but less than twenty years pensionable service, may be granted an additional pension at the annual rate of one six-hundredth of his pensionable emoluments for each month by which his pensionable service falls short of twenty years:

Provided that in the case of an officer whose pensionable service would, if he had continued to hold until he attained the age of fifty-five the office which he held at the date of his retirement, have been a period shorter than twenty years, this paragraph shall have effect as if for the last reference therein to twenty years there were substituted a reference to that shorter period.

Pensions for non-pensionable officers.

- (2) This regulation applies to any officer who has been in public service under the Government continuously for not less than ten years and who –
- (a) has attained the age of sixty years or, in special cases approved by the Governor, fifty-five years; or

(3) Where an officer retires from the public service in the circumstances mentioned in sub-regulation (2)(c), and at an age of less than sixty years he may be deemed for the purposes of this regulation and regulation 27, to have been continuously in the public service under the Government for twenty years:

Provided that in the case of such an officer whose service would, if he had continued to hold until he attained the age of sixty years the offices which he held at the time of his retirement, have been a shorter period than twenty years, this paragraph shall have effect as if for the last reference therein to twenty years there were substituted a reference to such shorter period.

(4) *Revoked.*

6. Every officer, otherwise qualified for a pension, who has not completed the minimum period of service qualifying for a pension, may be granted on retirement a gratuity not exceeding five times the annual amount of the pension which, if there had been no qualifying period, might have been granted to the officer under regulation 4(1).

- (a) one year's annual pensionable emoluments; or

(2) Where an officer to whom this Part applies is, on his retirement from the public service, not granted a pension or gratuity in respect of his employment in the service in which he was last employed, solely by reason of the fact that he has not held office or pensionable office therein for a specified period, he shall nevertheless be deemed for the purposes of this Part to have retired in circumstances in which he is permitted by the law in force in respect of the service in which he is last employed to retire on pension or gratuity.

(3) For the purpose of these regulations –

- (a) any officer in public service under the Government of the Federation of Rhodesia and Nyasaland immediately before the 1st day of January, 1964, who was immediately before that date employed on secondment to service under the Government of Southern Rhodesia, or Northern Rhodesia or Nyasaland, or was as from that date so employed, shall be deemed to continue to serve in public service under the Government of the Federation of Rhodesia and Nyasaland until his employment on secondment is terminated;

Pension for service wholly within the group.

10.(1) Subject to the provisions of the Act and of these regulations, where the other public service of an officer to whom this Part applies has been wholly under one or more scheduled administrations and his aggregate service would have qualified him had it been wholly service in public service under the Government for a person under the Act, he may, on his retirement from the public service, be granted in respect of his service in public service under the Government a pension of such an amount as shall bear the same proportion to the amount of pension for which he would have been eligible had his service been wholly in public service under the Government as the aggregate amounts of his pensionable emoluments during service in public service under the Government shall bear to the aggregate amounts of his pensionable emoluments throughout his service in the group.

(2) In determining for the purposes of this regulation the pension for which an officer would have been eligible if his service had been wholly service in public service under the Government –

- (a) in the application of regulation 19, his pensionable emoluments shall be determined by reference to the pensionable emoluments enjoyed by him at the date of his retirement from the public service or during the three years or lesser period preceding that date, as the case may be, except that where the officer is not serving under a scheduled administration at that date, the date upon which he was last transferred from the public service under a scheduled administration shall be deemed to be the date of his retirement for the purposes of this sub-paragraph;
- (b) no regard shall be had to an additional pension under regulation 4(3) or under regulation 23, 24 or 25;
- (c) regard shall be had to the condition that pension may not exceed two-thirds of the highest pensionable emoluments enjoyed by him at any time during his public service;
- (d) no period of public service under a scheduled administration or under the Government in respect of which no pension or gratuity is granted to him by that administration or Government, as the case may be, shall be taken into account.

(3) For the purposes of this regulation the aggregate amount of an officer's pensionable emoluments shall be taken as the total amount of pensionable emoluments which he would have received or enjoyed had he been on duty on full pay in his substantive office or offices throughout his

This version is out of date

period of service in the group subsequent to the attainment of the age of twenty years:

Provided that –

- (a) in calculating the aggregate amount of his pensionable emoluments, no account shall be taken of any service under a scheduled administration or under the Government in respect of which no pension or gratuity is granted to him by that administration or Government, as the case may be;
- (b) where any period of service in a civil capacity otherwise than in a pensionable office is taken into account as pensionable service, the officer's aggregate pensionable emoluments during that service shall be taken into account to the same extent as that service is taken into account as pensionable service.

(4) Where an officer entered the public service prior to the 1st day of January, 1930, his pension in respect of his public service under the Government may be calculated as though any scheduled administration under which he has served had not been included in the Schedule, if this should be to his advantage.

Pension where other service is not within the group.

11.(1) Subject to the provisions of the Act and of these regulations, where the other public service of an officer to whom this Part applies has not included service under any of the scheduled administrations, and his aggregate service would have qualified him, had it been wholly service in public service under the Government for a pension under these regulations, he may on his retirement from public service, be granted in respect of his service in public service under the Government, a pension of an amount equal to the pension for which he would have been eligible under regulation 4, if there had been no qualifying period and if he had had no other public service.

(2) Where the officer is not in public service under the Government at the time of such retirement, his pensionable emoluments for the purposes of sub-regulation (1) shall be those which would have been taken for the purposes of computing his pension if he had retired from the public service and been granted a pension at the date of his last transfer from public service under the Government.

Pension when other service both within and not within the group.

12. Where a part only of the other public service of an officer to whom this Part applies has been under one or more of the scheduled administrations, the provisions of regulation 10 shall apply; but in calculating the amount of pension, regard shall be had only to service in the group.

Gratuities where length of service does not qualify for pension.

13. Provided that for the purpose of computing the amount of such a gratuity –

- (a) in relation to regulation 10 or 12, sub-paragraph (c) of regulation 10 (2) shall have effect as if the reference to two-thirds of her highest pensionable emoluments were a reference to one-fifth of her annual pensionable emoluments;

Provided that the pensionable emoluments in respect of any period of part time service shall be computed in the same proportion that the part time weekly hours actually worked bear to the full time weekly hours of the public office in which the officer served.

- (ii) where a period of service in a non-pensionable office is taken into account under this regulation, the officer shall, during that period, be deemed for the purpose of regulations 7, 23 and 24 to be holding a pensionable office, and where that period is taken into account under sub-paragraph (1) of paragraph (c) of this proviso to have been confirmed therein.

Acting service.

21. Any period during which an officer has performed only acting service in an office may be taken into account as pensionable service (subject, if the office is a non-pensionable office, to the provisions of regulation 20) if the period of such acting service—
