If the Reporting Financial Institution has in its records a current residence address for the individual Account Holder based on Documentary Evidence, the Reporting Financial Institution may treat the individual Account Holder as being a resident for tax purposes of the Member State or other jurisdiction in which the address is located for purposes of determining whether such individual Account Holder is a Reportable Person.
2. Electronic Record Search. If the Reporting Financial Institution does not rely on a current residence address for the individual Account Holder based on Documentary Evidence as set forth in subparagraph B(1), the Reporting Financial Institution must review electronically searchable data maintained by the Reporting Financial Institution for any of the following indicia and apply subparagraphs B(3) to (6):
 - (a) identification of the Account Holder as a resident of a Member State;
 - (b) current mailing or residence address (including a post office box) in a Member State;
 - (c) one or more telephone numbers in a Member State and no telephone number in the Member State of the Reporting Financial Institution;

This version is out of date

- (d) standing instructions (other than with respect to a Depository Account) to transfer funds to an account maintained in a Member State;
 - (e) currently effective power of attorney or signatory authority granted to a person with an address in a Member State; or
 - (f) a “hold mail” instruction or “in-care-of” address in a Member State if the Reporting Financial Institution does not have any other address on file for the Account Holder.
3. If none of the indicia listed in subparagraph B(2) are discovered in the electronic search, then no further action is required until there is a change in circumstances that results in one or more indicia being associated with the account, or the account becomes a High Value Account.
4. If any of the indicia listed in subparagraph B(2)(a) through (e) are discovered in the electronic search, or if there is a change in circumstances that results in one or more indicia being associated with the account, then the Reporting Financial Institution must treat the Account Holder as a resident for tax purposes of each Member State for which an indicium is identified, unless it elects to apply subparagraph B(6) and one of the exceptions in that subparagraph applies with respect to that account.
5. If a “hold mail” instruction or “in-care-of” address is discovered in the electronic search and no other address and none of the other indicia listed in subparagraph B(2)(a) through (e) are identified for the Account Holder, the Reporting Financial Institution must, in the order most appropriate to the circumstances, apply the paper record search described in subparagraph C(2), or seek to obtain from the Account Holder a self-certification or Documentary Evidence to establish the residence(s) for tax purposes of such Account Holder. If the paper search fails to establish an indicium and the attempt to obtain the self-certification or Documentary Evidence is not successful, the Reporting Financial Institution must report the account to the competent authority of its Member State as an undocumented account.

Taxation (Mutual Administrative Assistance)

INTERNATIONAL CO-OPERATION (IMPROVEMENT OF
INTERNATIONAL TAX COMPLIANCE) REGULATIONS 2016

This version is out of date

6. Notwithstanding a finding of indicia under subparagraph B(2), a Reporting Financial Institution is not required to treat an Account Holder as a resident of a Member State if:
 - (a) the Account Holder information contains a current mailing or residence address in that Member State, one or more telephone numbers in that Member State (and no telephone number in the Member State of the Reporting Financial Institution) or standing instructions (with respect to Financial Accounts other than Depository Accounts) to transfer funds to an account maintained in a Member State, and the Reporting Financial Institution obtains, or has previously reviewed and maintains, a record of:
 - (i) a self-certification from the Account Holder of the Member State(s) or other jurisdiction(s) of residence of such Account Holder that does not include that Member State; and
 - (ii) Documentary Evidence establishing the Account Holder's non-reportable status;
 - (b) the Account Holder information contains a currently effective power of attorney or signatory authority granted to a person with an address in that Member State, and the Reporting Financial Institution obtains, or has previously reviewed and maintains, a record of:
 - (i) a self-certification from the Account Holder of the Member State(s) or other jurisdiction(s) of residence of such Account Holder that does not include that Member State; or
 - (ii) Documentary Evidence establishing the Account Holder's non-reportable status.

C. Enhanced Review Procedures for High Value Accounts. The following enhanced review procedures apply with respect to High Value Accounts.

1. Electronic Record search. With respect to High Value Accounts, the Reporting Financial Institution must review electronically searchable data maintained by the Reporting Financial Institution for any of the indicia described in subparagraph B(2).

2. Paper Record Search. If the Reporting Financial Institution's electronically searchable databases include fields for, and capture all of the information described in, subparagraph C(3), then a further paper record search is not required. If the electronic databases do not capture all of this information, then with respect to a High Value Account, the Reporting Financial Institution must also review the current customer master file and, to the extent not contained in the current customer master file, the following documents associated with the account and obtained by the Reporting Financial Institution within the last five years for any of the indicia described in subparagraph B(2):
 - (a) the most recent Documentary Evidence collected with respect to the account;
 - (b) the most recent account opening contract or documentation;
 - (c) the most recent documentation obtained by the Reporting Financial Institution pursuant to AML/KYC Procedures or for other regulatory purposes;
 - (d) any power of attorney or signature authority forms currently in effect; and
 - (e) any standing instructions (other than with respect to a Depository Account) to transfer funds currently in effect.
3. Exception To The Extent Databases Contain Sufficient Information. A Reporting Financial Institution is not required to perform the paper record search described in subparagraph C(2) to the extent the Reporting Financial Institution's electronically searchable information includes the following:
 - (a) the Account Holder's residence status;
 - (b) the Account Holder's residence address and mailing address currently on file with the Reporting Financial Institution;
 - (c) the Account Holder's telephone number(s) currently on file, if any, with the Reporting Financial Institution;

- (d) in the case of Financial Accounts other than Depository Accounts, whether there are standing instructions to transfer funds in the account to another account (including an account at another branch of the Reporting Financial Institution or another Financial Institution);
 - (e) whether there is a current “in-care-of” address or “hold mail” instruction for the Account Holder; and
 - (f) whether there is any power of attorney or signatory authority for the account.
4. Relationship Manager Inquiry for Actual Knowledge. In addition to the electronic and paper record searches described in subparagraphs C(1) and (2), the Reporting Financial Institution must treat as a Reportable Account any High Value Account assigned to a relationship manager (including any Financial Accounts aggregated with that High Value Account) if the relationship manager has actual knowledge that the Account Holder is a Reportable Person.
5. Effect of Finding Indicia.
- (a) If none of the indicia listed in subparagraph B(2) are discovered in the enhanced review of High Value Accounts described in paragraph C, and the account is not identified as held by a Reportable Person in subparagraph C(4), then further action is not required until there is a change in circumstances that results in one or more indicia being associated with the account.
 - (b) If any of the indicia listed in subparagraphs B(2)(a) through (e) are discovered in the enhanced review of High Value Accounts described in paragraph C, or if there is a subsequent change in circumstances that results in one or more indicia being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account with respect to each Member State for which an indicium is identified unless it elects to apply subparagraph B(6) and one of the exceptions in that subparagraph applies with respect to that account.
 - (c) If a “hold mail” instruction or “in-care-of” address is discovered in the enhanced review of High Value

Accounts described in paragraph C, and no other address and none of the other indicia listed in subparagraphs B(2)(a) through (e) are identified for the Account Holder, the Reporting Financial Institution must obtain from such Account Holder a self-certification or Documentary Evidence to establish the residence(s) for tax purposes of the Account Holder. If the Reporting Financial Institution cannot obtain such self-certification or Documentary Evidence, it must report the account to the competent authority of its Member State as an undocumented account.

6. If a Pre-existing Individual Account is not a High Value Account as of 31 December 2015, but becomes a High Value Account as of the last day of a subsequent calendar year, the Reporting Financial Institution must complete the enhanced review procedures described in paragraph C with respect to such account within the calendar year following the year in which the account becomes a High Value Account. If based on this review such account is identified as a Reportable Account, the Reporting Financial Institution must report the required information about such account with respect to the year in which it is identified as a Reportable Account and subsequent years on an annual basis, unless the Account Holder ceases to be a Reportable Person.
7. Once a Reporting Financial Institution applies the enhanced review procedures described in paragraph C to a High Value Account, the Reporting Financial Institution is not required to reapply such procedures, other than the relationship manager inquiry described in subparagraph C(4), to the same High Value Account in any subsequent year unless the account is undocumented where the Reporting Financial Institution should reapply them annually until such account ceases to be undocumented.
8. If there is a change of circumstances with respect to a High Value Account that results in one or more indicia described in subparagraph B(2) being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account with respect to each Member State for which an indicium is identified unless it elects to apply subparagraph B(6) and one of the exceptions in that subparagraph applies with respect to that account.

9. A Reporting Financial Institution must implement procedures to ensure that a relationship manager identifies any change in circumstances of an account. For example, if a relationship manager is notified that the Account Holder has a new mailing address in a Member State, the Reporting Financial Institution is required to treat the new address as a change in circumstances and, if it elects to apply subparagraph B(6), is required to obtain the appropriate documentation from the Account Holder.

D. Review of Pre-existing High Value Individual Accounts must be completed by 31 December 2016. Review of Pre-existing Lower Value Individual Accounts must be completed by 31 December 2017.

E. Any Pre-existing Individual Account that has been identified as a Reportable Account under this Section must be treated as a Reportable Account in all subsequent years, unless the Account Holder ceases to be a Reportable Person.

SECTION IV

DUE DILIGENCE FOR NEW INDIVIDUAL ACCOUNTS

The following procedures apply for purposes of identifying Reportable Accounts among New Individual Accounts.

A. With respect to New Individual Accounts, upon account opening, the Reporting Financial Institution must obtain a self-certification, which may be part of the account opening documentation, that allows the Reporting Financial Institution to determine the Account Holder's residence(s) for tax purposes and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures.

B. If the self-certification establishes that the Account Holder is resident for tax purposes in a Member State, the Reporting Financial Institution must treat the account as a Reportable Account and the self-certification must also include the Account Holder's TIN with respect to such Member State (subject to paragraph D of Section I) and date of birth.

C. If there is a change of circumstances with respect to a New Individual Account that causes the Reporting Financial Institution to know, or have reason to know, that the original self-certification is incorrect or unreliable, the Reporting Financial Institution cannot rely on the original self-

certification and must obtain a valid self-certification that establishes the residence(s) for tax purposes of the Account Holder.

SECTION V

DUE DILIGENCE FOR PRE-EXISTING ENTITY ACCOUNTS

The following procedures apply for purposes of identifying Reportable Accounts among Pre-existing Entity Accounts.

A. Entity Accounts Not Required to Be Reviewed, Identified or Reported. Unless the Reporting Financial Institution elects otherwise, either with respect to all Pre-existing Entity Accounts or, separately, with respect to any clearly identified group of such accounts, a Pre-existing Entity Account with an aggregate account balance or value that does not exceed, as of 31 December 2015, an amount denominated in the domestic currency of each Member State that corresponds to USD 250 000, is not required to be reviewed, identified, or reported as a Reportable Account until the aggregate account balance or value exceeds that amount as of the last day of any subsequent calendar year.

B. Entity Accounts Subject to Review. A Pre-existing Entity Account that has an aggregate account balance or value that exceeds, as of 31 December 2015, an amount denominated in the domestic currency of each Member State that corresponds to USD 250 000, and a Pre-existing Entity Account that does not exceed, as of 31 December 2015, that amount but the aggregate account balance or value of which exceeds such amount as of the last day of any subsequent calendar year, must be reviewed in accordance with the procedures set forth in paragraph D.

C. Entity Accounts With Respect to Which Reporting Is Required. With respect to Pre-existing Entity Accounts described in paragraph B, only accounts that are held by one or more Entities that are Reportable Persons, or by Passive NFEs with one or more Controlling Persons who are Reportable Persons, shall be treated as Reportable Accounts.

D. Review Procedures for Identifying Entity Accounts With Respect to Which Reporting Is Required. For Pre-existing Entity Accounts described in paragraph B, a Reporting Financial Institution must apply the following review procedures to determine whether the account is held by one or more Reportable Persons, or by Passive NFEs with one or more Controlling Persons who are Reportable Persons:

1. Determine Whether the Entity Is a Reportable Person.

- (a) Review information maintained for regulatory or customer relationship purposes (including information collected pursuant to AML/KYC Procedures) to determine whether the information indicates that the Account Holder is resident in a Member State. For this purpose, information indicating that the Account Holder is resident in a Member State includes a place of incorporation or organisation, or an address in a Member State.
 - (b) If the information indicates that the Account Holder is resident in a Member State, the Reporting Financial Institution must treat the account as a Reportable Account unless it obtains a self-certification from the Account Holder, or reasonably determines based on information in its possession or that is publicly available, that the Account Holder is not a Reportable Person.
2. Determine Whether the Entity is a Passive NFE with One or More Controlling Persons who are Reportable Persons. With respect to an Account Holder of a Pre-existing Entity Account (including an Entity that is a Reportable Person), the Reporting Financial Institution must determine whether the Account Holder is a Passive NFE with one or more Controlling Persons who are Reportable Persons. If any of the Controlling Persons of a Passive NFE is a Reportable Person, then the account must be treated as a Reportable Account. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs D(2)(a) through (c) in the order most appropriate under the circumstances.
- (a) Determining whether the Account Holder is a Passive NFE. For purposes of determining whether the Account Holder is a Passive NFE, the Reporting Financial Institution must obtain a self-certification from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFE or a Financial Institution other than an Investment Entity described in subparagraph A(6)(b) of Section VIII that is not a Participating Jurisdiction Financial Institution.
 - (b) Determining the Controlling Persons of an Account Holder. For the purposes of determining the Controlling

Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.

- (c) Determining whether a Controlling Person of a Passive NFE is a Reportable Person. For the purposes of determining whether a Controlling Person of a Passive NFE is a Reportable Person, a Reporting Financial Institution may rely on:
 - (i) information collected and maintained pursuant to AML/KYC Procedures in the case of a Pre-existing Entity Account held by one or more NFEs with an aggregate account balance or value that does not exceed an amount denominated in the domestic currency of each Member State that corresponds to USD 1 000 000; or
 - (ii) a self-certification from the Account Holder or such Controlling Person of the Member State(s) or other jurisdiction(s) in which the controlling person is resident for tax purposes.

E. Timing of Review and Additional Procedures Applicable to Pre-existing Entity Accounts

1. Review of Pre-existing Entity Accounts with an aggregate account balance or value that exceeds, as of 31 December 2015, an amount denominated in the domestic currency of each Member State that corresponds to USD 250 000, must be completed by 31 December 2017.
2. Review of Pre-existing Entity Accounts with an aggregate account balance or value that does not exceed, as of 31 December 2015, an amount denominated in the domestic currency of each Member State that corresponds to USD 250 000 but exceeds that amount as of 31 December of a subsequent year, must be completed within the calendar year following the year in which the aggregate account balance or value exceeds such amount.
3. If there is a change of circumstances with respect to a Pre-existing Entity Account that causes the Reporting Financial Institution to know, or have reason to know, that the self-

Taxation (Mutual Administrative Assistance)**INTERNATIONAL CO-OPERATION (IMPROVEMENT OF
INTERNATIONAL TAX COMPLIANCE) REGULATIONS 2016**

certification or other documentation associated with an account is incorrect or unreliable, the Reporting Financial Institution must re-determine the status of the account in accordance with the procedures set forth in paragraph D.

SECTION VI**DUE DILIGENCE FOR NEW ENTITY ACCOUNTS**

The following procedures apply for purposes of identifying Reportable Accounts among New Entity Accounts.

Review Procedures for Identifying Entity Accounts With Respect to Which Reporting Is Required. For New Entity Accounts, a Reporting Financial Institution must apply the following review procedures to determine whether the account is held by one or more Reportable Persons, or by Passive NFEs with one or more Controlling Persons who are Reportable Persons:

1. Determine Whether the Entity Is a Reportable Person.
 - (a) Obtain a self-certification, which may be part of the account opening documentation, that allows the Reporting Financial Institution to determine the Account Holder's residence(s) for tax purposes and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures. If the Entity certifies that it has no residence for tax purposes, the Reporting Financial Institution may rely on the address of the principal office of the Entity to determine the residence of the Account Holder.
 - (b) If the self-certification indicates that the Account Holder is resident in a Member State, the Reporting Financial Institution must treat the account as a Reportable Account, unless it reasonably determines based on information in its possession or that is publicly available that the Account Holder is not a Reportable Person with respect to such Member State.
2. Determine Whether the Entity is a Passive NFE with One or More Controlling Persons Who Are Reportable Persons. With respect to an Account Holder of a New Entity Account

(including an Entity that is a Reportable Person), the Reporting Financial Institution must determine whether the Account Holder is a Passive NFE with one or more Controlling Persons who are Reportable Persons. If any of the Controlling Persons of a Passive NFE is a Reportable Person, then the account must be treated as a Reportable Account. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs A(2)(a) through (c) in the order most appropriate under the circumstances.

- (a) Determining whether the Account Holder is a Passive NFE. For purposes of determining whether the Account Holder is a Passive NFE, the Reporting Financial Institution must rely on a self-certification from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFE or a Financial Institution other than an Investment Entity described in subparagraph A(6)(b) of Section VIII that is not a Participating Jurisdiction Financial Institution.
- (b) Determining the Controlling Persons of an Account Holder. For purposes of determining the Controlling Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.
- (c) Determining whether a Controlling Person of a Passive NFE is a Reportable Person. For purposes of determining whether a controlling person of a Passive NFE is a Reportable Person, a Reporting Financial Institution may rely on a self-certification from the Account Holder or such Controlling Person.

SECTION VII

SPECIAL DUE DILIGENCE RULES

The following additional rules apply in implementing the due diligence procedures described above:

- A. Reliance on Self-Certifications and Documentary Evidence. A Reporting Financial Institution may not rely on a self-certification or Documentary Evidence if the Reporting Financial Institution knows or has

reason to know that the self-certification or Documentary Evidence is incorrect or unreliable.

B. Alternative Procedures for Financial Accounts held by Individual Beneficiaries of a Cash Value Insurance Contract or an Annuity Contract and for a Group Cash Value Insurance Contract or Group Annuity Contract. A Reporting Financial Institution may presume that an individual beneficiary (other than the owner) of a Cash Value Insurance Contract or an Annuity Contract receiving a death benefit is not a Reportable Person and may treat such Financial Account as other than a Reportable Account unless the Reporting Financial Institution has actual knowledge, or reason to know, that the beneficiary is a Reportable Person. A Reporting Financial Institution has reason to know that a beneficiary of a Cash Value Insurance Contract or an Annuity Contract is a Reportable Person if the information collected by the Reporting Financial Institution and associated with the beneficiary contains indicia as described in paragraph B of Section III. If a Reporting Financial Institution has actual knowledge, or reason to know, that the beneficiary is a Reportable Person, the Reporting Financial Institution must follow the procedures in paragraph B of Section III.

A Reporting Financial Institution may treat a Financial Account that is a member's interest in a Group Cash Value Insurance Contract or Group Annuity Contract as a Financial Account that is not a Reportable Account until the date on which an amount is payable to the employee/certificate holder or beneficiary, if the Financial Account that is a member's interest in a Group Cash Value Insurance Contract or Group Annuity Contract meets the following requirements:

- (i) the Group Cash Value Insurance Contract or Group Annuity Contract is issued to an employer and covers 25 or more employees/certificate holders;
- (ii) the employee/certificate holders are entitled to receive any contract value related to their interests and to name beneficiaries for the benefit payable upon the employee's death; and
- (iii) the aggregate amount payable to any employee/certificate holder or beneficiary does not exceed an amount denominated in the domestic currency of each Member State that corresponds to USD 1 000 000.

The term "Group Cash Value Insurance Contract" means a Cash Value Insurance Contract that (i) provides coverage on individuals who are affiliated through an employer, trade association, labour union, or other

association or group; and (ii) charges a premium for each member of the group (or member of a class within the group) that is determined without regard to the individual health characteristics other than age, gender, and smoking habits of the member (or class of members) of the group.

The term “Group Annuity Contract” means an Annuity Contract under which the obligees are individuals who are affiliated through an employer, trade association, labour union, or other association or group.

C. Account Balance Aggregation and Currency Rules

1. **Aggregation of Individual Accounts.** For purposes of determining the aggregate balance or value of Financial Accounts held by an individual, a Reporting Financial Institution is required to aggregate all Financial Accounts maintained by the Reporting Financial Institution, or by a Related Entity, but only to the extent that the Reporting Financial Institution's computerised systems link the Financial Accounts by reference to a data element such as client number or TIN, and allow account balances or values to be aggregated. Each holder of a jointly held Financial Account shall be attributed the entire balance or value of the jointly held Financial Account for purposes of applying the aggregation requirements described in this subparagraph.
2. **Aggregation of Entity Accounts.** For purposes of determining the aggregate balance or value of Financial Accounts held by an Entity, a Reporting Financial Institution is required to take into account all Financial Accounts that are maintained by the Reporting Financial Institution, or by a Related Entity, but only to the extent that the Reporting Financial Institution's computerised systems link the Financial Accounts by reference to a data element such as client number or TIN, and allow account balances or values to be aggregated. Each holder of a jointly held Financial Account shall be attributed the entire balance or value of the jointly held Financial Account for purposes of applying the aggregation requirements described in this subparagraph.
3. **Special Aggregation Rule Applicable to Relationship Managers.** For purposes of determining the aggregate balance or value of Financial Accounts held by a person to determine whether a financial account is a High Value Account, a Reporting Financial Institution is also required, in the case of any Financial Accounts that a relationship manager knows, or

Taxation (Mutual Administrative Assistance)**INTERNATIONAL CO-OPERATION (IMPROVEMENT OF
INTERNATIONAL TAX COMPLIANCE) REGULATIONS 2016**

has reason to know, are directly or indirectly owned, controlled, or established (other than in a fiduciary capacity) by the same person, to aggregate all such accounts.

4. Amounts Read to Include Equivalent in Other Currencies. All amounts denominated in the domestic currency of each Member State shall be read to include equivalent amounts in other currencies, as determined by domestic law.

SECTION VIII**DEFINED TERMS**

The following terms have the meanings set forth below:

A. Reporting Financial Institution

1. The term “Reporting Financial Institution” means any Member State Financial Institution that is not a Non-Reporting Financial Institution. The term “Member State Financial Institution” means: (i) any Financial Institution that is resident in a Member State, but excludes any branch of that Financial Institution that is located outside that Member State; and (ii) any branch of a Financial Institution that is not resident in a Member State, if that branch is located in that Member State.
2. The term “Participating Jurisdiction Financial Institution” means (i) any Financial Institution that is resident in a Participating Jurisdiction, but excludes any branch of that Financial Institution that is located outside such Participating Jurisdiction; and (ii) any branch of a Financial Institution that is not resident in a Participating Jurisdiction, if that branch is located in such Participating Jurisdiction.
3. The term “Financial Institution” means a Custodial Institution, a Depository Institution, an Investment Entity, or a Specified Insurance Company.
4. The term “Custodial Institution” means any Entity that holds, as a substantial portion of its business, Financial Assets for the account of others. An Entity holds Financial Assets for the account of others as a substantial portion of its business if the Entity's gross income attributable to the holding of Financial Assets and related financial services equals or exceeds 20 % of the Entity's gross income during the shorter of: (i) the three-

year period that ends on 31 December (or the final day of a non-calendar year accounting period) prior to the year in which the determination is being made; or (ii) the period during which the Entity has been in existence.

5. The term “Depository Institution” means any Entity that accepts deposits in the ordinary course of a banking or similar business.
6. The term “Investment Entity” means any Entity:
 - (a) which primarily conducts as a business one or more of the following activities or operations for or on behalf of a customer:
 - (i) trading in money market instruments (cheques, bills, certificates of deposit, derivatives, etc.); foreign exchange; exchange, interest rate and index instruments; transferable securities; or commodity futures trading;
 - (ii) individual and collective portfolio management; or
 - (iii) otherwise investing, administering, or managing Financial Assets or money on behalf of other persons; or
 - (b) the gross income of which is primarily attributable to investing, reinvesting, or trading in Financial Assets, if the Entity is managed by another Entity that is a Depository Institution, a Custodial Institution, a Specified Insurance Company, or an Investment Entity described in subparagraph A(6)(a).

An Entity is treated as primarily conducting as a business one or more of the activities described in subparagraph A(6)(a), or an Entity's gross income is primarily attributable to investing, reinvesting, or trading in Financial Assets for the purposes of subparagraph A(6)(b), if the Entity's gross income attributable to the relevant activities equals or exceeds 50% of the Entity's gross income during the shorter of: (i) the three-year period ending on 31 December of the year preceding the year in which the determination is made; or (ii) the period during which the Entity has been in existence. The term “Investment Entity” does not include an Entity

that is an Active NFE because that Entity meets any of the criteria in subparagraphs D(8)(d) through (g).

This paragraph shall be interpreted in a manner consistent with similar language set forth in the definition of “financial institution” in the Financial Action Task Force Recommendations.

7. The term “Financial Asset” includes a security (for example, a share of stock in a corporation; partnership or beneficial ownership interest in a widely held or publicly traded partnership or trust; note, bond, debenture, or other evidence of indebtedness), partnership interest, commodity, swap (for example, interest rate swaps, currency swaps, basis swaps, interest rate caps, interest rate floors, commodity swaps, equity swaps, equity index swaps, and similar agreements), Insurance Contract or Annuity Contract, or any interest (including a futures or forward contract or option) in a security, partnership interest, commodity, swap, Insurance Contract, or Annuity Contract. The term “Financial Asset” does not include a non-debt, direct interest in real property.
8. The term “Specified Insurance Company” means any Entity that is an insurance company (or the holding company of an insurance company) which issues, or is obligated to make payments with respect to, a Cash Value Insurance Contract or an Annuity Contract.

B. Non-Reporting Financial Institution

1. The term “Non-Reporting Financial Institution” means any Financial Institution which is:
 - (a) a Governmental Entity, International Organisation or Central Bank, other than with respect to a payment that is derived from an obligation held in connection with a commercial financial activity of a type engaged in by a Specified Insurance Company, Custodial Institution, or Depository Institution;
 - (b) a Broad Participation Retirement Fund; a Narrow Participation Retirement Fund; a Pension Fund of a Governmental Entity, International Organisation or Central Bank; or a Qualified Credit Card Issuer;

- (c) any other Entity that presents a low risk of being used to evade tax, has substantially similar characteristics to any of the Entities described in subparagraphs B(1)(a) and (b), and is included in the list of Non-Reporting Financial Institutions referred to in Article 8(7a) of this Directive, provided that the status of such Entity as a Non-Reporting Financial Institution does not frustrate the purposes of this Directive;
 - (d) an Exempt Collective Investment Vehicle; or
 - (e) a trust to the extent that the trustee of the trust is a Reporting Financial Institution and reports all information required to be reported pursuant to Section I with respect to all Reportable Accounts of the trust.
2. The term “Governmental Entity” means the government of a Member State or other jurisdiction, any political subdivision of a Member State or other jurisdiction (which, for the avoidance of doubt, includes a state, province, county, or municipality), or any wholly owned agency or instrumentality of a Member State or other jurisdiction or of any one or more of the foregoing (each, a “Governmental Entity”). This category is comprised of the integral parts, controlled entities, and political subdivisions of a Member State or other jurisdiction.
- (a) An “integral part” of a Member State or other jurisdiction means any person, organisation, agency, bureau, fund, instrumentality, or other body, however designated, that constitutes a governing authority of a Member State or other jurisdiction. The net earnings of the governing authority must be credited to its own account or to other accounts of the Member State or other jurisdiction, with no portion inuring to the benefit of any private person. An integral part does not include any individual who is a sovereign, official, or administrator acting in a private or personal capacity.
 - (b) A “controlled entity” means an Entity which is separate in form from the Member State or other jurisdiction or which otherwise constitutes a separate juridical entity, provided that:

- (i) the Entity is wholly owned and controlled by one or more Governmental Entities directly or through one or more controlled entities;

 - (iii) the Entity's assets vest in one or more Governmental Entities upon dissolution.
 - (c) Income does not inure to the benefit of private persons if such persons are the intended beneficiaries of a governmental programme, and the programme activities are performed for the general public with respect to the common welfare or relate to the administration of some phase of government. Notwithstanding the foregoing, however, income is considered to inure to the benefit of private persons if the income is derived from the use of a Governmental Entity to conduct a commercial business, such as a commercial banking business, that provides financial services to private persons.
3. The term “International Organisation” means any international organisation or wholly owned agency or instrumentality thereof. This category includes any intergovernmental organisation (including a supranational organisation) (i) that is comprised primarily of governments; (ii) that has in effect a headquarters or substantially similar agreement with the Member State; and (iii) the income of which does not inure to the benefit of private persons.
 4. The term “Central Bank” means an institution that is by law or government sanction the principal authority, other than the government of the Member State itself, issuing instruments intended to circulate as currency. Such an institution may include an instrumentality that is separate from the government of the Member State, whether or not owned in whole or in part by the Member State.
 5. The term “Broad Participation Retirement Fund” means a fund established to provide retirement, disability, or death benefits, or any combination thereof, to beneficiaries who are current or

former employees (or persons designated by such employees) of one or more employers in consideration for services rendered, provided that the fund:

- (a) does not have a single beneficiary with a right to more than 5 % of the fund's assets;
- (b) is subject to government regulation and provides information reporting to the tax authorities; and
- (c) satisfies at least one of the following requirements:
 - (i) the fund is generally exempt from tax on investment income, or taxation of such income is deferred or taxed at a reduced rate, due to its status as a retirement or pension plan;
 - (ii) the fund receives at least 50 % of its total contributions (other than transfers of assets from other plans described in subparagraphs B(5) through (7) or from retirement and pension accounts described in subparagraph C(17)(a)) from the sponsoring employers;

D. Reportable Account

1. The term “Reportable Account” means a Financial Account that is maintained by a Member State Reporting Financial Institution and is held by one or more Reportable Persons or by a Passive NFE with one or more Controlling Persons that is a Reportable Person, provided it has been identified as such

The term “Controlling Persons” must be interpreted in a manner consistent with the Financial Action Task Force Recommendations.

E. Miscellaneous

1. The term "Account Holder" means the person listed or identified as the holder of a Financial Account by the Financial Institution that maintains the account. A person, other than a Financial Institution, holding a Financial Account for the benefit or account of another person as agent, custodian, nominee, signatory, investment advisor, or intermediary, is not treated as holding the account for purposes of this Directive, and such other person is treated as holding the account. In the case of a Cash Value Insurance Contract or an Annuity Contract, the Account Holder is any person entitled to access the Cash Value or change the beneficiary of the contract. If no person can access the Cash Value or change the beneficiary, the Account Holder is any person named as the owner in the contract and any person with a vested entitlement to payment under the terms of the contract. Upon the maturity of a Cash Value Insurance Contract or an Annuity Contract, each person entitled to receive a payment under the contract is treated as an Account Holder.
2. The term "AML/KYC Procedures" means the customer due diligence procedures of a Reporting Financial Institution pursuant to the anti-money laundering or similar requirements to which such Reporting Financial Institution is subject.

3. The term “Entity” means a legal person or a legal arrangement, such as a corporation, partnership, trust, or foundation.
4. An Entity is a “Related Entity” of another Entity if (i) either Entity controls the other Entity; (ii) the two Entities are under common control; or (iii) the two Entities are Investment Entities described in subparagraph A(6)(b), are under common management, and such management fulfils the due diligence obligations of such Investment Entities. For this purpose control includes direct or indirect ownership of more than 50% of the vote and value in an Entity.
5. The term “TIN” means Taxpayer Identification Number (or functional equivalent in the absence of a Taxpayer Identification Number).
6. The term “Documentary Evidence” includes any of the following:
 - (a) a certificate of residence issued by an authorised government body (for example, a government or agency thereof, or a municipality) of the Member State or other jurisdiction in which the payee claims to be a resident;
 - (b) with respect to an individual, any valid identification issued by an authorised government body (for example, a government or agency thereof, or a municipality), that includes the individual's name and is typically used for identification purposes;
 - (c) with respect to an Entity, any official documentation issued by an authorised government body (for example, a government or agency thereof, or a municipality) that includes the name of the Entity and either the address of its principal office in the Member State or other jurisdiction in which it claims to be a resident or the Member State or other jurisdiction in which the Entity was incorporated or organised;
 - (d) any audited financial statement, third-party credit report, bankruptcy filing, or securities regulator's report.

With respect to a Pre-existing Entity Account, Reporting Financial Institutions may use as Documentary Evidence any

classification in the Reporting Financial Institution's records with respect to the Account Holder that was determined based on a standardised industry coding system, that was recorded by the Reporting Financial Institution consistent with its normal business practices for purposes of AML/KYC Procedures or another regulatory purposes (other than for tax purposes) and that was implemented by the Reporting Financial Institution prior to the date used to classify the Financial Account as a Pre-existing Account, provided that the Reporting Financial Institution does not know or does not have reason to know that such classification is incorrect or unreliable. The term "standardised industry coding system" means a coding system used to classify establishments by business type for purposes other than tax purposes.

SECTION IX

EFFECTIVE IMPLEMENTATION

Pursuant to Article 8(3a) of this Directive, Member States must have rules and administrative procedures in place to ensure effective implementation of, and compliance with, the reporting and due diligence procedures set out above including:

- (1) rules to prevent any Financial Institutions, persons or intermediaries from adopting practices intended to circumvent the reporting and due diligence procedures;
- (2) rules requiring Reporting Financial Institutions to keep records of the steps undertaken and any evidence relied upon for the performance of the above procedures and adequate measures to obtain those records;
- (3) administrative procedures to verify Reporting Financial Institutions' compliance with the reporting and due diligence procedures; administrative procedures to follow up with a Reporting Financial Institution when undocumented accounts are reported;
- (4) administrative procedures to ensure that the Entities and accounts defined in domestic law as Non-Reporting Financial Institutions and Excluded Accounts continue to have a low risk of being used to evade tax; and
- (5) effective enforcement provisions to address non-compliance.

SECTION X**IMPLEMENTATION DATES AS REGARDS REPORTING
FINANCIAL INSTITUTIONS LOCATED IN
AUSTRIA**

In the case of Reporting Financial Institutions located in Austria, all references to “2016” and “2017” in this Annex should be read as references to “2017” and “2018” respectively.

In the case of Pre-existing Accounts held by Reporting Financial Institutions located in Austria, all references to “31 December 2015” in this Annex should be read as references to “31 December 2016”.

ANNEX II**COMPLEMENTARY REPORTING AND DUE DILIGENCE RULES
FOR FINANCIAL ACCOUNT
INFORMATION****1. Change in circumstances**

A “change in circumstances” includes any change that results in the addition of information relevant to a person's status or otherwise conflicts with such person's status. In addition, a change in circumstances includes any change or addition of information to the Account Holder's account (including the addition, substitution, or other change of an Account Holder) or any change or addition of information to any account associated with such account (applying the account aggregation rules described in subparagraphs C(1) through (3) of Section VII of Annex I) if such change or addition of information affects the status of the Account Holder.

If a Reporting Financial Institution has relied on the residence address test described in subparagraph B(1) of Section III of Annex I and there is a change in circumstances that causes the Reporting Financial Institution to know or have reason to know that the original Documentary Evidence (or other equivalent documentation) is incorrect or unreliable, the Reporting Financial Institution must, by the later of the last day of the relevant calendar year or other appropriate reporting period, or 90 calendar days following the notice or discovery of such change in circumstances, obtain a self-certification and new Documentary Evidence to establish the residence(s) for tax purposes of the Account Holder. If the Reporting

Financial Institution cannot obtain the self-certification and new Documentary Evidence by such date, the Reporting Financial Institution must apply the electronic record search procedure described in subparagraphs B(2) through (6) of Section III of Annex I.

2. Self-certification for New Entity Accounts

With respect to New Entity Accounts, for the purposes of determining whether a Controlling Person of a Passive NFE is a Reportable Person, a Reporting Financial Institution may only rely on a self-certification from either the Account Holder or the Controlling Person.

3. Residence of a Financial Institution

A Financial Institution is “resident” in a Member State if it is subject to the jurisdiction of such Member State (i.e., the Member State is able to enforce reporting by the Financial Institution). In general, where a Financial Institution is resident for tax purposes in a Member State, it is subject to the jurisdiction of such Member State and it is, thus, a Member State Financial Institution. In the case of a trust that is a Financial Institution (irrespective of whether it is resident for tax purposes in a Member State), the trust is considered to be subject to the jurisdiction of a Member State if one or more of its trustees are resident in such Member State except if the trust reports all the information required to be reported pursuant to this Directive with respect to Reportable Accounts maintained by the trust to another Member State because it is resident for tax purposes in such other Member State. However, where a Financial Institution (other than a trust) does not have a residence for tax purposes (e.g., because it is treated as fiscally transparent, or it is located in a jurisdiction that does not have an income tax), it is considered to be subject to the jurisdiction of a Member State and it is, thus, a Member State Financial Institution if:

- (a) it is incorporated under the laws of the Member State;
- (b) it has its place of management (including effective management) in the Member State; or
- (c) it is subject to financial supervision in the Member State.

Where a Financial Institution (other than a trust) is resident in two or more Member States, such Financial Institution will be subject to the

reporting and due diligence obligations of the Member State in which it maintains the Financial Account(s).

4. Account maintained

In general, an account would be considered to be maintained by a Financial Institution as follows:

- (a) in the case of a Custodial Account, by the Financial Institution that holds custody over the assets in the account (including a Financial Institution that holds assets in street name for an Account Holder in such institution);
- (b) in the case of a Depository Account, by the Financial Institution that is obligated to make payments with respect to the account (excluding an agent of a Financial Institution regardless of whether such agent is a Financial Institution);
- (c) in the case of any equity or debt interest in a Financial Institution that constitutes a Financial Account, by such Financial Institution;
- (d) in the case of a Cash Value Insurance Contract or an Annuity Contract, by the Financial Institution that is obligated to make payments with respect to the contract.

5. Trusts that are Passive NFEs

An Entity such as a partnership, limited liability partnership or similar legal arrangement that has no residence for tax purposes, according to subparagraph D(3) of Section VIII of Annex I, shall be treated as resident in the jurisdiction in which its place of effective management is situated. For these purposes, a legal person or a legal arrangement is considered “similar” to a partnership and a limited liability partnership where it is not treated as a taxable unit in a Member State under the tax laws of such Member State. However, in order to avoid duplicate reporting (given the wide scope of the term “Controlling Persons” in the case of trusts), a trust that is a Passive NFE may not be considered a similar legal arrangement.

6. Address of Entity's principal office

INTERNATIONAL CO-OPERATION (IMPROVEMENT OF INTERNATIONAL TAX COMPLIANCE) REGULATIONS 2016

This version is out of date

One of the requirements described in subparagraph E(6)(c) of Section VIII of Annex I is that, with respect to an Entity, the official documentation includes either the address of the Entity's principal office in the Member State or other jurisdiction in which it claims to be a resident or the Member State or other jurisdiction in which the Entity was incorporated or organised. The address of the Entity's principal office is generally the place in which its place of effective management is situated. The address of a Financial Institution with which the Entity maintains an account, a post office box, or an address used solely for mailing purposes is not the address of the Entity's principal office unless such address is the only address used by the Entity and appears as the Entity's registered address in the Entity's organisational documents. Further, an address that is provided subject to instructions to hold all mail to that address is not the address of the Entity's principal office.

SCHEDULE 4

COMMON STANDARD ON REPORTING AND DUE DILIGENCE
FOR FINANCIAL ACCOUNT INFORMATION (“COMMON
REPORTING STANDARD”)**Section I: General Reporting Requirements**

A. Subject to paragraphs C through F, each Reporting Financial Institution must report the following information with respect to each Reportable Account of such Reporting Financial Institution:

1. the name, address, jurisdiction(s) of residence, TIN and date and place of birth (in the case of an individual) of each Reportable Person that is an Account Holder of the account and, in the case of any Entity that is an Account Holder and that, after application of the due diligence procedures consistent with Sections V, VI and VII, is identified as having one or more Controlling Persons that is a Reportable Person, the name, address, jurisdiction(s) of residence and TIN of the Entity and the name, address, jurisdiction(s) of residence, TIN and date and place of birth of each Reportable Person;
2. the account number (or functional equivalent in the absence of an account number);
3. the name and identifying number (if any) of the Reporting Financial Institution;
4. the account balance or value (including, in the case of a Cash Value Insurance Contract or Annuity Contract, the Cash Value or surrender value) as of the end of the relevant calendar year or other appropriate reporting period or, if the account was closed during such year or period, the closure of the account;
5. in the case of any Custodial Account:
 - a) the total gross amount of interest, the total gross amount of dividends, and the total gross amount of other income generated with respect to the assets held in the account, in each case paid or credited to the account (or with respect to the account) during the calendar year or other appropriate reporting period; and

- b) the total gross proceeds from the sale or redemption of property paid or credited to the account during the calendar year or other appropriate reporting period with respect to which the Reporting Financial Institution acted as a custodian, broker, nominee, or otherwise as an agent for the Account Holder;
6. in the case of any Depository Account, the total gross amount of interest paid or credited to the account during the calendar year or other appropriate reporting period; and
7. in the case of any account not described in subparagraph A(5) or (6), the total gross amount paid or credited to the Account Holder with respect to the account during the calendar year or other appropriate reporting period with respect to which the Reporting Financial Institution is the obligor or debtor, including the aggregate amount of any redemption payments made to the Account Holder during the calendar year or other appropriate reporting period.

B. The information reported must identify the currency in which each amount is denominated.

C. Notwithstanding subparagraph A(1), with respect to each Reportable Account that is a Preexisting Account, the TIN or date of birth is not required to be reported if such TIN or date of birth is not in the records of the Reporting Financial Institution and is not otherwise required to be collected by such Reporting Financial Institution under domestic law. However, a Reporting Financial Institution is required to use reasonable efforts to obtain the TIN and date of birth with respect to Preexisting Accounts by the end of the second calendar year following the year in which such Accounts were identified as Reportable Accounts.

D. Notwithstanding subparagraph A(1), the TIN is not required to be reported if (i) a TIN is not issued by the relevant Reportable Jurisdiction or (ii) the domestic law of the relevant Reportable Jurisdiction does not require the collection of the TIN issued by such Reportable Jurisdiction.

E. Notwithstanding subparagraph A(1), the place of birth is not required to be reported unless the Reporting Financial Institution is otherwise required to obtain and report it under domestic law and it is available in the electronically searchable data maintained by the Reporting Financial Institution.

F. Notwithstanding paragraph A, the information to be reported with respect to [xxxx] is the information described in such paragraph, except for gross proceeds described in subparagraph A(5)(b).

Section II: General Due Diligence Requirements

A. An account is treated as a Reportable Account beginning as of the date it is identified as such pursuant to the due diligence procedures in Sections II through VII and, unless otherwise provided, information with respect to a Reportable Account must be reported annually in the calendar year following the year to which the information relates.

B. The balance or value of an account is determined as of the last day of the calendar year or other appropriate reporting period.

C. Where a balance or value threshold is to be determined as of the last day of a calendar year, the relevant balance or value must be determined as of the last day of the reporting period that ends with or within that calendar year.

D. Each Jurisdiction may allow Reporting Financial Institutions to use service providers to fulfil the reporting and due diligence obligations imposed on such Reporting Financial Institutions, as contemplated in domestic law, but these obligations shall remain the responsibility of the Reporting Financial Institutions.

E. Each Jurisdiction may allow Reporting Financial Institutions to apply the due diligence procedures for New Accounts to Preexisting Accounts, and the due diligence procedures for High Value Accounts to Lower Value Accounts. Where a Jurisdiction allows New Account due diligence procedures to be used for Preexisting Accounts, the rules otherwise applicable to Preexisting Accounts continue to apply.

Section III: Due Diligence for Preexisting Individual Accounts

The following procedures apply for purposes of identifying Reportable Accounts among Preexisting Individual Accounts.

A. **Accounts Not Required to be Reviewed, Identified, or Reported.** A Preexisting Individual Account that is a Cash Value Insurance Contract or an Annuity Contract is not required to be reviewed, identified or reported, provided the Reporting Financial Institution is effectively prevented by law from selling such Contract to residents of a Reportable Jurisdiction.

B. **Lower Value Accounts.** The following procedures apply with respect to Lower Value Accounts.

1. **Residence Address.** If the Reporting Financial Institution has in its records a current residence address for the individual Account Holder based on Documentary Evidence, the Reporting Financial Institution may treat the individual Account Holder as being a resident for tax purposes of the jurisdiction in which the address is located for purposes of determining whether such individual Account Holder is a Reportable Person.
2. **Electronic Record Search.** If the Reporting Financial Institution does not rely on a current residence address for the individual Account Holder based on Documentary Evidence as set forth in subparagraph B(1), the Reporting Financial Institution must review electronically searchable data maintained by the Reporting Financial Institution for any of the following indicia and apply subparagraphs B(3) through (6):
 - a) Identification of the Account Holder as a resident of a Reportable Jurisdiction;
 - b) Current mailing or residence address (including a post office box) in a Reportable Jurisdiction;
 - c) One or more telephone numbers in a Reportable Jurisdiction and no telephone number in the jurisdiction of the Reporting Financial Institution;
 - d) Standing instructions (other than with respect to a Depository Account) to transfer funds to an account maintained in a Reportable Jurisdiction;
 - e) Currently effective power of attorney or signatory authority granted to a person with an address in a Reportable Jurisdiction; or
 - f) A “hold mail” instruction or “in-care-of” address in a Reportable Jurisdiction if the Reporting Financial Institution does not have any other address on file for the Account Holder.
3. If none of the indicia listed in subparagraph B(2) are discovered in the electronic search, then no further action is

required until there is a change in circumstances that results in one or more indicia being associated with the account, or the account becomes a High Value Account.

4. If any of the indicia listed in subparagraph B(2)(a) through (e) are discovered in the electronic search, or if there is a change in circumstances that results in one or more indicia being associated with the account, then the Reporting Financial Institution must treat the Account Holder as a resident for tax purposes of each Reportable Jurisdiction for which an indicium is identified, unless it elects to apply subparagraph B(6) and one of the exceptions in such subparagraph applies with respect to that account.
5. If a “hold mail” instruction or “in-care-of” address is discovered in the electronic search and no other address and none of the other indicia listed in subparagraph B(2)(a) through (e) are identified for the Account Holder, the Reporting Financial Institution must, in the order most appropriate to the circumstances, apply the paper record search described in subparagraph C(2), or seek to obtain from the Account Holder a self-certification or Documentary Evidence to establish the residence(s) for tax purposes of such Account Holder. If the paper search fails to establish an indicium and the attempt to obtain the self-certification or Documentary Evidence is not successful, the Reporting Financial Institution must report the account as an undocumented account.
6. Notwithstanding a finding of indicia under subparagraph B(2), a Reporting Financial Institution is not required to treat an Account Holder as a resident of a Reportable Jurisdiction if:
 - a) The Account Holder information contains a current mailing or residence address in the Reportable Jurisdiction, one or more telephone numbers in the Reportable Jurisdiction (and no telephone number in the jurisdiction of the Reporting Financial Institution) or standing instructions (with respect to Financial Accounts other than Depository Accounts) to transfer funds to an account maintained in a Reportable Jurisdiction, the Reporting Financial Institution obtains, or has previously reviewed and maintains a record of:
 - i. A self-certification from the Account Holder of the jurisdiction(s) of residence of such

Account Holder that does not include such Reportable Jurisdiction; and

- ii. Documentary Evidence establishing the Account Holder's non-reportable status.
- b) The Account Holder information contains a currently effective power of attorney or signatory authority granted to a person with an address in the Reportable Jurisdiction, the Reporting Financial Institution obtains, or has previously reviewed and maintains a record of:
- i. A self-certification from the Account Holder of the jurisdiction(s) of residence of such Account Holder that does not include such Reportable Jurisdiction; or
 - ii. Documentary Evidence establishing the Account Holder's non-reportable status.

C. **Enhanced Review Procedures for High Value Accounts.** The following enhanced review procedures apply with respect to High Value Accounts.

1. **Electronic Record Search.** With respect to High Value Accounts, the Reporting Financial Institution must review electronically searchable data maintained by the Reporting Financial Institution for any of the indicia described in subparagraph B(2).
2. **Paper Record Search.** If the Reporting Financial Institution's electronically searchable databases include fields for, and capture all of the information described in, subparagraph C(3), then a further paper record search is not required. If the electronic databases do not capture all of this information, then with respect to a High Value Account, the Reporting Financial Institution must also review the current customer master file and, to the extent not contained in the current customer master file, the following documents associated with the account and obtained by the Reporting Financial Institution within the last five years for any of the indicia described in subparagraph B(2):
 - a) The most recent Documentary Evidence collected with respect to the account;

- b) The most recent account opening contract or documentation;
 - c) The most recent documentation obtained by the Reporting Financial Institution pursuant to AML/KYC Procedures or for other regulatory purposes;
 - d) Any power of attorney or signature authority forms currently in effect; and
 - e) Any standing instructions (other than with respect to a Depository Account) to transfer funds currently in effect.
3. **Exception To The Extent Databases Contain Sufficient Information.** A Reporting Financial Institution is not required to perform the paper record search described in subparagraph C(2) to the extent the Reporting Financial Institution's electronically searchable information includes the following:
- a) The Account Holder's residence status;
 - b) The Account Holder's residence address and mailing address currently on file with the Reporting Financial Institution;
 - c) The Account Holder's telephone number(s) currently on file, if any, with the Reporting Financial Institution;
 - d) In the case of Financial Accounts other than Depository Accounts, whether there are standing instructions to transfer funds in the account to another account (including an account at another branch of the Reporting Financial Institution or another Financial Institution);
 - e) Whether there is a current "in-care-of" address or "hold mail" instruction for the Account Holder; and
 - f) Whether there is any power of attorney or signatory authority for the account.
4. **Relationship Manager Inquiry for Actual Knowledge.** In addition to the electronic and paper record searches described above, the Reporting Financial Institution must treat as a Reportable Account any High Value Account assigned to a

relationship manager (including any Financial Accounts aggregated with that High Value Account) if the relationship manager has actual knowledge that the Account Holder is a Reportable Person.

5. **Effect of Finding Indicia.**

- a) If none of the indicia listed in subparagraph B(2) are discovered in the enhanced review of High Value Accounts described above, and the account is not identified as held by a Reportable Person in subparagraph C(4), then further action is not required until there is a change in circumstances that results in one or more indicia being associated with the account.
 - b) If any of the indicia listed in subparagraph B(2)(a) through (e) are discovered in the enhanced review of High Value Accounts described above, or if there is a subsequent change in circumstances that results in one or more indicia being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account with respect to each Reportable Jurisdiction for which an indicium is identified unless it elects to apply subparagraph B(6) of this Section and one of the exceptions in such subparagraph applies with respect to that account.
 - c) If a “hold mail” instruction or “in-care-of” address is discovered in the electronic search and no other address and none of the other indicia listed in subparagraph B(2)(a) through (e) are identified for the Account Holder, the Reporting Financial Institution must obtain from such Account Holder a self-certification or Documentary Evidence to establish the residence(s) for tax purposes of the Account Holder. If the Reporting Financial Institution cannot obtain such self-certification or Documentary Evidence, it must report the account as an undocumented account.
6. If a Preexisting Individual Account is not a High Value Account as of 31 December 2015, but becomes a High Value Account as of the last day of a subsequent calendar year, the Reporting Financial Institution must complete the enhanced review procedures described in paragraph C with respect to such account within the calendar year following the year in

which the account becomes a High Value Account. If based on this review such account is identified as a Reportable Account, the Reporting Financial Institution must report the required information about such account with respect to the year in which it is identified as a Reportable Account and subsequent years on an annual basis, unless the Account Holder ceases to be a Reportable Person.

7. Once a Reporting Financial Institution applies the enhanced review procedures described in paragraph C to a High Value Account, the Reporting Financial Institution is not required to re-apply such procedures, other than the relationship manager inquiry described in subparagraph C(4), to the same High Value Account in any subsequent year unless the account is undocumented where the Reporting Financial Institution should re-apply them annually until such account ceases to be undocumented.
8. If there is a change of circumstances with respect to a High Value Account that results in one or more indicia described in subparagraph B(2) being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account with respect to each Reportable Jurisdiction for which an indicium is identified unless it elects to apply subparagraph B(6) and one of the exceptions in such subparagraph applies with respect to that account.
9. A Reporting Financial Institution must implement procedures to ensure that a relationship manager identifies any change in circumstances of an account. For example, if a relationship manager is notified that the Account Holder has a new mailing address in a Reportable Jurisdiction, the Reporting Financial Institution is required to treat the new address as a change in circumstances and, if it elects to apply subparagraph B(6), is required to obtain the appropriate documentation from the Account Holder.

D. Review of Preexisting Individual Accounts must be completed by 31 December 2017.

E. Any Preexisting Individual Account that has been identified as a Reportable Account under this Section must be treated as a Reportable Account in all subsequent years, unless the Account Holder ceases to be a Reportable Person.

Section IV: Due Diligence for New Individual Accounts

The following procedures apply for purposes of identifying Reportable Accounts among New Individual Accounts.

- A. With respect to New Individual Accounts, upon account opening, the Reporting Financial Institution must obtain a self-certification, which may be part of the account opening documentation, that allows the Reporting Financial Institution to determine the Account Holder's residence(s) for tax purposes and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures.
- B. If the self-certification establishes that the Account Holder is resident for tax purposes in a Reportable Jurisdiction, the Reporting Financial Institution must treat the account as a Reportable Account and the self-certification must also include the Account Holder's TIN with respect to such Reportable Jurisdiction (subject to paragraph D of Section I) and date of birth.
- C. If there is a change of circumstances with respect to a New Individual Account that causes the Reporting Financial Institution to know, or have reason to know, that the original self-certification is incorrect or unreliable, the Reporting Financial Institution cannot rely on the original self-certification and must obtain a valid self-certification that establishes the residence(s) for tax purposes of the Account Holder.

Section V: Due Diligence for Preexisting Entity Accounts

The following procedures apply for purposes of identifying Reportable Accounts among Preexisting Entity Accounts.

- A. **Entity Accounts Not Required to Be Reviewed, Identified or Reported.** Unless the Reporting Financial Institution elects otherwise, either with respect to all Preexisting Entity Accounts or, separately, with respect to any clearly identified group of such accounts, a Preexisting Entity Account with an account balance or value that does not exceed \$250,000 as of 31 December 2015, is not required to be reviewed, identified,

or reported as a Reportable Account until the account balance or value exceeds \$250,000 as of the last day of any subsequent calendar year.

- B. **Entity Accounts Subject to Review.** A Preexisting Entity Account that has an account balance or value that exceeds \$250,000 as of 31 December 2015, and a Preexisting Entity Account that does not exceed \$250,000 as of 31 December 2015 but the account balance or value of which exceeds \$250,000 as of the last day of any subsequent calendar year, must be reviewed in accordance with the procedures set forth in paragraph D.
- C. **Entity Accounts With Respect to Which Reporting Is Required.** With respect to Preexisting Entity Accounts described in paragraph B, only accounts that are held by one or more Entities that are Reportable Persons, or by Passive NFEs with one or more Controlling Persons who are Reportable Persons, shall be treated as Reportable Accounts.
- D. **Review Procedures for Identifying Entity Accounts With Respect to Which Reporting Is Required.** For Preexisting Entity Accounts described in paragraph B, a Reporting Financial Institution must apply the following review procedures to determine whether the account is held by one or more Reportable Persons, or by Passive NFEs with one or more Controlling Persons who are Reportable Persons:
- 1 **Determine Whether the Entity Is a Reportable Person.**
 - a) Review information maintained for regulatory or customer relationship purposes (including information collected pursuant to AML/KYC Procedures) to determine whether the information indicates that the Account Holder is resident in a Reportable Jurisdiction. For this purpose, information indicating that the Account Holder is resident in a Reportable Jurisdiction includes a place of incorporation or organisation, or an address in a Reportable Jurisdiction.
 - b) If the information indicates that the Account Holder is resident in a Reportable Jurisdiction, the Reporting Financial Institution must treat the account as a Reportable Account unless it obtains a self-certification from the Account Holder, or reasonably determines

based on information in its possession or that is publicly available, that the Account Holder is not a Reportable Person.

2. **Determine Whether the Entity is a Passive NFE with One or More Controlling Persons Who Are Reportable Persons.**

With respect to an Account Holder of a Preexisting Entity Account (including an Entity that is a Reportable Person), the Reporting Financial Institution must determine whether the Account Holder is a Passive NFE with one or more Controlling Persons who are Reportable Persons. If any of the Controlling Persons of a Passive NFE is a Reportable Person, then the account must be treated as a Reportable Account. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs D(2)(a) through (c) in the order most appropriate under the circumstances.

- a) **Determining whether the Account Holder is a Passive NFE.** For purposes of determining whether the Account Holder is a Passive NFE, the Reporting Financial Institution must obtain a self-certification from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFE or a Financial Institution other than an Investment Entity described in subparagraph A(6)(b) of Section VIII that is not a Participating Jurisdiction Financial Institution.
- b) **Determining the Controlling Persons of an Account Holder.** For the purposes of determining the Controlling Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.
- c) **Determining whether a Controlling Person of a Passive NFE is a Reportable Person.** For the purposes of determining whether a Controlling Person of a Passive NFE is a Reportable Person, a Reporting Financial Institution may rely on:
 - i. Information collected and maintained pursuant to AML/KYC Procedures in the case of a Preexisting Entity Account held by one or

more NFEs with an account balance that does not exceed \$1,000,000; or

- ii. A self-certification from the Account Holder or such Controlling Person of the jurisdiction(s) in which the Controlling Person is resident for tax purposes.

E. Timing of Review and Additional Procedures Applicable to Preexisting Entity Accounts.

1. Review of Preexisting Entity Accounts with an account balance or value that exceeds \$250,000 as of 31 December 2015 must be completed by 31 December 2017.
2. Review of Preexisting Entity Accounts with an account balance or value that does not exceed \$250,000 as of 31 December 2015, but exceeds \$250,000 as of 31 December of a subsequent year, must be completed within the calendar year following the year in which the account balance or value exceeds \$250,000.
3. If there is a change of circumstances with respect to a Preexisting Entity Account that causes the Reporting Financial Institution to know, or have reason to know, that the self-certification or other documentation associated with an account is incorrect or unreliable, the Reporting Financial Institution must re-determine the status of the account in accordance with the procedures set forth in paragraph D.

Section VI: Due Diligence for New Entity Accounts

The following procedures apply for purposes of identifying Reportable Accounts among New Entity Accounts.

- A. **Review Procedures for Identifying Entity Accounts With Respect to Which Reporting Is Required.** For New Entity Accounts, a Reporting Financial Institution must apply the following review procedures to determine whether the account is held by one or more Reportable Persons, or by Passive NFEs with one or more Controlling Persons who are Reportable Persons:
 1. **Determine Whether the Entity Is a Reportable Person.**

- a) Obtain a self-certification, which may be part of the account opening documentation, that allows the Reporting Financial Institution to determine the Account Holder's residence(s) for tax purposes and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures. If the Entity certifies that it has no residence for tax purposes, the Reporting Financial Institution may rely on the address of the principal office of the Entity to determine the residence of the Account Holder.
 - b) If the self-certification indicates that the Account Holder is resident in a Reportable Jurisdiction, the Reporting Financial Institution must treat the account as a Reportable Account unless it reasonably determines based on information in its possession or that is publicly available, that the Account Holder is not a Reportable Person with respect to such Reportable Jurisdiction.
2. **Determine Whether the Entity is a Passive NFE with One or More Controlling Persons Who Are Reportable Persons.** With respect to an Account Holder of a New Entity Account (including an Entity that is a Reportable Person), the Reporting Financial Institution must determine whether the Account Holder is a Passive NFE with one or more Controlling Persons who are Reportable Persons. If any of the Controlling Persons of a Passive NFE is a Reportable Person, then the account must be treated as a Reportable Account. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs A(2)(a) through (c) in the order most appropriate under the circumstances.
- a) **Determining whether the Account Holder is a Passive NFE.** For purposes of determining whether the Account Holder is a Passive NFE, the Reporting Financial Institution must rely on a self-certification from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFE or a Financial Institution other than an Investment Entity described in

subparagraph A(6)(b) of Section VIII that is not a Participating Jurisdiction Financial Institution.

- b) **Determining the Controlling Persons of an Account Holder.** For purposes of determining the Controlling Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.
- c) **Determining whether a Controlling Person of a Passive NFE is a Reportable Person.** For purposes of determining whether a Controlling Person of a Passive NFE is a Reportable Person, a Reporting Financial Institution may rely on a self-certification from the Account Holder or such Controlling Person.

Section VII: Special Due Diligence Rules

The following additional rules apply in implementing the due diligence procedures described above:

- A. **Reliance on Self-Certifications and Documentary Evidence.** A Reporting Financial Institution may not rely on a self-certification or Documentary Evidence if the Reporting Financial Institution knows or has reason to know that the self-certification or Documentary Evidence is incorrect or unreliable.
- B. **Alternative Procedures for Financial Accounts Held by Individual Beneficiaries of a Cash Value Insurance Contract or an Annuity Contract.** A Reporting Financial Institution may presume that an individual beneficiary (other than the owner) of a Cash Value Insurance Contract or an Annuity Contract receiving a death benefit is not a Reportable Person and may treat such Financial Account as other than a Reportable Account unless the Reporting Financial Institution has actual knowledge, or reason to know, that the beneficiary is a Reportable Person. A Reporting Financial Institution has reason to know that a beneficiary of a Cash Value Insurance Contract or an Annuity Contract is a Reportable Person if the information collected by the Reporting Financial Institution and associated with the beneficiary contains indicia as described in paragraph B of Section III. If a Reporting Financial Institution has actual knowledge, or reason to know, that the beneficiary is a Reportable Person, the Reporting

Financial Institution must follow the procedures in paragraph B of Section III.

A Reporting Financial Institution may treat a Financial Account that is a member's interest in a Group Cash Value Insurance Contract or Group Annuity Contract as a Financial Account that is not a Reportable Account until the date on which an amount is payable to the employee/certificate holder or beneficiary, if the Financial Account that is a member's interest in a Group Cash Value Insurance Contract or Group Annuity Contract meets the following requirements:

- (a) the Group Cash Value Insurance Contract or Group Annuity Contract is issued to an employer and covers twenty-five or more employee/certificate holders;
- (b) the employee/certificate holders are entitled to receive any contract value related to their interests and to name beneficiaries for the benefit payable upon the employee's death; and
- (c) the aggregate amount payable to any employee/certificate holder or beneficiary does not exceed USD 1,000,000.

The term "Group Cash Value Insurance Contract" means a Cash Value Insurance Contract (i) provides coverage on individuals who are affiliated through an employer, trade association, labour union, or other association or group; and (ii) charges a premium for each member of the group (or member of a class within the group) that is determined without regard to the individual health characteristics other than age, gender, and smoking habits of the member (or class of members) of the group. The term "Group Annuity Contract" means an Annuity Contract under which the obligees are individuals who are affiliated through an employer, trade association, labour union, or other association or group.

C. Account Balance Aggregation and Currency Rules.

1. **Aggregation of Individual Accounts.** For purposes of determining the aggregate balance or value of Financial Accounts held by an individual, a Reporting Financial Institution is required to aggregate all Financial Accounts maintained by the Reporting Financial Institution, or by a

Related Entity, but only to the extent that the Reporting Financial Institution's computerized systems link the Financial Accounts by reference to a data element such as client number or TIN, and allow account balances or values to be aggregated. Each holder of a jointly held Financial Account shall be attributed the entire balance or value of the jointly held Financial Account for purposes of applying the aggregation requirements described in this subparagraph.

2. **Aggregation of Entity Accounts.** For purposes of determining the aggregate balance or value of Financial Accounts held by an Entity, a Reporting Financial Institution is required to take into account all Financial Accounts that are maintained by the Reporting Financial Institution, or by a Related Entity, but only to the extent that the Reporting Financial Institution's computerized systems link the Financial Accounts by reference to a data element such as client number or TIN, and allow account balances or values to be aggregated. Each holder of a jointly held Financial Account shall be attributed the entire balance or value of the jointly held Financial Account for purposes of applying the aggregation requirements described in this subparagraph.
3. **Special Aggregation Rule Applicable to Relationship Managers.** For purposes of determining the aggregate balance or value of Financial Accounts held by a person to determine whether a Financial Account is a High Value Account, a Reporting Financial Institution is also required, in the case of any Financial Accounts that a relationship manager knows, or has reason to know, are directly or indirectly owned, controlled, or established (other than in a fiduciary capacity) by the same person, to aggregate all such accounts.
4. **Amounts Read to Include Equivalent in Other Currencies.** All dollar amounts are in U.S. dollars and shall be read to include equivalent amounts in other currencies, as determined by domestic law.

Section VIII: Defined Terms

The following terms have the meanings set forth below:

1. The term “**Reporting Financial Institution**” means any Participating Jurisdiction Financial Institution that is not a Non-Reporting Financial Institution.

The term “**Participating Jurisdiction Financial Institution**” means (i) any Financial Institution that is resident in a Participating Jurisdiction, but excludes any branch of that Financial Institution that is located outside such Participating Jurisdiction, and (ii) any branch of a Financial Institution that is not resident in a Participating Jurisdiction, if that branch is located in such Participating Jurisdiction.

- ii. individual and collective portfolio management; or

An Entity is treated as primarily conducting as a business one or more of the activities described in subparagraph A(6)(a), or an Entity's gross income is primarily attributable to investing, reinvesting, or trading in Financial Assets for purposes of subparagraph A(6)(b), if the Entity's gross income attributable to the relevant activities equals or exceeds 50 per cent of the Entity's gross income during the shorter of: (i) the three-year period ending on 31 December of the year preceding the year in which the determination is made; or (ii) the period during which the Entity has been in existence. The term "Investment Entity" does not include an Entity that is an Active NFE because it meets any of the criteria in subparagraphs D(9)(d) through (g).

This paragraph shall be interpreted in a manner consistent with similar language set forth in the definition of "financial institution" in the Financial Action Task Force Recommendations.

7. The term "**Financial Asset**" includes a security (for example, a share of stock in a corporation; partnership or beneficial ownership interest in a widely held or publicly traded partnership or trust; note, bond, debenture, or other evidence of indebtedness), partnership interest, commodity, swap (for example, interest rate swaps, currency swaps, basis swaps, interest rate caps, interest rate floors, commodity swaps, equity swaps, equity index swaps, and similar agreements), Insurance Contract or Annuity Contract, or any interest (including a futures or forward contract or option) in a security, partnership interest, commodity, swap, Insurance Contract, or Annuity

Contract. The term “Financial Asset” does not include a nondebt, direct interest in real property.

8. The term “**Specified Insurance Company**” means any Entity that is an insurance company (or the holding company of an insurance company) that issues, or is obligated to make payments with respect to, a Cash Value Insurance Contract or an Annuity Contract.
