(2) The Gibraltar Taxi Association is appointed as the Gibraltar taxi service referred to in subregulation (1).

(3) Subject to subregulation (6), the Gibraltar taxi service shall administer a call out service for-

- (a) all taxi drivers other than a taxi driver undertaking a Rock Tour; and
- (b) private hire vehicles.

(4) The Gibraltar taxi service shall make use of the Global Positioning System data in the running of the Gibraltar taxi service.

(5) The Gibraltar taxi service shall provide the information received from the taxi driver's Global Positioning System, referred to in regulation 2C, to the taxi authority.

(6) The operation of the call out service referred to in subregulation (3) shall be at the discretion of the Gibraltar taxi service.

(1A) The Minister may by notice in the Gazette amend the coloured discs set out in Schedule 1 and where the number of colours has been increased or decreased, the Commission shall re-issue discs as appropriate.

(2) All private hire vehicles shall carry a white disc in the form set out in Schedule 2 which indicates that the private hire vehicle is permanently on city service.

(3) The Commission shall issue equal numbers of coloured discs and no taxi may receive more than one disc.

(4) (a) The Commission shall prepare and introduce a roster for the purposes of indicating on which days a taxi shall operate a city service.

(b) The roster shall be displayed at the offices of the Commission and may be amended from time to time by the Commission as they may direct in writing.

(5) (a) Save as provided in subregulation (b), a driver of a taxi whose disc corresponds to that set out on the roster may only offer a city service on that day.

(b) Nothing in this regulation shall prevent any other taxi also offering a city service.

(6) A taxi on “city service” means that the taxi may only ply for hire from taxi ranks (excluding the “Shuttle Service” rank at the Market Place) to carry a passenger to another point within Gibraltar and may not enter—

(a) the cruise terminal (except for the delivery of passengers from a point in Gibraltar other than the “Shuttle Service” point at the Market Place);

(b) the coach terminal; or

(c) the Upper Rock except in the case of a one-way fare which—

(i) does not require an entry ticket to the Nature Reserve, and

(ii) is either—

- (A) to or from a specific residence there for a resident or visitor to that residence, or
- (B) in respect of a public or private function occurring there which is not part of the general tourist attraction of the Upper Rock and which does not involve a stop at or a visit to any part of the Upper Rock except where the event is occurring.

(7) A driver of a taxi who, on the day his disc corresponds to that set out on the roster (“a relevant day”)–

- (a) fails to display the disc issued;
- (b) refuses to accept, without reasonable cause, a passenger who wishes to travel to another point within Gibraltar;
- (c) enters any area prohibited to him under subregulation (6);
- (d) fails, during the relevant day, to provide a city service as directed by the Commission;
- (e) fails to comply with any instructions given to him by a Transport Inspector in respect of how and where the city service is to be provided, such as, in particular, being required by a Transport Inspector to move to a different taxi rank or to attend a different area; or
- (f) fails to operate a functional Global Positioning System transmitter, as referred to in regulation 2C,

shall be deemed to have failed to comply with a condition of his licence, unless as regards paragraph (d), immediately upon his return to work he makes up any shortfall by providing a city service for the period equivalent to that missed.

(7A) A driver of a taxi who fails to make up any shortfall pursuant to regulation 3(7) shall-

- (a) remain on city service and be prevented from carrying out a Rock Tour until such time as he makes up for the shortfall for the period equivalent to that missed; and

- (b) be liable to a fixed penalty pursuant to regulation 67 of the Transport Regulations, and for the avoidance of doubt, payment of the fixed penalty does not exempt a driver from performing the missed city service for which the fixed penalty was issued.

(7B) Pursuant to the Transport Act, the Commission may revoke or suspend the road service licence of the driver of a taxi who refuses to carry out a city service.

(8) For the purposes of paragraph (b) of subregulation (7), “reasonable cause” for refusing to accept a passenger includes, by way of example—

- (a) the passenger is drunk, disorderly, abusive or otherwise not in a fit state to be carried;
- (b) the passenger appears unable to pay the potential fare and refuses to show that he has enough money with him;
- (c) the taxi driver is beginning or going to another hiring; or
- (d) the request by the passenger would place the taxi driver in contravention of the provisions of the Act or the conditions of his licence.
